### CommenterWords

As a resident of Bristol, NH for many years I am horrified at even the thought of the Northern Pass coming anywhere near my town. This beautiful area that surrounds Newfound Lake must not be disturbed but left for all to enjoy. Even the economy of the town depends on its very surroundings. To think that my grandchildren could not enjoy the wonders of this area as their parents and grandparents do is behind words in the scope of its devastation. Stop the Northern Pass now.
