I am writing to state my strong belief that northern pass in its current form will harm the state of New Hampshire and should not be approved. The damage to our state's image, reputation, and tourism will greatly damage our economy.

Please consider the magnitude of the impact your decision will have on the future of our state. The scar running through our beautiful state will last far beyond the short term benefits of a dying form of power.

Please do the right thing for future generations of New Hampshire citizens, and thank you for your service and your commitment to the people of New Hampshire.
