Hello,

Over the past ten years I have been heavily involved in the scouting program, starting as a tiger scout at the age of five, and recently attaining the rank of Eagle Scout. Over my childhood I have been amazed and awestruck by the beauty of the New Hampshire wilderness. This beauty has inspired me and many I know to give back to the community, and help more people. It has also helped me get away from the stresses of daily life, which was much needed in the life of a honors teen in high school. Lastly, my experiences in Nature apart from society, have allowed to come closer to God, something we all strive for. In closing, please do not tarnish these experiences for me, or the many people like me who will follow.

Respectfully,  
Jacob R. Burke
