**To:** Monroe, Pamela

**Subject:** Northern Pass

This is in response to Nick Reid's Monitor column on Northern Pass today. As residents of Pembroke for over 50 years who care very much about the natural health and beauty of the state, my husband Leonard and I are opposed to the Northern Pass project entirely. In the unfortunate event that it obtains approval we wish that it be required to be buried as much as possible, definitely in the Concord area. Sincerely, Karen Ritterbush
