**To:** Monroe, Pamela

**Subject:** Opposed to Northern Pass

Dear Ms. Monroe.

We are writing to express our strong opposition to the Northern Pass Project. We own a vacation home in Thornton which is in the direct path of the proposed towers. We have been opposed to this project since the beginning and have written numerous times to representatives, donated when we can, and rallied in demonstrations against Northern Pass over the years. We feel, no....we know, this project will forever harm the beautiful landscape of New Hampshire, our property values and potentially our health.

Can you please add our names and this note to your list of those opposed to Northern Pass? We truly hope this project is finally defeated once and for all. It has gone on way too long.

Sincerely,  
Patricia and Philip Campanile
