While I am not a New Hampshire resident, I travel frequently to the state for hiking, camping and other outdoor pursuits. One of the great assets of the state, especially the northern areas, is the scenic beauty. Northern Pass would degrade that beauty, and could be harmful to the state's economy, which is dependent on outdoor recreation and tourism.

Further, the project is not supported by the people who live in the area. We often see "Stop Northern Pass" signs when we visit the north country.

This unnecessary and harmful project should be denied.
