Subject: Northern pass

Ms. Monroe,

My name is Zachariah Olster. I am a proud resident of the beautiful state of new Hampshire. I am writing you to express my opposition to the Northern Pass. "Clean energy" should not disrupt the natural flow of water and put different species of fish in danger by the use of dams. Shouldn't we respect the citizens' voices of opposition and put that before the greedy, big corporations who only care about the money? As a person in recovery, I have found much serenity in the natural beauty and scenic views of new Hampshire. We don't need large construction sites and power lines ruining that. Plant trees, don't build power lines.

Thank you for your time, I would really appreciate a personal response.
