Subject: No to Northern Pass

To Whom It May Concern:

The people in the state of NH are not interested in allowing your project to ruin the beauty and peacefulness of NH. It will ruin tourism and livelihoods of thousands in the state. This project is an unconscionable act of destruction of all that is ecological and ethical. As a Massachusetts resident I ask you to take into account the many who are trying to maintain some integrity of the purity of their land. Apparently this is not held in regard and you don't care about what the people want. Your imposition of the state of NH is deplorable. Your project is the result of greedy and self serving power hungry wolves seeking who they may devour. I kindly ask you to keep your power company and its project in your own country and Stop invading ours. Grow a conscience, if at all possible.

Sincerely yours,

Barbara Jansen
