Pamela,

I live at 31 Temi Rd in Concord. My property will abut the new towers. I am directly behind McKenna's Purchase. I would just like to verbalize my desire that the new lines be buried through the Concord area. They will have to be lower here due to the airport proximity but I believe that it will be much more ascetically pleasing and impact our neighborhood much less if they are buried.

Please feel free to reach out to me for more information as needed.

Thank you.

Jennifer Lamoureux
