### CommenterWords

We were told that Northern Pass would not happen if we voted "NO" and all our towns did vote "NO" on a previous election day. NH does not need nor want this major intrusion in our state. Our beauty is all we have and we're not selling it to Canada to be a highway to the southern NE states to run their dishwashers. This land is OURS and a foreign country should not be able to buy their way through this state and destroy our state. This would be a high price to pay for our health, nature, beauty and future businesses that are just getting started in our area. Many of these businesses are based on our natural beauty in this area that is no where else. Save our beautiful state and other options are more sensible for our future. Again we don't WANT or NEED Northern Pass. We voted "NO" and continue to say "NO" so why aren't you listening??
