SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Mike Vogel
CommenterCity	Wolfeboro
DateReceived	06-13--2017

### CommenterWords

Please listen to the people of NH and stop this ludicrous proposed project by Eversource to bring power through our state in an irreversible damaging way. The only benefactors are the corporations and our neighbors to the south. Why would you allow such a travesty project when there are others proposing total underground in existing corridors (to the east and west of NH) or using about 80% existing power towers? JUST SAY NO TO NORTHERN PASS!!
