Good morning-

As a resident of Hopkinton NH, I want to let the NH Site Evaluation Committee know of my opposition to the Northern Pass Project as it now stands. Please do not approve this project- it will forever mar our beautiful NH wilderness, and our lovely old towns and communities. Once these towers are up, they will never be able to be taken down. Our landscape is one of our most valuable assets.

I would support burial of the entire NH portion of the lines, or none at all.

Thank you so much-
