SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Audrey Garretson
CommenterCity	Bridgewater
DateReceived	06-26-2017

### CommenterWords

I have been against the Northern Pass from day one, whether it is towers or burying the lines. We need to be focusing on reducing our energy needs and looking at alternative energy for our energy demands.

I am originally from New Jersey, left there in 1984 and have been living in New Hampshire ever since. Living in Jersey for 25 years and seeing how quickly things can change gives me a deeper appreciation for what we have and understand how quickly we can lose it. I love our state of New Hampshire... its beauty... its people... its nature. Please do everything possible to preserve what we have.

Thank you,  
Audrey Garretson  
Bridgewater, NH
