Dear Ms. Schuetz,

I am writing to voice my opinion regarding the Northern Pass. As an NH resident and avid hiker in the White Mountains, I am extremely concerned that the proposed tower structures and construction will negatively impact the landscape, wildlife habitats and local economy in northern New Hampshire.

I hope that you would agree that the citizens of New Hampshire are primarily opposed to the Northern Pass. Please protect our state, our wildlife and national parks.

Thank you for your time and consideration.

Kind Regards,  
Michelle Finn
