Northern Pass  
Site Evaluation Committee  
August 17, 2016

Dear Ms. Monroe:

The Northern Pass Project is not in the best interest of New Hampshire's environment, economy, or our citizens. To require taxpayers to bear much of the burden for this ill conceived endeavor makes it doubly offensive. Please safeguard those qualities that make the Granite State such an incredibly special place and say NO to the Northern Pass.

Sincerely,

Susan Covert  
Contoocook, New Hampshire
