Subject:

Dear Ms. Monroe,

As I'm sure you know, a great many citizens and tourists are concerned for the permanent eyesore proposed in our beautiful state. As a citizen and tourist of New Hampshire, I do not support Northern Pass. Consider strongly the long term impact on tourism. More importantly than money, our state has a wonderful heritage of preservation, which would be irreversibly tarnished for the short-term gain of few. If there is anything you can do in your power to protect our New Hampshire for my children, I would be forever grateful.

Sincerely,

Kathryn Nickerson
