No Northern Pass through Plymouth,NH,this project is a Sham,it does not benefit NH at all.Northern Pass only benefits Southern New England,Massachusetts and beyond and maybe towns on the border of Massachusetts,it's not worth destroying the landscape of the White Mountains and creating eyesores through the rest of the state with unneeded Transmission Towers through Land Grab or enement domain or Front Men trying to undercut local land owners by lowballing on land value.
NO NORTHERN PASS IN NEW HAMPSHIRE AT ALL!
