Dear Pamela, saying NO to the Northern Pass...have you, as a private citizen, paid for something out of your own pocket and saw no benefit or remediation from it ?? Why in our right minds would we pay for the Northern Pass, any of its construction, the mess of the project, the inconveniences of accommodating extra time to get to work as the route passes on my street...we get no break on the cheaper energy it provides...only temporary jobs...how is this good for New Hampshire ?? What ARE we getting from it ?? Certainly nothing out of it for the north country.....please NO TO the NORTHERN PASS !!!
