Petition to Save New Hampshire Landscapes. Deny Northern Pass Application.

Please sign this petition to urge the New Hampshire Site Evaluation Committee to protect the environment, scenic value and communities of New Hampshire by denying Northern Pass the permission to **ruin our landscapes and scenic roads.**

Northern Pass is a high voltage transmission line to conduct electricity from Quebec to southern New England. Northern Pass will cut a swath through New Hampshire's pristine forested mountains, wetlands, and streams and rivers. Wildlife habitats will be damaged due to clearing and construction of the 15 story high transmission lines.

Tourism is central to the economies of many of the communities along the proposed route. People are drawn to our forests and mountains to enjoy the views, hike, and visit iconic New England small towns. **Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways.** The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests.

It will also upturn small scenic byways, Main streets, and cultural sites. Small roads will be destroyed to bury the transmission line, and in small communities this may affect the response times of emergency vehicles. Property values will decline, and foundations and wells may be affected by the blasting necessary to bury the transmission line.

If the project is ever to be built in New Hampshire, it should be buried on interstates, like I-93, where it won't impact local property values, endanger our wells and waterways, or threaten the scenic vistas that are quintessentially New Hampshire! Eversource says I-93 is not an option, so we ask you to sign this petition to **STOP NORTHERN PASS!**

This is a grass-roots petition initiated by NH citizens opposed to Northern Pass.

Aaron Cockrell	Easton, NH	2016-10-05	I care about the scenery and repercussions this project will have in my community and surrounding communities.
Patricia O'Brien	Easton, NH	2016-10-06	There has been no proof this power is needed. It will only bring harm to our precious White Mountain State. These hydro dams have destroyed thousands of acres of pristine wilderness and valuable habitat. They will only provide temporary low level local employment. There is nothing good about this for New Hampshire.
Sarah Brubaker	Keene, NH	2016-10-06	I care deeply about the overwhelmingly negative environmental & aesthetic impact of the proposed line
Woody Miller	Franconia, NH	2016-10-06	Hydro-electric power is not green and we need to develop green local energy sources that do not require long ugly means of transportation.
Irene Lambert	Littleton, NH	2016-10-06	NoNorthern Pass - please protect the environment, scenic value and communities of NH by denying Northern Pass permission to ruin our landscapes, mts., wetlands, and streames and rivers. Our wells if underground. NO NO NO
Carole Fultz	Franconia, NH	2016-10-06	I urge the Evaluation Committee to protect the environment, scenic value and communities of New Hampshire by denying Northern Pass the permission to ruin our landscapes and scenic roads.
Tom Braun	Boston, MA	2016-10-06	I do not want our beautiful lands to be destroyed by these wires even if they go underground. Nor do I want to live near these high powered wires.
Susan Freeland	Philadelphia, PA	2016-10-06	I am signing because it is of utmost importance that this project does NOT ruin our landscapes and scenic roads. THIS is what makes our NH so special!!!
Joan McGowan	Franconia, NH	2016-10-06	I am in strong opposition to the Northern Pass and the impact it would have on our landscapes and scenic roads.
Lydia Cumbee	Franconia, NH	2016-10-06	Northern Pass has to be STOPPED!
Carl Lakes	Easton, NH	2016-10-06	I Love NH. It is a place of immense beauty. We must protect its vistas and protect the people from intrusive private corporations that value money over the environment. Don't forget Northern Pass is party to massive environmental destruction in Quebec. NH cannot be a facilitator to this travesty.
Fredericka Lisa Elander	Squamish, BC, Canada	2016-10-06	I lived in this area for many years and it is utterly worth preserving as it is. Please deny Northern Pass permission to ruin this beautiful part of the world.
bridget henry	Franconia, NH	2016-10-06	there is no need for this - and it is a shame to ruin our environment and views for the sake of earning some people and companies lots of money.

Dennis Ford	Franconia, NH	2016-10-06	I know the terrain along route 116 in Easton NH. There is no way that a power line, buried under the pavement, can be installed without closing the road for extended (read days, weeks or longer) periods of time. State of New Hampshire regulations say that the reasonable flow of traffic, especially in an emergency, shall not be interfered with.
Thomas Allen	Franconia, NH	2016-10-06	Northern Pass is planning on burying power lines using unsafe methods in residential locations where it would not be safe to bury power lines. .
Robert Chase	Franconia, NH	2016-10-06	Franconia, NH. Small town. N.Passto go in my front yard. They aretrampling small towns, which will be torn up for several years. Should be all underground on Rt 93 corridor ifeven approved at all.
william mellekas	Franconia, NH	2016-10-06	I'm signing this petition because I care about the future of Northern New Hampshire!
Russell Cumbee	Franconia, NH	2016-10-06	These greedy monsters need to be stopped.
Lucille Wolf	Little Compton, RI	2016-10-07	I care about the landscape and the lives that would be impacted. Bury it down the I93 corridor or don't build it.
Bryan Kelly	Franconia, NH	2016-10-07	I oppose the NP due to the drastic impact it will have on the environment and the historic residential neighborhood; negatively impacting tourism, farming, wildlife, wetlands, streams, rivers and mountains in the immediate area.
Colleen Farrell	Weymouth, MA	2016-10-07	I am an AMC member, and I enjoy the beauty of time in New Hampshire's mountains and lakes and want to preserve this unique habitat for future generations as a place of natural beauty.
Kevin O'Brien	Littleton, NH	2016-10-07	The impact on the landscape, one of the few ssets left in the North Country, will be dramatic. We don't need to be the e tension cord for southern New England or the financial savior of Eversource!
Eric Meth	Franconia, NH	2016-10-07	Northern Pass will have a drastic negative impact our New Hampshire community's economic, environmental and social life with no discernible benefit. The project's proponents have been anything but transparent in how they expect to accomplish this project.
Tricia Monaghan	Franconia, NH	2016-10-07	I wish to protect the environment
Bob Thibault	Franconia, NH	2016-10-07	Canada's Hydro-Quebec and Eversource - formerly NH Public Service - propose to run roughshod over Northern New Hampshire's defining quality of scenic beauty purely for their private profit gain of billions of dollars. Don't let it happen.
Ruthann Benson	Franconia, NH	2016-10-07	I am also concerned about the negative health effects that would result from the Northern Pass.
Toni Woodruff	Franconia, NH	2016-10-07	Northern Pass is a Canadian project that will visually, negatively, impact the north country of NH, an area that depends on tourism as a huge part of its economy. This project will not benefit NH, but

			send energy into the populated areas of southern new england. We do not need or want this project and have been fighting against it for over 5 years.
Kathleen Kelley	Randolph, NH	2016-10-07	I am sure these high voltage towers are not necessary. I am also concerned that the people in Coos County will pay the dues without any benefit. Our electrical power delivery system is very out of date and needs to be replaced to attract more investment in business opportunities. We need a strategic answer that enhances the tourism economy and other business opportunities in Coos.
Heather Adamson	Squamish, Canada	2016-10-08	This area is one of the most beautiful places I know. I would not want that to be compromised when there are alternatives to such an expansion of the power grid.
lorne tipoett	Salt Spring island, Canada	2016-10-08	I think it is great that Canada/ Quebec is able to generate enough power to send extra down to New Hampshire, however, not at the cost to local resident's the environment..etc. Please consider the alternatives,
Anabella Massimilla	Bristol, CT	2016-10-08	I dont want my homestate to lose its appeal just so we can provide power for other states. Sorry but we will lose money in our state if this happens. They say it will provide jobs.....OKay for how long..maybe a year or so and then once its built...no more jobs....Not worth killing land that we will never get back.
Cort Roussel	Franconia, NH	2016-10-08	Because The Northern Pass is not socially responsible energy, period., as the troubles start at the head waters, not just the US-Canadian border.
Mary Kate Rathbun	Wolfville, Canada	2016-10-08	Northern Pass should be built alongside or buried along interstates so that it will not impact the forests, lakes and small towns on its route.
Kristina Beck	Nelson, Canada	2016-10-09	As a society we tend to take short cuts and destroy essential elements of our environment for the wellbeing of our long term health environmentally and for all species that inhabit the Earth. If the priority and intention was to move power from one location to another while ensuring minimal damage to the environment I believe another way would be found. This does not even touch upon the issues of 'green power' .
Robert Sherburn	Franconia, NH	2016-10-09	because it's going rate through my door yard, less than 50 feet from where I live. I also don't think we need it
Darcia Kohuska	Calgary, Canada	2016-10-09	The natural world seems to take second place to progress and development. I'm not against either of those, I am against sacrificing the natural landscape when options exist (like a buried line) or positioning the line along side an environment that is already disturbed (like a highway).
Bob Tuveson	Holderness, NH	2016-10-10	We should do this with present day technology and bury NP along Route 93.

Name	Location	Date	Comment
carol currrier	Ashland, NH	2016-10-10	I am a landowner who will be directly affected by this line, having to drive under it to get to my home. Land has been in my family for 71 years. Bury it if it must happen.
Bette Abdu	New Hampton, NH	2016-10-10	Believe that protecting our scenic views and protecting our environment take precedence over commercial endeavors.
David Rivers	Campton, NH	2016-10-10	The technology exists that enables burial of these lines. All lines should be buried (safer, less ongoing maintenance costs, less negative effect on property values). Furthermore the current burial plans should be modified to avoid residential and downtown areas like Plymouth center; instead use RT 93 wherever possible. Additionally NH should collect a power corridor usage fee. This project could negatively effect every taxpayer in NH if not managed properly. If managed properly it should have a positive effect on all NH taxpayers.
Heidi Little	Sanbornton, NH	2016-10-10	I love NH
Dr Wolfgang Sterrer	Colebrook, NH	2016-10-10	The wanton, for-profit destruction of New Hampshire's natural beauty, the state's most precious asset, is neither necessary nor acceptable.
Sarah O'connor-willmott	Concord, NH	2016-10-10	They need to bury the lines and save our health and our beautiful landscape!!
Paul J Mercier Jr	Canterbury, NH	2016-10-10	Not only would this project destroy the scenic value of northern NH, it would destroy the value of our neighborhood right here in central NH. There is already an approved route from Canada to points south of NH where power is needed. Also, as Americans we should be investing in sustainable energy projects with planetary future orientation; not in short-term fixes designed to line the pockets of greedy industrialists or lobby-driven politicians. We need to do what is fair for all concerned and if we stop for a moment to consider the full and long-term cost of a project such as this, it would quickly become apparent that it is unfeasible as presently proposed by the developer.
Richard Harris	Colebrook, NH	2016-10-10	Because this project is flawed! It is environmentally unsound! It impacts the rural culture of the "Great North Woods"! Because it is a corporate boon doggle to line the pockets of its stockholders who have no conscience for the of the flaws of its outcome. It benefits no one in the area it is passing through. It has already impact the indigenous people of the Canadian north. Finally it does not meet the criteria of the example set by other such high voltage transmission lines being built or proposed!
Margaret Gale	Bethlehem, NH	2016-10-10	I strongly believe that ENERGY CONSERVATION should be the first, second, and third source of "additional" electric capacity. After that, truly renewable, truly green sources should be maximized, NOT HUGE HYDRO which will devastate forests that are the "lungs" of New England, and rivers that are the lifeblood of the Northeast. "The world has enough for everyone's need, but not enough for anyone's greed."

Gregg Marshall	Groveton, NH	2016-10-10	This is a bad plan for NH. Not needed for NH and will be bad for the tourism economy
Kris Pastoriza	Easton, NH	2016-10-10	The application is incomplete. Geotechnical and archaeological data on the propose burial route is absent. Proposed lease terms would be a criminal expansion of existing easement conditions.
Robert Craven	Franconia, NH	2016-10-10	In NH, 100% of NP should be buried and with most of it along I-93, or the project should be cancelled. Why should NH residents suffer the visual blight of massive overhead transmission towers and lines and the reduction of their property values property values simply to financially benefit Eversource Energy and Hydro Qubec? ISO New England has not declared a need for this transmitted power to improve the reliability of the New England power grid. NP is simply a for-profit project which benefits southern New England; not New Hampshire.
Richard Johnsen	Colebrook, NH	2016-10-10	Tourism is central to the economies of many of the communities along the proposed route. People are drawn to our forests and mountains to enjoy the views, hike, and visit iconic New England small towns. Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways. The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests. It will also upturn small scenic byways, Main streets, and cultural sites. Small roads will be destroyed to bury the transmission line, and in small communities this may affect the response times of emergency vehicles. Property values will decline, and foundations and wells may be affected by the blasting necessary to bury the transmission line.
Walter Palmer	Franconia, UK	2016-10-10	Northern Pass as proposed is an abomination and insult to the people of New Hampshire. The only reasonable decision by the NH SEC is denial of a permit for Northern Pass
Barbara Meyer	Franconia, NH	2016-10-10	If it's not on 93, it's not in NH.
Sam Conkling	New Hampton, NH	2016-10-10	I am a ROW landowner and I am opposed to this entire project.
Nina Gray	Winnetka, IL	2016-10-10	It is not a benefit to the landowners who abutt it, to the wildlife or to the tourist industry. It degrades the areas it touches and ruins views, brings-in little benefit to the state.
Dawn Steele	Franconia, NH	2016-10-10	These high voltage towers will destroy NH. Any transmission lines should be buried.
Elizabeth Stone	franconia, NH	2016-10-11	No to np!
Evelyn Ting	Franconia, NH	2016-10-11	The people of New Hampshire do not benefit but pay a hughle price in loss to the enviorment and small town culture.
Wendy Doran	Whitefield, NH	2016-10-11	My beautiful farm and state will ge severely destroyed by massive towers. Stop this now! Thousands of out of state visitors have visited North Country NH to see the foliage this year. NPT will rape our

			beautiful views. NH cannot be up for sale to satisfy the greed for electricity by Ma and Conn!!
Andrew Campbell	Lisbon, NH	2016-10-11	There is nothing positive about norther pass for the state of NH. Putting it through will only further prove that the profit for a few is worth more than the will of the people.
Melanie Fisk	Holderness, NH	2016-10-11	The project is completely antithetical to what we all should be working together for toward a sensible and sustainable energy future.
Donna Ryan	Plymouth, NH	2016-10-11	Preserve the beauty of nh. Go underground or around. No power to nh.
Gretchen Hesler	Franconia, NH	2016-10-11	It's wrong on every level!
Nicole Palmer	Franconia, NH	2016-10-11	I value natural beauty and think all steps should be taken to ensure my children get to appreciate pristine nature.
Laurie Boswell	Franconia, NH	2016-10-11	I do not see the need for the beauty of northern NH to be destroyed to benefit those who do not live here. There are alternatives.
Tammy Medanich	Exeter, NH	2016-10-11	It would be disastrous to allow the Northern Pass towers and transmissions lines to be built in the North Country. There's no buyers remorse option to undo the damage this project would cause. Think long and hard about that.
Eric Horan	Beaufort, SC	2016-10-11	We need to start thinking about what we're leaving our children and their children! Not this kinda short sided legislation!
Anita FarberRobertson	Thornton, NH	2016-10-11	I love the White Mountains- they were a gift to me that nes to be preserved for my grandchildren and their children and theirs beyond that.
Sam Watt	Squamish, Canada	2016-10-11	I'm signing this because of the aliens
Nadine Chounet	New Hampton, NH	2016-10-11	I will see this from my house rather than the lovely woods etc I see now. I do NOT want this decreasing my property value or spoiling my quiet.
Anne Drinon	Bow, NH	2016-10-11	I have been opposed to this project for 6 years now. This project is not needed for NH and will ruin the entire state with its above ground transition lines. Bury the entire project!!! Or do not allow it to be built.
Roberta Arbree	RAndolph, NH	2016-10-11	I do not want to see our landscape forever ruined.
Holly Hayward	Franconia, NH	2016-10-11	The Northern Pass will adversely affect the beauty of the North Country. We the people of NH do not want it.
Lynn Terres	Franconia, NH	2016-10-11	I oppose northern pass but if it must come it must be buried
Tina Murphy-Gargano	Franconia, NH	2016-10-11	I don't want Northern Pass in my town.

Cheryl Bertolini	Franconia, NH	2016-10-11	Leave the natural beauty if u want it that bad bury the lines I would rather it not be done at all!
Simon Baker	Lyman, NH	2016-10-11	I care about preserving the mountain landscapes and the tourist economy in this area
Patricia Kellogg	Littleton, NH	2016-10-11	We can do much better than the proposal we know today as Northern Pass. Big decisions shaping our energy future should make sense for New England's people, it undeniably special places, its local and regional economies, and the climate --not just big energy companies.
William & Lisy Meyers	North Haverhill, NH	2016-10-11	Northern Pass would cut down everything in its path all the way down through the state from Quebec. NH gains nothing but destruction, loss of habitat. We don't need their antiquated, gigantic electrical towers. Overwhelmingly, NH residents have opposed this for 6 years!
Paul Doolittle	Winchester, NH	2016-10-11	As proposed, northern pass will be directly behind our retirement home in Clarksville.
Jane Kellogg	Campton, NH	2016-10-11	I have been against this project since it was first proposed. I don't believe it is good for NH residents and will give us little benefit.
Christopher Goodhue	Oakham, MA	2016-10-11	I own property in the Easton Valley which would be directly impacted by Northern Pass.
KAREN PLACEY	MERRIMACK, NH	2016-10-11	As a landowner in Pittsburg and West Stewartstown (Northern Pass tried to buy our land in Stewartstown) I am totally opposed to this project. The state of NH is one of the most beautiful state and it does not need to be destroyed by a project that is only for money hungry powerful companies. NO NORTHERN PASS!
Brenda Erler	New Hampton, NH	2016-10-11	I am against Northern Pass, but if it is to be built, it needs to be buried in its entirety, and preferably underneath existing roadways. In that way, New Hampshire might actually reap some tax benefits.
Peter Grote	Franconia,, NH	2016-10-11	Northern Pass should not be allowed to take command of Franconia's Main Street and connecting scenic roads in perpetuity.
Jodi Ovens	Bethlehem, NH	2016-10-11	I live in the White Mountains and I would like to see our country and world invest in clean energy and not continue on the current trajectory of "old energy".
Steven Johnston	Boulder, CO	2016-10-11	I am from northern NH and have property within eyeshot of the proposed tower zone. This property is not to be developed and will remain wild. The Norther Pass Project is a genuine boondoggle and only serves big corporate interests and out of state energy excesses!
Alan Upham	York, ME	2016-10-11	Profits above all else for the few can no longer be tolerated or sustained.
Bryce Gillen	North Woodstock, NH	2016-10-11	Because Fuck the northern pass

Gidget Thomas	Duxbury, MA	2016-10-11	Keep Nh clean and un-spoiled by Human waste!!!
Keith Wright	Twin MT., NH	2016-10-11	You see how dry New Hampshire is that could start a forest fire one spark from their wires. Look at the personal houses will be damaging plus the property
Jon Wilkinson	Lancaster, NH	2016-10-11	I'm signing because the Northern Pass project is not about providing "clean" energy. It is about the "green" color of money the project would reap if it ever gets approval. And then it would only be producing "greed" energy.
Carolyn Hunt	Littleton, NH	2016-10-11	Deny this Private, For-Profit project. NH will have extremely Little Benefit and will bear the scars of this profit maker for decades! This energy is Not Needed, Not Wanted and should be DENIED!
Patrick McGuigan	Bristol, CT	2016-10-12	These power lines are disgusting looking.
Cutter Flynn	Littleton, NH	2016-10-12	We don't want towers. If you want them so bad, put them in your town, state, or backyard.
Richard Reinhold	Franconia, NH	2016-10-12	I firmly believe the natural beauty of this area will be permanently destroyed.
Pamela Shuel-Sargent	Rindge, NH	2016-10-12	No means No. Please finally listen to the people.
Bonnie Boswell	Whitefield, NH	2016-10-12	I love the Great North Woods of NH. The best thing we have is our forest, quiet and tourist's. NO to the Pass.
eric jostrom	sugar hill, NH	2016-10-12	The project does nothing for the north country of NH
Samuel Bird	Colebrook, NH	2016-10-12	I do not want NH used for MA and CT power supply.
Nick De Mayo	Sugar Hill, NH	2016-10-12	Northern Pass will ruin Northern New Hampshire's landscapes and scenic roads, and far-reaching impacts on our tourism-based economy. Northern Pass will be an economic and environmental disaster for the geography, economy, and people of Northern New Hampshire.
Kate Lombardi	Whitefield, NH	2016-10-12	This is a selfish project, which will participate in the destruction of the culture and beauty of New Hampshire.
Ann Whitney	Harvard, MA	2016-10-12	I don't want these overhead towers on rte 116 New Hampshire. At least put them underground!
maria Hynes	EASTON, NH	2016-10-12	objection to marring landscape of New Hampshire; why is rte 93 not an option!!!!
Brian Williams	Franconia, NH	2016-10-12	Will ruin our landscapes and scenic roads.
Paula Herbert	Franconia, NH	2016-10-12	We don't need the energy. It doesn't benefit the communities it affects, and we should be reducing energy usage, not destroying our environment to feed unnecessary energy usage.

Joanne Mogren	Sugar Hill, NH	2016-10-12	This will negatively impact the beauty of our area and hurt tourism and property values.
Kim McDade	Sugar Hill, NH	2016-10-12	This project is unnecessary and will destroy the scenic beauty of our wonderful state.
Cynthia Wheeler	Seminole, FL	2016-10-12	I own property in Boscawen NH and feel the Northern Pass will NOT benefit NH residents in the long run and there are options such as Follow Rte 93 UNDERGROUND or underground along old railroad beds are both improvements over high voltage electrical wires and towers above ground ! The receiving States should consider financing along with Public Utility Company.
David Binford	Orford, NH	2016-10-12	The Northern Pass is an obtrusive proposal that will damage the very nature of our State, it will not bring the jobs or energy to New Hampshire that have been claimed.We deserve better and we do not need to support a foreign government owned entity with our hard earned dollars.
Irene DePonte	Franconia, NH	2016-10-12	It will ruin the beauty of the area without serving the area directly, and expose NH to unnecessary electro-magnetic fields.
Jan Langer	Merrimack, NH	2016-10-12	New Hampshire does not need this project. it does great harm to the best part of our state.
Steve Segal	Exeter, NH	2016-10-12	Northern NH is dependent on beautiful scenery for their touristindustry. Take away the scenery you take away the tourists.
Anita De Ponte	Landaff, NH	2016-10-12	This is a sad destruction of one of our last vestiges of natural land.
Mike Marino	Holderness, NH	2016-10-12	Anything worth doing is worth doing right. The right way is full burial.
Lee Ann Moulder	Holderness, NH	2016-10-12	For over six years this ill-conceived project has been like a noose around the neck of New Hampshire's citizens. Either bury the the entire route of this project or better yet the Northern Pass executives and Hydro Quebec should just go away for good!
Denis Ward	Monroe, NH	2016-10-12	I'm signing because I believe we can have the power we need without ruining the landscape and the environment. It never was and never will be about providing power to New Hampshire residents.
Donna Reidy	Concord, NH	2016-10-12	Anything worth doing is worth doing right. The right way is full burial. This proposal favors another country and Eversource not NH residents. The majority of NH residents like trees and not towers!!
Michele Johnsen	Colebrook, NH	2016-10-12	I hate the idea of a scar on the landscape. We don't need it and don't want it!!!

			and mountains to enjoy the views, hike, and visit iconic New England small towns. Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways. The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests. It will also upturn small scenic byways, Main streets, and cultural sites. Small roads will be destroyed to bury the transmission line, and in small communities this may affect the response times of emergency vehicles. Property values will decline, and foundations and wells may be affected by the blasting necessary to bury the transmission line. If the project is ever to be built in New Hampshire, it should be buried on interstates, like I-93, where it won't impact local people
Donald Bilodeau	Gilford, NH	2016-10-12	The line will be above ground for 2.4 miles in Clarksville. Why can't you bury this short distance to save our beautiful views? Cost? Two transition stations and extra towers at these stations?
Deborah Warner	Littleton, NH	2016-10-12	Northern Pass is bad for the North Country landscapes, economy, property values, and tax consequences. It also is not beneficial for NH and exploits our state for foreign profit.
Leigh Starer	Franconia, NH	2016-10-13	We need to preserve our resource!!!!
William Husson	Derry, NH	2016-10-13	The value of this project does not outweigh the loss of the natural beauty coveted by all and the life's blood of many. There are other solutions, use them.
Elizabeth Palmer	Shippensburg, PA	2016-10-13	I value the beauty and economic worth of the natural landscape.
George Wright	Campton, NH	2016-10-13	I have been fighting this battle for 7 yrs .I swore i will not stop until it is squashed or buried the entire route .George Wright
bill schomburg	North Stratford, NH	2016-10-14	I love my community and the state of NH and our people who wish to live free from this greed of Eversource and Hydro-Quebec.
Stephanie Scherr	Fitzwilliam, NH	2016-10-14	Northern Pass is not needed and is environmentally problematic. Earth just reached 400ppm CO2 and is unlikely to ever go back from that. No project that impacts climate or species in a negative manner should be considered under any circumstances.The Northern Pass would cause HydroQuebec to increase flooding of carbon-trapping forests. Not only will this reduce the ability to capture carbon, but it would release even more.The Innu Pessamit people of Quebec have been to New Hampshire and asked for our support in stopping the Northern Pass and gave us even more reasons to oppose it. The constant drastic fluctuations in water levels (40+feet) have caused the salmon to become nearly extinct. The people and their land have been negatively impacted and they've never received any kind of compensation. Further, your documents and literature suggest that they are in agreement with your proposal and they most certainly are not. New Hampshire has been saying NO to the Northern Pass for years now. Not one environmental group
Gail DuFresne	Rindge, NH	2016-10-14	There is no need for this pipeline in NH.

DAWN AQUINO	Temple, NH	2016-10-14	We need to protect our communities by denying Northern Pass the permission to ruin out landscapes.
steve tirrell	Litchfield, NH	2016-10-15	I lived for years near the hv dc line illustrated above. NH residents should not be asked to sacrifice land to build a line much larger than the one I lived near.
Dennis Kirwin	Franconia, NH	2016-10-15	It will run in front of my house
Laura Lynch	Temple, NH	2016-10-15	We do not have to destroy NH for private gain!!!!

Martha Hunt	Bristol, NH	2016-10-16	I have property near where the pass will go through and I do not want to ruin the scenic beauty of the area.
Susan Hunt	Bristol, NH	2016-10-16	This would be a blight on the landscape. But more important for a wildlife, and the environment, is that it would connect many previously unfragmented tracts of land.
Stephen O'connor	Norwood, MA	2016-10-18	My property abuts route 116 in Franconia and this is not a suitable route for this line and significant disturbances with likely damage will occur with no benefit to local residents.
Christopher Cramb	Winchendon, MA	2016-10-18	I want to protect the state that I love. I am tired of Big Government and Big Corporations treating us like we do not matter.

Beau Belanger	Pacific, CA	2016-10-18	New Hampshire is too beautiful to be ruined by these unsightly and unwarranted power lines. The benefit of these power lines are not even for those that call New Hampshire home.
Norma Wetherell	Woodstock, CT	2016-10-19	This transmission line will have a negative impact on wildlife habitat.
Jason Balint	Colebrook, NH	2016-10-20	Will decrease my property value, increase pollution in Canada which is air we all share and is the wrong thing to do for NH
Brian Gagnon	Holderness, NH	2016-10-20	I'm signing this petition because it's clear this process is driven by private interests who stand to gain a fortune by circumnavigating and manipulating this processes, because the future of our energy infrastructure should be driven by what's best for the state and its residents, not profits, and because this project threatens the natural beauty of our state which is such a vital part of our heritage and essential to our quality of life. Sacrificing our way of life will not become a cost of doing business.
Eric Breslin	Somersworth, NH	2016-10-20	New England is sorely lacking in many progressive and current forms of renewable energy. There is simply no good, fair and honest reason why New Hampshire should sacrifice its economy and welfare for such outdated forms of energy supply. This, among the

Mark Templeton	New Hampton, NH	2016-10-20	I'm signing this because northern pass will not answer my questions truthfully. I have been blocked from their Facebook page after calling out their personal internet trolls from spreading propaganda lies and using scare tactics. northern pass is a company run by bullies and nothing the people of nh say will change their minds and plans to destroy nh. This project has to be stopped.
Margaret Jones	South Hadley, MA	2016-10-20	I oppose Northern Pass!
Jeff McIntyre	Wentworth, NH	2016-10-20	no to towers and we don't need it in NH
Lizzie Higginson	Durham, NH	2016-10-20	I am a NH native and do not feel northern pass is good forNH.Period.
Dan McCarthy	Somerville, MA	2016-10-20	Northern Pass benefits other states, while the burden is forced on NH. We don't need or want Northern Pass - it will harm our economy, environment, and tourism. Nature is critical to NH - this project should be shut down.
Larysa Kucman	Concord, NH	2016-10-20	Eversource and Hydro-Québec want to USE New Hampshire for their benefit! And WE foot the bill! UNACCEPTABLE.
Jim Roy	Manchester, NH	2016-10-20	I care about NH; it's landscapes, mountain ranges and it's people.
Zack Morrison	Salisbury, MA	2016-10-20	I'm signing because it's going to destroy thousands of acres of land for what? a little bit cheaper energy. When we could create renewable energy from solar panels or wind turbines
Linda McDermott	Cumberland, RI	2016-10-20	I strongly, whole-hearted agree with every word stated on this petition.

Eric Stevenson	Meredith, NH	2016-10-20	I am signing this petition because it is critical now more than ever that we protect New Hampshire's natural heritage and open spaces. No Northern Pass! Please deny their permit to move forward.
Terry McLeod	Woodsville, NH	2016-10-20	I don't want to see NH ruined with giant towers . The people that come here to see our beautiful mountains and forests will no longer want to come if our awesome scenery is gone. NH will be ruined in many ways if NP is allowed to build their towers. Once they are up they will be here forever and the most beautiful parts of NH will be marred for generations to come. Please don't let them ruin our beautiful state.

Robert Bower	Warner, NH	2016-10-20	I am opposed to Northern Pass
Carole Stankatis	Canterbury, NH	2016-10-20	I believe there is no benefit to NH. It will destroy our natural beauty as well be a health hazard to humans and animals alike. I am also a land owner and realtor and I know it will devalue property as well the above issues. Devaluing property will affect owner, town, county, vendors in realty trade, builders, building & landscape co. Farms raising produce and meat etc. etc. The negative affect is endless. No major increase in the employment field as they will use union labor from Canada to build and only a handful of permanent employees to run station. To top it all off the power will not even be used in NH. Our state will be ravaged and raped to benefit a PRIVATE INDUSTRY. NO NO NO !!!
Sheila Bonfiglio	Lawrence, MA	2016-10-20	Please protect New Hampshire, No Northern Pass. Protect the tourist industry.

Debbie Wright	Franklin, NH	2016-10-20	Northern Pass will mar our natural landscape. If they would bury the whole line it would be a different story. Homes near the lines will see property values go down and never mind the health effects from these high powered lines.
Gail Scott	Chichester, NH	2016-10-20	I'm signing because I am opposed to the Northern Pass project. It does nothing for NH except rape the beautiful landscape. Please don't let this project pass.

jessica browne	Plaistow, NH	2016-10-20	I am signing this because I am against the Northern Pass.
Russell Wood	Seabrook, NH	2016-10-20	I do not think that a project like this should be allowed unless they are ready to spend the money and do what the local people want. Which is burying the line.

Kristen Van Gelder	Plaistow, NH	2016-10-20	This has to be stopped. Stop ruining our environment.
Frank Wilich	Bethlehem, NH	2016-10-20	The only solution is complete burial of the line. Barring that, I implore you to deny.
Keryn Newman	Shepherdstown, WV	2016-10-20	As someone with NH roots that returns every year just for the scenery, the small towns, and the recreation that New Hampshire does so well, I urge you to bury this project in its entirety, or not build it at all. New Hampshire cannot afford to sacrifice its identity in order to act as a "fly over" state to ship energy to other states who don't want to junk up their own landscapes and communities with local renewables. Distributed generation, not more centralized generation!

Phyllis Drouin	Farmington, NH	2016-10-20	Because I don't want the landscape of our north country to change to service another state. Our property taxes are high enough to expect residences to add the cost of the construction to their budget is too great of a sacrifice to ask. No no no
Jorja Swanson	Ayrshire, IA	2016-10-20	As a person on the route of a proposed long haul power line I will say that these days are over. If companies have the cash to make such incredibly long, huge transmission lines then they have the money to bury them and save us all from the clutter!! That is if this power line is truly even needed.
Sally martin	Kittery, ME	2016-10-20	Protect our beautiful land and our water supplies. Protect our wildlife homes!
Courtney Stock	Deerfield, NH	2016-10-20	All the Northern Pass is a conduit to Massachusetts, and big money for Eversource. NH doesn't need it, or want it. And tell me why it is, with all the Transmission lines we have running through our state, WHY are we paying some of the highest rates in the country ????? Because no matter what they tell you, or how sweet the deal is, we will always pay more because they don't make any deals that they will lose any money on . And it is only temp jobs, and the Canadians will get a lot of that work. But the destruction of our beautiful country will be permanent !!!!! NO TO THE NORTHERN PASS !!!!!

Michelle Sanborn	Alexandria, NH	2016-10-21	The New Hampshire Community Rights Network (NHCRN) was formed to support communities within NewHampshire that have enacted local rights-based laws to elevate their rights over corporate claimed "rights," and protect themselves from harmful corporate projects. NHCRN was founded to educate communities and elected officials in New Hampshire about the right of local community self-government. NHCRN believes that sustainable environmental and economic development can be achieved only when the people affected by governing decisions are the ones who make such decisions. When for-profit corporations, such as Eversource, force projects into communities against the will of the people who are impacted, they are violating the rights of the people to collectively decide what happens, where they live. Eversource's decision to move forward with the Northern Pass project reveals the corporation's determination to exercise its "right" to profit at the cost of community rights to protect their own health, safety and welfare, econ

Gavin Palmer	Blacksburg, VA	2016-10-28	The White Mountain National Forest is a beautiful and unique place. It is one of the largest and least disturbed national parks on the east coast. Hydro Quebec is a massive energy company which states on its website: "Hydro-Québec takes every possible step to control the environmental impact of its major construction projects and day-to-day operations. We strive to reduce atmospheric emissions, preserve soil and water, protect biodiversity and promote sustainable consumption." Despite these claims, they have been fighting for more than a year for the approval to build towering high transmission power lines through pristine landscape and small towns in the white mountains that rely on tourism to the park. They claim that building through small farms, cutting down forested areas, or ripping up scenic county roads that twist between the mountains are the only options for their power line. However, Interstate 93 draws a very direct route through the park and would serve perfectly as a path for an underground

Jean Bernard	Stratham, NH	2016-10-31	We are the stewards of the beautiful North Country. To allow the Northern Pass violates this responsibility and will cause irreversible damage to wildlife and, eventually, to all of us.
Ekaterina Zalabowski	Plymouth, NH	2016-11-02	I'm signing because I care about the environment and this plan is shit
rick beaty	Franconia, NH	2016-11-02	New Hampshire's forested mountains, wetlands, streams, rivers and wildlife habitats are more important than cheap electricity.
Linda Dennis	Concord, NH	2016-11-02	I am absolutely opposed on many levels. I am even opposed to burying the lines.
Danielle Audet	Pittsfield, MA	2016-11-03	I am signing this petition because I used to camp in New Hampshire as a child with my father and would someday love to take my daughter there as well, carrying on that tradition. I would hate to see this project devastate their tourism and hurt them economically. I would also hate to see so much of their beautiful land and history

			destroyed. I am signing because I believe building these lines is the worst possible thing you could do to the State of New Hampshire!
Julia Bowman	Woodsville, NH	2016-11-03	I'm signing because I love the White Mountains.
Katherine McCreary	Rockledge, FL	2016-11-03	I am a native of New Hampshire, now living in Florida. I have spent a lot of time in Maryland and Virginia, where high voltage transmission lines have ruined so many beautiful mountains, forests, fields, and rural landscapes. Please DO NOT let this happen to New Hampshire! It is really intrusive and degrades the beauty and attractiveness of the landscape as well as the rural nature of so much of the countryside.
Stephanie Parker	Plaistow, NH	2016-11-04	I care about the environment. We have many alternatives energy options besides paving a path from Canada to the US through our wooded forests and disrupting the natural habitat that we have been able to keep safe until now. In addition, we should be searching for additional ways to produce energy from within the US and create jobs by doing so here at home!
Deborah Beaton	Lancaster, NH	2016-11-04	I do not want the Northern Pass in N.H. we have so many businesses that rely on tourism we do not need big ugly towers on our landscape. We the people of N.H. should have a right to say no to this.
Melissa Shanholtzer	Fair Haven, VT	2016-11-05	We can't keep taking all the time...
Christine Hendrickson	Meriden, CT	2016-11-05	We have been vacationing in the White Mountains for over 25 years now and it would be a shame to ruin the landscapes and scenic roads. It is not worth it!!
Robin Tyner	Norfolk, VA	2016-11-06	This is a bad proposal... far better solutions are possible if they will work with local/impacted communities
Jennifer Crozier	Hainesport, NJ	2016-11-06	We need to protect the natural environment as much as possible. Haven't human beings destroyed enough of Earth's natural environment? Please allow the beauty of New Hampshire remain intact.
Erica McConologue	Bristol, NH	2016-11-07	It is crucial that we protect our states beautiful forests. That and...How dare they?! Who do they think they are? NH will come out ahead economically? Disgusting.
George Cuthbert	Belmont, NH	2016-11-07	I am an avid hiker and camper, and don't want any more destructive treatment of what is left of our natural beauty in the north country
Christie Martin	Franklin, NH	2016-11-07	I do not believe we need to bring in another option for energy. Instead of tearing up the land we should be looking more into solar energy.
Ed Ryan	Bristol, NH	2016-11-08	No more scars upon our land.
Doreen Troup	New Hampton, NH	2016-11-08	We don't want or need this to go through our beautiful state. Underground or forget it!

Shannon Osteen	Wilmot, NH	2016-11-08	I have lived here all my life and our woodlands in the north are our prized possessions here in nh! Never will I be more against anything more than the northern pass.
Ian Gleason	Portland, ME	2016-11-08	I love the beauty of New Hampshire
Patricia Abbott	Greenland, NH	2016-11-09	I am against destroying our natural lands and exposing people and wildlife to the emf's this will increase along the way. Keep NH natural!!!! Thank you.
Amanda Savage	Barnstead, NH	2016-11-09	Northern pass will do nothing for the New Hampshire economy and will destroy our natural resources.
Jen Cowan	Livingston, NJ	2016-11-10	I spend a lot of time with my family in the Waterville Valley area. Please do not go through with this. New Hampshire's beauty will be forever changed.
Karen Goldthwaite	Bedford, NH	2016-11-10	No to Northern Pass!
Sarah Orszulak	Nashua, NH	2016-11-10	I love the beauty of NH and I don't want it to be destroyed! Trees over towers!!!
Danika McGowan	New Hampshire, NH	2016-11-10	I don't want to see my beautiful home state destroyed and torn up by huge towers. People come to NH to enjoy the beauty of the mountains, rivers, and forests. Not only will these towers destroy that, but wildlife will be effected as well. We've lived this long without the need of these powerlines, why now? Because some greedy company wants more money? Leave our state alone, and let us continue to enjoy all it's natural wonders.
Susan Locantore	Sanbornton, NH	2016-11-10	Save the beauty of this beautiful state that we live in!!!!
Linda TYLER	Clarksville, NH	2016-11-10	I live in Clarksville NH and part of this line would be approx 1 mile from my home (as the crow flies) we depend on our natural beauty here
nicole olivier	manchester, NH	2016-11-10	If you vote this in, we WILL show up in droves at the next election to either vote you out or, at the very least, vote people in to stop you. Please don't sell out the land that you are only a steward of!
Misty Griffin	Loudon, NH	2016-11-10	I do not want anyone digging anything up for health and environmental purposes. Thank you.
Carolyn Clark	Bow, NH	2016-11-10	I love the beauty of our state and I think it should remain pristine. Once the towers are there, they will ruin our visual landscape forever. They will get uglier over time as they rust. I do not think more jobs will be created whether or not they are buried. The energy is not going to our state. Tourism helps our NH economy. Who enjoys traveling on the New Jersey Turnpike with all the hideous power lines? The people of NH don't want it. Invest in solar. Big business always wins over the people...And all the other reasons people have already stated. NO to Northern Pass!
Kristen Conway	Suncook, NH	2016-11-10	Don't destroy our beautiful state!!

Name	Location	Date	Comment
Allyson Webb	Hudson, NH	2016-11-10	We need to direct our resources to more environmentally sound solutions. Stop destroying nature. Find another way!
Donna Eason	Dover, NH	2016-11-10	I am signing this petition because I believe that Northern Pass threatens the New Hampshire environment without providing any long-term, sustainable benefits to the citizens of the state.
Tony Robbins	Concord, NH	2016-11-10	Don't mess up the "main" reason the north country has to make a living in tourism with natural beauty on New Hampshire. #NoNorthernPass
Michael Garon	Manchester, NH	2016-11-10	I'm signing to protect our mountains and forests for future generations.
Terence Faherty	Lincoln, NH	2016-11-10	Save the natural beauty of NH
Anne Blodget	Wolfeboro, NH	2016-11-10	Our new Governor needs to understand that this hurts NH's long term economy. Please don't scar your state for political short sightedness.
Niki Machado	Middleborough, MA	2016-11-10	All things should not have a pricetag attached to them, and profit should never come at the expense of something that can't be replaced!!
Kate Banyas	Sandown, NH	2016-11-10	These people are not considering the environmental impacts that Northern Pass would have on our habitats. Habitat loss eventually effects us all. Not to mention the turbines are hazardous to migrating birds and to bats. Let's not be selfish about this.
Katherine Wickman	Concord, NH	2016-11-10	I'm signing because I do not support Northern Pass.
Wendy Wagner	Lincoln, NH	2016-11-10	The natural beauty of this area should not be altered in such a drastic way.
Joseph Wolfe	Hampstead, NH	2016-11-10	NH is very special to me and I want to stay that way.
laura knott	Merrimack, NH	2016-11-10	None of the towns that Northern Pass goes through will see any benefit from it. Not one, they just want to pipe the gas to the seaport and export it Europe. #nonorthernpass
Mariah Bell	Keene, NH	2016-11-10	I am signing this because Mother Nature needs my help! Needs all our help.
Ivy Garven	Johnson, VT	2016-11-10	NO
Michelle Chase	Charlestown, NH	2016-11-10	I'm completely against destroying our environment and our wildlife for this s project!
Shelba Dane	Loudon, NH	2016-11-10	To protect New Hampshire's beauty.
Corey Rowell	Ketchum, ID	2016-11-10	Originally from NH and would hate to come back to a ruined forest

Name	Location	Date	Comment
Jennifer Carrier	Northfield, NH	2016-11-10	I'm a native of NH, know and love the north country and do NOT wish to see our beautiful landscape marred with destruction. Northern Pass will not be beneficial to NH.
Zach Gobeil	Salem, MA	2016-11-10	Trees Over Towers!
H. Paul	Colebrook, NH	2016-11-10	I say NO to Northern Pass.
Bousquet JoAnne	Sanbornton, NH	2016-11-10	Born and raised here, I LOVE OUR BEAUTIFUL STATE. How about we try more energy reduction incentives???
NANCY LEPAGE	RUMNEY, NH	2016-11-10	We should not be destroying hundreds of miles of beautiful scenic places in our state so that a private Canadian company can sell its electricity to southern New England. The jobs will be short term but the destruction will be permanent.
MArcia Millard	W CHESTERFLD, NH	2016-11-10	New Hampshire should not be destroyed by these huge towers and the lies and greed of the backers of this project!!!!Stop it now
Richard Matias	Plaistow, NH	2016-11-10	Our landscapes and habitat will not sustain deforestation. Animals need homes and shelter. We need oxygen from the trees to survive. We need our gorgeous autumnal season to be left unscathed. I believe in nature and not money.
Katey Myers	Concord, NH	2016-11-10	No thank you! Can we PLEASE give Mother Earth a break!?! We don't *need* this. Some may want it... But, they need to be told no.
Sheryl Petra	Manchester, NH	2016-11-11	No, we have a beautiful state! Do not be greedy Governor just to line your pockets! Protect our landscape!
Paul LaRochelle	Alton Bay, NH	2016-11-11	This is bad for our state.
Lex Buzzell	Strafford, NH	2016-11-11	Bury it under the interstate. Let NH residents receive hydropower at a reduced rate, Then we can talk. Chris Sununu would be glad to sell out his state and line his own pockets.
matt dewitt	Contoocook, NH	2016-11-11	To protect the natural resources of NH.
Susan Francesco	Holderness, NH	2016-11-11	I believe the Northern Pass is bad, very Bad for NH. It will ruin our North Country, decrease our tourism and only line the pockets of the greedy. Say NO to this disaster.
Terrence McSally	Rumney, NH	2016-11-11	Terrence Mc Sally
Daniel Zajic	Whitefield, NH	2016-11-11	I'm not against the pass, but it should not become more visible than it already is. That would represent just the kind of disregard for the rural residents who we just heard from during this election. Spoiling the north country would be a kick in the teeth to an area that's already down. Don't you dare.
Maureen Westrick	Intervale, NH	2016-11-11	North of Concord, tourism is our life-blood. Northern Pass destroys our pristine views.
Timothy Osborn	Lisbon, NH	2016-11-11	This will not benefit NH and its residents in the long run. Frankly, it does nothing positive in the short run. I am for providing power

			from hydroelectric generation, but ruining a beautiful landscape to transport this power is an example of doi
Monica Gears	West kingston, RI	2016-11-11	I want to
David Kroskey	Hollis, NH	2016-11-11	Bury the lines or not at all.
Donna Baker-Hartwell	East Andover, NH	2016-11-11	We do not need this passing through our state. NH is turning to solar and wind one home at a time.
Amy Dauphinaus	Campton, NH	2016-11-11	I grew up here in the white mountains and now I choose to live here because of the recreational opportunities and beauty. Please don't take this away from us.
Elizabeth Tidd	Gilford, NH	2016-11-11	Bury those lines or nothing.
Denise Gonyer	Gilford, NH	2016-11-11	It would ruin the landscape of our northern county! Save the white mtns!!!
Margaret Foehl	Dover, NH	2016-11-11	I'm signing because I care about and value New Hampshire's environment and don't want it to be destroyed!
donna andruskiewicz	nashua, NH	2016-11-11	Not only the landscape the animals live there! Please have some respect for them and us...how do you sleep at nite knowing this is wrong and no one decent agrees with you. Please don't do it
Elizabeth Stevens	Ashland, NH	2016-11-11	I don't want to ruin the landscape of our beautiful state just for power lines. Bury it ...
vanessa rashid	Manchester, NH	2016-11-11	We need more beauty and less corporate American greed
Daniel Smart	Fryeburg, ME	2016-11-11	You don't need to ruin the whites for some bullshit power line.
Evan Ravenelle	Manchester NH, NH	2016-11-11	Because I don't want to see New Hampshire's landscape destroyed by more power lines.
Dan Boynton	Plymouth, NH	2016-11-11	Northern Pass is not good for NH and not good for the environment. Local energy should be our first choice.
Zach Anderson	East Kingston, NH	2016-11-11	I don't believe that the destruction of our environment is beneficial for the citizens of New Hampshire. It's not fair for all the others from neighboring states getting away from the bustle of urban areas to enjoy the serenity of nature either. New Hampshire prides itself on it's mountains and beautiful landscapes. Don't ruin it for everyone. Imagine what your younger self would think about your decision to support this.
Katherine Stroup	Lee, NH	2016-11-11	I believe that NH economy relies heavily on the tourist industry which relies on the scenic environment in the north country. AND there is no gain for NH.
Jessica Boynton	Campton, NH	2016-11-11	I don't believe that this project will provide the state with meaningful jobs and we do not benefit from from the energy. The project could however have a drastic impact on the environment and our tourism industry. The Northern Pass is NOT for NH.

Julie Mosher	Bow, NH	2016-11-11	Let's keep NH's natural beauty intact. Don't support the Northern Pass Project!
Hali Beckman	Jamestown, RI	2016-11-11	I believe in respecting and preserving a resource that can not be replaced. Some areas need to be preserved against man's development. The Notch's Beauty is a natural resource that brings tourist dollars because of its natural beauty. Keep big business out of this area.
Kimberly Stroup	Sugar, NH	2016-11-11	This Private, For Profit project is Not Needed To Keep Anyone's Lights On! It is the equivalent of putting in Walmart stores every 800' from the Canadian border down to Deerfield. Do Not Let This Happen!
Colleen Kendall Peters	Indian Orchard, MA	2016-11-11	I do not want to see destroyed what little natural beauty we have left!! Think of the loss of habitat for wildlife, please don't pass this!!
kevin fogg	poland, ME	2016-11-11	Ecological n scenic disgrace
Lisa Phelps	Barnstead, NH	2016-11-11	This will destroy far too much of the natural environment that is New Hampshire! The benefit is far outweighed by the cost.
Lisa Phelps	Barnstead, NH	2016-11-11	This will destroy far too much of the natural environment that is New Hampshire! The benefit is far outweighed by the cost.
Karen Obrien	Windham, NH	2016-11-11	I love NH
Mark Fisher	Chichester, NH	2016-11-11	I am opposed to the ruin of the landscape of NH when other options are possible (Solar, wind etc.)
Melissa Lang	Rochester, NH	2016-11-11	Our NH forests are precious and we deserve better than steel towers!
Bobbi-Jo Goulet	Weare, NH	2016-11-11	I want to protect NH's natural beauty. There must be other options.
Heather Benson	Cedar City, UT	2016-11-11	I love New Hampshire and want to see its natural beauty protected.
eclipse bloode	BELLINGHAM, MA	2016-11-11	I care about this planet, it needs to be cared for more than ever.
Kate Willard	Somerville, MA	2016-11-11	As a NH native, I want to protect the North Country. The alpine splendor needs no industrial additions.
Arthur Andres	Franconia, NH	2016-11-11	Please don't let this project sully our beautiful state. There are viable alternatives!
Lynne O Placey	Stewartstown, NH	2016-11-11	Leave our beautiful land alone. We treasure our beloved north country and no outside entity should be allowed to come in here and destroy it for greed's sake. Let us leave this beautiful land to our children and grandchildren unscathed.
Karen Currier	Holderness, NH	2016-11-11	I'm signing because the Northern Pass will not take us to the future where we need to rely on clean energy brought about by innovation. Also, the Northern Pass will sacrifice landscape & beauty & many NH towns' economies.

Name	Location	Date	Comment
Darleen Placey	COLEBROOK, NH	2016-11-11	I don't believe this is fair to use our beautiful state for private gain from a foreign country!! There is absolutely no benefit to this project! It is actually dangerous! We want to protect our land and water for our children!
Jason Chevrefils	Concord, NH	2016-11-11	It does not benefit the public rather a private company
Jillian Williams	Litchfield, NH	2016-11-11	I'm signing because up north is my sanctuary. It is peace. It is where people go to breathe not to stare at towers.
diane gleason	concord, NH	2016-11-11	I don't want this in my backyard ! (literally).
Irene Oldakowski	Bethlehem, NH	2016-11-11	I want you to know that I was blocked by Northern Pass FB page because they didn't like the comments and facts about the project. They are manipulating the conversation about this project. I believe they are being dishonest about the support they have for this project.
Sean M	Somerville, MA	2016-11-11	Simply put, I love New Hampshire.
Justin Belanger	Barrington, NH	2016-11-11	I don't want power lines as a view of the NH landscape.....
Derek Stevens	Jaffrey, NH	2016-11-11	I'm signing this because I don't approve of the northern pass!!
Peter Ward	Waterville Valley, NH	2016-11-12	Put it underground
Marissa OKeefe	Plymouth, MA	2016-11-12	Because I love the NH scenery since I was little. My daughter and I are in Northern NH multiple times a year (150+) visiting family and hiking the Whites. While I support job growth and economic expansion, I do not support destroying natural beauty to get there.
Anthony Dand	Worcester, MA	2016-11-12	Im signing because i have lived in new england my whole life. I spent most of my child hood hiking and exploring the forests of new england. And weather its hiking along the CT river or hiking mount manadnock i have nothing but good memories in the woods of new hampshire and it wouldnt be fair if my two year old daughter never got grow up and enjoy the same beautiful landscapes that i was able to
Chris Gelinas	Canterbury, NH	2016-11-12	Ruining our landscapes and scenic roads just to add more electricity to "the grid". Not even needed in NH.
Dana Noel	Epsom, NH	2016-11-12	Our forests are more important!
Jennifer Carlisle	Londonderry, NH	2016-11-12	I believe it is time for us as a nation to chose renewable sources of energy that are sustainable.
Amanda Heald	Stewartstown, NH	2016-11-12	I Love my home's beauty. I was born and raised in northern New Hampshire and there is no good reason for my home to be destroyed. Some people think of a home as a house but my home is through the woods and all living creatures. We should be loving the earth instead of hurting it
Don Clifford	Strafford, NH	2016-11-12	I don't wish for the towers to be visible. Bury the lines all the way.

Niekie Doornbosch	Netherlands	2016-11-12	We're ending this destructive business so our youths and children can create a future of their own choosing.
Linda Donovan	Concord, NH	2016-11-12	Dangerous, eyesore, unnecessary - put it underground or don't put it anywhere!
Corey Browne	Suncook, NH	2016-11-12	No northern pass for New Hampshire it's wrong for New Hampshire
Asher Merrill	Sugar Hill, NH	2016-11-12	New Hampshire deserves clean AND unintrusive energy solutions. The Northern Pass doesn't satisfy our needs.
James Billings	South Boston, MA	2016-11-12	It is time to halt the march of unsustainable, climate destroying energy and invest in a sustainable future.
Jake Young	Weymouth, MA	2016-11-13	I'm signing because NH can not become like overcrowded MA with power lines and apartment buildings at every corner
Michelle Lambert	Manchester, NH	2016-11-13	I oppose ripping up our beautiful state to look like California.
Mark Langevin	Center Harbor, NH	2016-11-15	US energy independence.NH mountain beauty.
Troy Brouillard	Concord, NH	2016-11-15	N.P. will ruin New England wildlife habitats beyond repair. There will be so many negative impacts from the N.P., it can't be allowed to happen.
Sara Crowell	Lisbon, NH	2016-11-15	It will ruin the land.
Robert Holdsworth	North Conway, NH	2016-11-15	I'm signing because I oppose the Northern Pass. It will destroy the environment it passes over. Much of state economy is tourism based, so why would you do something to hurt that industry. Never mind the thousands of residents who will be impacted.
Zachary Schmidt	Savoy, IL	2016-11-16	I grew up in NH, currently live in Illinois, but will be moving back to NH in June 2017. This transmission line will leave a scar like no other to the pristine nature of the state without any financial or economical benefit to the citizens of NH.
Gale Galbreath	Newmarket, NH	2016-11-16	This project has nothing offer New Hampshire but a few short term jobs. It will cost us so much more than it is worth which is nothing.
stephanie chandler	Center Harbor, NH	2016-11-16	I disagree with the Northern Bypass completely.
Stephanie Westover	Bethlehem, NH	2016-11-16	I live very close to where towers are proposed. This is not what New Hampshire wants or needs.
Walt Rankin	Errol, NH	2016-11-16	I don't want to see the beautiful skyline broken by these UGLY high tension transmission structures. Bury the lines or find some other place to run the lines.
Doria Bean	Bethlehem, NH	2016-11-16	I like our town the way it is..
Robin Williamson McBrearty	Concord, NH	2016-11-16	Northern Pass will not create jobs and NH already generates more electricity than it needs. MA, RI, and CT recently voted not to accept NP electricity. Hydropower is not environmentally hazard-free. Don't destroy our scenery, and our tourism industry, for a project with

			such dubious benefit. At least bury the lines. If they can bury under Lake Champlain, they can bury under existing right-of-way routes.
Rebecca Turlo	Alton, NH	2016-11-16	I'm signing because I want to protect NH beautiful views and wildlife!
KRISTINA ENNIS	Whitefield, NH	2016-11-16	I'm signing this because every time I look out my windows my beautiful view will be marred with tall ugly towers. I think it is wrong that most of the transmission lines will be buried except through our part of the state. Obviously they don't think we have enough money or votes to have the clout to stop this or have the lines buried. They say that putting in the lines will help bring jobs, but so will burying the lines.
Kurt DeVlyder	Wolfeboro, NH	2016-11-16	I oppose this project in its entirety. It will not benefit NH residents in a material way on a long-term basis. Further, it discourages the use of energy alternatives such as solar power, which would be less environmentally damaging and more sustainable on a long-term basis.
Lynette Emerson	N. Stratford, NH	2016-11-16	I have been against NP from the beginning and an intervener since 2010
Mary Lynne Johnson	Mansfield, MA	2016-11-16	I live in the beautiful White Mountains and want them preserved for all!
Stephanie Haines	Peterborough, NH	2016-11-16	We need to preserve our greatest NH resource-the beauty of our state!
Mike Vogel	Wolfeboro, NH	2016-11-16	We are against this project unless it is installed underground in existing disturbed corridors, and does not cost NH any funding; since it appears to be of next to zero benefit to the residents of NH. A totally transparent plan and detailed approach needs to be proposed pre-acceptance of this project.
Erik Surabian	Portsmouth, NH	2016-11-16	Do not sell out OUR state due to greed--stop this atrocity! New Hampshire's landscape and nature is more important to us.
Jaime Arsenault	Wakefield, NH	2016-11-16	I don't want destruction of the land.
Stephanie Nigrelli	Plymouth, NH	2016-11-16	I do not want to see this beautiful land taken away to satiate a thirst for power
Erik Surabian	Portsmouth, NH	2016-11-16	I do not want my beautiful state's landscape to be ruined. Please don't sell out to greed, keep this atrocity out of OUR state.
Kori Dickinson	Whitefield, NH	2016-11-16	I do not believe this is the "future" for where we live. This is a project based upon money and greed and we need to protect what we have before it is too late.
Shaun Hagan	Carroll, NH	2016-11-16	This will be damaging to tourism and bring very few economic benefits to the people who live here. If it has to go through...bury it so it doesn't hurt the jobs of the people who live here.
Jim Fleming	Newmarket, NH	2016-11-16	Wind turbines. NOT transmission towers!

Name	Location	Date	Comment
Paul Bernier	Stewartstown, NH	2016-11-16	Because the project would directly effect the area I reside in with unsightly towers and lots of radiation. Leave the pristine GNW as it is.

Audrey Goyette	Laconia, NH	2016-11-16	NH has no need for this power and should not suffer the destructive ramifications.
Nick Zrezartsev	Salem, NH	2016-11-16	Because we need to make our own energy not import it from shitty Canada. ENERGY DEPENDENT
Irene Donnelly	Merrimack, NH	2016-11-16	It's dangerous & not beneficial to NH
Nicole Carchide	Manchester, NH	2016-11-16	Because N.H. is not an extension cord
Crystal Thompson	Campton, NH	2016-11-16	I'm signing because I have worked in the tourism industry for much of my adult life. This will leave a scar on our beautiful countryside that will have a huge impact on the tourism industry. Even the larger polls in the Plymouth NH area are disgusting and I have since moved out of Plymouth because they are such an eyesore.
cathy towle	Whitefield, NH	2016-11-16	This will destroy the natural beauty of our area, decrease our home values, impact tourism and related jobs in our area. Many people in area do not have pensions and the equity in their homes is what they have invested in for retirement. Please bury it all or just say NO.
Jacqueline Dubois	Derry, NH	2016-11-16	Leave mother nature alone!

Karen Acerno	Raymond, NH	2016-11-16	Not right for NH.
Rocco Repetto	Lincoln, NH	2016-11-16	I don't want anyone or anything to destroy the state that I love the state I grew up in a state that's natural beauty needs to always be preserved
Priscilla LeBlanc	Rochester, NH	2016-11-16	There has to be a better way than this.
janis rose	conway, NH	2016-11-16	We need to preserve these National Forests! Having these gigantic towers, instead of running the lines underground like they could do, will forever change the landscape and lives of many.
Sharon Lee	Hillsboro, NH	2016-11-16	Why should some greedy profit seekers have the right to destroy the beauty of even 1 mile of our beautiful state. Go somewhere else, you are not welcone here!
Mathew Kipp	Manchester, NH	2016-11-16	We need to protect nature, which includes our views, mtns, lakes and forrest. Northern pass is an eye sore and doesn't benefit NH in the long term position.
Michele Tombarello	Derry, NH	2016-11-16	The corporate greed has to be stopped. We are killing our planet. Our state needs to stnd up and NO.

Melinda Buxton	New Ipswich, NH	2016-11-16	We need to preserve our state!
Kristen Jackson	Hampton, NH	2016-11-16	I do not agree with this project. There is no benefit to our state and we should not have to give up our land for another country's needs. The people of NH do not support this massive construction project that will scar our beautiful state. We need to protect our environment and stop destroying it.
Brian Hall	East Providence, RI	2016-11-16	I'm an avid backpacker, adventurer, and photographer. This proposal would damage the physical and economic well being of the people that treasure New Hampshire's beauty as well as ruin the ecological well being of the many flora and fauna, some of which are rare, in the area.
Tami Nason	Bethlehem, NH	2016-11-16	I am signing this petition because I love and respect the beauty of northern New Hampshire and its majestic White Mountains and want to see it preserved and protected for future generations. Please do not permit Northern Pass to scar the landscape and destroy this local and natural treasure. Thank you for your consideration.
Marty Parichand	Epsom, NH	2016-11-16	I'm signing for my kids. There is technology which exists today which doesn't infringe on the environment but can work within it. The energy isn't even for NH residents, why should our landscape be scarred.
john keane	Hudson, NH	2016-11-16	I LOVE NH. I see those hideous towers on my way to Montreal and I say NO WAY in NH!!!
Johnny Barmore	Manchester, NH	2016-11-16	Because i love Nh i grew up hiking and hunting fishing all around Nh and i want to do the same with my daughter
Laura LaValley	Boscawen, NH	2016-11-16	I'm signing because I want NH to protect and preserve the pristine beauty of this state. I have very little confidence that the NP will do any good for the environment or the residents
Deborah Rogers	Barrington, NH	2016-11-16	The power isn't even for us. They want to ruin our scenic views foe someone else's benefit. No to hydro power too!
Gail Grainger	New London, NH	2016-11-16	We need to protect our environment, and tourist industry, not destroy it!
Robin Haywood	Dover, NH	2016-11-16	I support new clean energy, energy from wind and solar. I do not support disturbing our mountains, trees and natural inhabitants.

Raping our lands, killing our Wildlife.. destroying lives in the name of greed.. Stop the Northern Pass, This pass is a danger to all citizens of New Hampshire and surrounding states will also be affected..
David Stuart	Hooksett, NH	2016-11-16	I don't want the Northern Trespass going through New Hampshire
Gary Szelog	Manchester, NH	2016-11-16	ill tell you the story
Annette Hicks	Bath, NH	2016-11-16	No Northern Pass! The damage to NHS environment and economy is incalculable and irreversible. We should be aiming for independence and sovereign control of strategic energy resources, making our system a multiple node grid wirh redundant backups, not relying on another sovereign nation.
Rodney Felgate	New Hampton, NH	2016-11-16	I have spoken at public hearings for Northern Pass, not opposed to energy transmission, just bury the whole line.
Aussiker Taylore	Ashland, NH	2016-11-16	I'm deeply concerned about the state of our environment.
Miiko Bradley	Concord, NH	2016-11-16	I am opposed to allowing a for profit project (northern pass) that NH Residents bear the negative impacts to private and public propety that does not service NH and that relies on a a foreign sovereignty and that is non scalable and creates a security risk the power grid.
Kathie Silva	Derry, NH	2016-11-16	I dont think it is good for N.H. or anywhere for that matter !

Nick Rapczynski	Durham, NH	2016-11-17	I believe the Northern Pass is not the proper solution for New Hampshire or the surrounding areas. It's time for investment in clean energy to provide plenty of permanent jobs for skilled people living in poverty or being underpaid for their work.

cheryl Moulton	Campton, NH	2016-11-17	It's just lining ever sources pocket with gold and what do we get? Monster towers that no one wants to see
Melanie Carroll	Hooksett, NH	2016-11-17	Pipelines are dangerous to our children and our earth. We can solve the energy crisis with renewables, can we try that first? Please.

Donna Baker-Hartwell	East Andover, NH	2016-11-17	As a native and liver of the White Mountains and NH's natural beauty, this project should be stopped. There are alternatives for energy that are clean, renewable and have very low impact on the environment. Say no to profits before the protection of our earth.
Dana Marion	Derry, NH	2016-11-17	I just dont agree with taking natural habitats of animals and ruining the landscape as it is. Besides, everything promised is usually a lie. What are the health risks? Who truly benefits from this? Will the work be done by local people only? My answer....NO! Nothing good comes from this as me being a taxpayer and homeowner.
Kathryn Mortimer	Thetford Center, VT	2016-11-17	I spend a lot of time in my neighboring state and love it very much. I want to protect the land and animals there.
Lieza Donnelly	Campton, NH	2016-11-17	I am signing this for several reasons: 1st because I believe we need to encourage everyone to keep it small.. If each house had a little solar or wind unit... 2nd to maintain the inherent beauty of New Hampshire's forests & skyline...
Nancy Millward	Lyndeborough, NH	2016-11-17	Keep this state beautiful, do not allow this eyesore.

Jane Doherty	Goffstown, NH	2016-11-17	I am signing this petition because it really isn't needed, does not benefit NH, and depends on hydroelectricity that destroyed thousands of acres of boreal forest and indigenous land.
Stephen Kohler	Lisbon, NH	2016-11-17	I am signing because Clean Energy Production for America is a National Strategic Infrastructure issue and no foreign country (Regardless of ally status) should be able to regulate and or control our energy! Also, a large percentage of the energy we are talking about is already produced in New England at dams and power plants along the Connecticut River. Greedy Americans sold the dams and power plants to Canadian Companies for profit and abandoned their moral duty to protect America's National Strategic Infrastructure.
Andrea Tomlinson	NORTHWOOD, NH	2016-11-17	I support keeping NH'S wildlife diverse and populations protected and minimal impact development within our wetland systems.
Kevin Ramos-Glew	Meriden, NH	2016-11-17	I care about the environment and don't want New York energy to go through nh. Put it through ny.
Haley Dye	concord, NH	2016-11-17	I love New Hampshire, I refuse to see it get ruined with a bunch of clutter. We don't need it, the trees don't need it. The only people who WANT it are the people who want to ruin NH. do NOT put the "northern pass" up. Do something right for NH for once.
Paul Bunnell	Weare, NH	2016-11-17	stop this. you are killing our earth
Kimberly Fortin	Union, NH	2016-11-17	As a New Hampshire native and a small business owner, I have done my homework. This brings in no power and SHORT-TERM jobs that will be likely given to a vast number of folks out of the state. Further, the issues with the Hydro-Québec will not provide "GREEN" energy. High levels of Mercury absolutely. The NH economy relies on tourism. Many of my out of state friends travel here annually, some owning second homes and camps. They have no interest in seeing this kind of destruction to our state. It will absolutely hurt the most thriving industry we have. It is time the voice of the people is actually heard. This project has had the majority of NH residents opposing it. However, it is still being discussed. I am absolutely against this project in ANY form. The US needs to look at producing its own green options NOT pulling in from other countries. We need to look within our own country to create sustainable living and utilize the resources we have. There is incredible technology, actually seven clean coal
Katrina Lewers	Peterborough, NH	2016-11-17	Our dollars should be going into solar and wind, not power lines. And as a NH resident I care deeply about our landscape, our scenic roads, and wildlife.

Jean Holt	Hollis, NH	2016-11-17	I don't believe the power is needed. If it is needed it should be buried so as not to ruin our beautiful landscapes. I have seen giant towers all along the Sea to Sky Highway in British Columbia, Canada and they are an ugly intrusion on the beautiful scenery.

Julie Vitko	Berlin, NH	2016-11-17	We have so much more to lose if we say yes to these towers. It's more than just about the land, people's health is affected, the quality of our food is affected. There bottom line is money! Well it starts with people and ends with people. Hope they can come to a united front. I love the people and this land!

Susan Fitts	Franklin, NH	2016-11-17	These towers will be unsightly and cost NH their tourism revenue. They are bad for the environment and are for private business. These towers are proposed to pass very close to homes with negative impact. This should not be allowed.
Gabrielle Naylor	Manchester, NH	2016-11-17	There is no need for this. It is pointless and those are main points of beauty of NH.

Northern Pass will terminate in Deerfield and I don't want the project to ruin the rural character of the town. The towers are much larger than the current right of way can accommodate and the height will dominate the landscape. Most of the jobs it is supposed to create are temporary.
Karen Sue Haynes	Seattle, WA	2016-11-18	It will ruin the area's natural beauty and does almost nothing to improve the local economy. This is taking advantage of rural communities.

Audrey Eisenhower	Thornton, NH	2016-11-18	I want to protect the environment, scenic value and communities of New Hampshire by denying Northern Pass the permission to ruin our landscapes and scenic roads. Tourism is central to the economies of many of the communities along the proposed route. People are drawn to our forests and mountains to enjoy the views, hike, and visit iconic New England small towns. Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways. The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests.
Lois Foss	Gilmanton, NH	2016-11-18	PLEASE do not ruin the landscape in NH - NOT NEEDED.

There will be a massive scar cut through the state, heavily disrupting the local ecosystem, tearing down vast swaths of forest, and irreparably damaging the local tourism industry our northern towns are dependent on. New Hampshire is regarded as a beautiful and scenic state. To approve the Northern Pass would be a shameful action.

			States Visit New Hampshire Because Of It's Beauty. The Wildlife Habitats Will Not Have Anywhere To Go If They Destroy The Forests.
sioux pingree	newmarket, NH	2016-11-19	It will ruin the beauty of NH
Susan Ansorg	Center Harbor, NH	2016-11-19	We don't need it and we won't benefit from it. Meanwhile we will destroy the landscape so some corporate energy whore gets richer. Disgraceful really
Charlotte Swanson	Plymouth, NH	2016-11-19	I wish to keep NH beautiful and not ruin it like what was done with windmills overlooking Plymouth UGLY)
Ann Florio	Reedsville, PA	2016-11-19	These towers would be a desecration to the beautiful scenery NH is known for and the destination for millions of tourists. If you want the pass, bury the lines!! Personally, I don't believe we need it, and I don't want it.
Nick Brown	Grafton, NH	2016-11-19	Because making lines going through are land
MURIEL HULSE	lebanon, NH	2016-11-19	These ugly powerlines will destroy the natural beauty of northern NH, which is vital to NH's tourism and economy. They will be close to our property in west stewartstown NH near Diamond Pond.
Maxine Vallee	Goffstown, NH	2016-11-20	I want the forest and wildlife to stay as there are
Stephen Nelson	Campton, NH	2016-11-20	I think the project as it is currently proposed will have a negative effect on the environment, the economy and provides no significant benefit to the region or the state as a whole
Christine Gutkowski	Antrim, NH	2016-11-20	This will be destructive to our land - that can't be fixed
Karissa Yao	Manchester, NH	2016-11-20	I disagree with the northern pass project
Marla Katz	Henersonville, NC	2016-11-20	No, no, no!!!
Corinne Pullen	Canterbury, NH	2016-11-20	We have a ROW going through our farm property.
Deanna Wheeler	Groveton, NH	2016-11-20	Northern pass will not help us, it will just destroy what we already have.
Eric Brown	Warren, NH	2016-11-20	It is ugly,N.H. should devote itself to other sources of power.
Carla Bonney	Madbury, NH	2016-11-20	There are other options that do not involve altering landscape...and if it IS so necessary, why is I-93 not an option? That road is constantly under construction already...
Nina Garfield	Bethlehem, NH	2016-11-20	I love this state
Randy Grasso	Fremont, NH	2016-11-20	We do not want our land destroyed from another country!
Catherine Kilday	Concord, NH	2016-11-20	It's not fair to New Hampshire!!
Patti Barnes	Northfield, MA	2016-11-20	I'm from N.H. + continue to horse back ride there.
Lucy Golden	Franconia, NH	2016-11-20	Northern Pass is not good for NH!

Name	Location	Date	Comment
Parker Croak	Plaistow, NH	2016-11-20	I enjoy our great state when it is at its rawest and untouched. Live free or die, hike by.
Debbie Ryan	Shelburne, NH	2016-11-20	There needs to be a better way to do this ... power is needed but so are our pristine wild areas they are equally important.
Michael Govostes	Nashua, NH	2016-11-20	Because we don't need it We need to protect the environment our Wildlife And the beauty of our state.
Eric Dubois	Chester, NH	2016-11-20	I'm signing because we do not need to make more destruction to our forces across the world and here at home
Lydia Warner	Laconia, NH	2016-11-20	I am signing because Northern Pass is not for N.H. it would destroy so much it is not worth the paper its written on when you consider the irreparable damage it would do! Be smart & say NO to northern pass!!!
Debra Ballou	Dover, NH	2016-11-20	I do not want my New Hampshire landscapes, scenic roads, wetlands, pristine forests, streams, and rivers ruined by construction, huge power line towers, and wires. Tourists come here for scenic experiences they can't have elsewhere. Blasting in these areas will disturb peoples activities including sleep as well as destroying wildlife habitats.
Peggy Trivilino	Nashua, NH	2016-11-20	I'm signing because this project is very harmful to NH's environment, and--more importantly--completely unnecessary.
Carolyn Shulman	Bristol, NH	2016-11-20	Northern Pass is of no benefit to the state and will seriously damage the landscape and tourism.
Mary Lou Philbin-Clarke	Loudon, NH	2016-11-20	It is just wrong in a state where Beauty is a currency at the least!!
Leanne Owen	Manchester, NH	2016-11-20	We must protect our environment and beautiful state of New Hampshire. We are not interested in you destroying the environment to make a fat buck. People and the planet before profit!
Sally Baldwin	Shelburne, NH	2016-11-20	Please bury the line. We and all who live and visit here don't want to see it!
Diana Damato	Keene, NH	2016-11-20	The natural world needs our protection before it is destroyed! Please don't allow corporations to ruin all the beauty and peaceful surroundings that nurture us and restore our souls!
Jack McEnany	Franconia, NH	2016-11-21	Even burying all 180 miles of the line will disrupt habitats, create interminable traffic problems, and deliver not one whit of benefit to New Hampshire. Don't make CT's bad planning NH's problem.
Karen Payne	Effingham, NH	2016-11-21	The "Pass" Technology is outdated and large scale hydro is NOT sustainable.
Deborah Caplin	Framingham, MA	2016-11-21	We have to stop taking away precious land and resources from our wildlife!

Jon Levesque	Rochester, NH	2016-11-21	I am an intervener..... they want to go down the center of the road on bear rock rd in Stewartstown.....aka... the middle of nowhere.....we didn't buy there for that.....we don't want it
Jennifer King	Littleton, NH	2016-11-21	I do not want the beauty of my state marred by these huge ugly pieces of metal
Chris Roberge	Lebanon, NH	2016-11-21	I'm tired of the environment being profited on when it's not being benefitted.
Dianne Kelley	Tewksbury, MA	2016-11-21	We need our forests not a dangerous pipeline!
Amanda Bussolari	Holderness, NH	2016-11-21	I say NO to Northern Pass!
James Magee	Derry, NH	2016-11-21	I want go
Robert Ouellette	Rochester, NH	2016-11-21	NO TO NORTHERN PASS!!!
Bill kasmarzyk	South Windsor, CT	2016-11-21	Do not wish this to happen to a beautiful part of of New Wnhland.
Deborah Cuenca, BA, MA, CMI-Spanish	Derry, NH	2016-11-21	I'm signing because as a native NHite, you have no right to jeopardize our pristine NH environment!! Keep your filthy passes to yourself!
Kathryn Blais	Pelham, NH	2016-11-21	I love the environment and want it to be preserved for future generations.
Lisa Plourde	Manchester, NH	2016-11-21	It should be buried the whole way.
Peter Stone	Laconia, NH	2016-11-21	We already have viable power options in the state that are underutilized. Also, there is no need to destroy / alter our beautiful state with this project.
Susan Wei	Ashland, NH	2016-11-21	It is ridiculous to have it above ground and why should NH ruin its landscape for electricity that goes to southern New England?
Bridget Goerss	Dover, NH	2016-11-21	NH born and raised and we need to keep our state beautiful!
Paula Murphy	Dracut, MA	2016-11-21	Stop destroying our planet!
DEBRA STEVENS	Nashua, NH	2016-11-21	It's bad for NH.
Jessica Luszczuk	Milford, NH	2016-11-22	New Hampshire deserves better! we ARE better! We have been destroying our beautiful state for too long. Soon we will have nothing left
Brett Lojko	Plaistow, NH	2016-11-22	I'm a nh48'r so I don't want to see the beautiful white mountains get touched
Paul Adams	Bridgewater, NH	2016-11-22	The beauty of nature is what New Hampshire is all about. There are other ways to get your product to market.

Michael Johnson	Weare, NH	2016-11-22	Tourism is NH's largest revenue producer. Norther Pass will undermine the economic viability of the state.
Larry Twitchell	St Petersburg, FL	2016-11-22	Northern Pass is a land grab by bankers and utilities to further their private gain at public expense. If approved, and I hope it won't, ALL of the lines must be buried.
Antoinette Angelone	Methuen, MA	2016-11-22	I love the beautiful NH landscape. I take drives up north al the time to clear my head. Please do not destroy this beautiful landscape.
Kristin Ayers	Merrimack, NH	2016-11-22	There is no need for this going through our state and ruining the beauty for other states to have power. We need to conserve and find other solutions.
william Sparklin	Colebrook, NH	2016-11-22	I have been saying NO to northern pass way to long the people of NH do not want this destroying our state!
Leeanne Oneil	Thornton, NH	2016-11-22	I want to protect the integrity and beauty of our NH landscape
Lorin Mulligan	Concord, NH	2016-11-22	This will have a negative impact on our economy and forever change our landscape.
Melanie Chouinard	Milford, NH	2016-11-22	Our ecosystem is fragile enough without this money grubbing scheme (which at most will only have temporary construction jobs for NH as a benefit and then will benefit us no more). Our forests, wetlands and even our scrub-lands are what make NH great and no price can or should be put on that.
Darlene Roy	Alexandria, NH	2016-11-22	Please stop Northern Pass. Live free or die....
David Dodge	Concord, NH	2016-11-22	I want to keep NH beautiful. Bury the Entire line or DON'T do it.
Pam Wallace	Derry, NH	2016-11-22	We need to preserve the water and habitats in NH. This cannot be continued. Save us all!!!
Eileen Keim	Concord, NH	2016-11-22	This will damage NH without providing us any benefits.
Nancy Judd	Keene, NH	2016-11-22	I love our beautiful state and want to keep it that way.
Keven Elliott	Nashua, NH	2016-11-22	It's not worth the environmental risk it poses. If the Pipeline burst it would get in our ground water kill our animals we don't need this we need Solar Get ON BOARD NEW HAMPSHIRE!!!!
Jan Cohen	Keene, NH	2016-11-22	There has to be a better way than erecting these hideous towers and displacing whatever wildlife lives in their path.
Vivian Winterhoff	Teddington, England, UK	2016-11-22	This option to provide energy is inefficient and damaging to the local ecosystems. There are more efficient, less intrusive and more harmonious ways of gaining and distributing energy. The resources that would otherwise go into clearing land and building towers should be invested in communities to find their own energy solutions in partnership with any large corporations that also need this energy.

Daniel Day	Durham, NH	2016-11-22	The current plan calls for burying the Northern Pass in the White Mountain Region, but not in the Great North Woods Region. Although not as famous, the Great North Woods are also an important tourist attraction in our state, especially for Canadians. The Great North Woods Region is unlike any other region in the state. It's the heart and soul of New Hampshire's rural character, and home to some of our country's most beautiful unspoiled scenery. Please do not destroy this fragile treasure!
Duffy Daugherty	Colebrook, NH	2016-11-22	I don't want my property values ruined.
Wm. & Jen Labadie	Sullivan, NH	2016-11-22	It's time to invest in conservation - of resources. Reduce usage, move toward less harmful sources like solar & wind...
William Cleveland	Tamworth, NH	2016-11-22	I don't want NP to pass thru NH and ruin my back yard, to supply MA and CT with power not all that clean. The flooded valley will produce green house gasses for the next millennia and more and that message needs to get out, and this is a good example. Hearsay has it now NP will send a little power New Hampshire's way. Well ain't that nice.... NO to Northern Pass
Gary Andrew	Concord, NH	2016-11-22	Not any benefit to Nh.spoiling nature.last resort bury in roads
Marie King	Hampton, NH	2016-11-23	I don't want to look at gigantic power lines coming across the mountains. We should be finding ways to reduce electric usage not make it easier for people to use more.
Sylvie Stewart	Nashua, NH	2016-11-23	If this infrastructure is built, more natural gas will be pumped through to provide energy needs and the door to fracking and offshore drilling will stay wide open. We must create renewable energy infrastructure instead. Now. It's not about money, it's about reducing our carbon footprint, energy conservation and preserving biodiversity. It's also about clean water to drink and clean air to breathe.

Lindsey Sadowski	Falls Church, VA	2016-11-23	We have land on Harvey Swell Dr. in Colebrook. This land has been in my family for generations. All through childhood its been a magical place, untouched by civilization. Its a place we escape to, to appreciate the beauty of nature. The Northern Pass will ruin this beauty. It will ruin property value in an already struggling town. Please don't take this from us. Don't ruin what we love. This isn't just some little town, it is a place we hold dear.
Heather Horton	Lee, NH	2016-11-23	I want to preserve New Hampshire's land, wildlife habitats, and small towns.I think this would be very destructive to the land, roadways, and our economy.
Christopher Winterhoff	London, England, UK	2016-11-23	My family is from New Hampshire and I often come back to visit and love the nature
Grace Schust	Andover, NH	2016-11-23	Northern Pass should bury its lines or move to another state which doesn't prize its scenic beauty.

Suzanne Corby	Manchester, NH	2016-11-27	This project will ruin the pristine beauty of the north country. Tourism is the bread and butter of the north country. At the very least, all lines should be buried and property owners well compensated for inconvenience during construction of underground lines.
Marie Bolster	Candia, NH	2016-11-27	I do not believe that this will resolve electric needs or lower cost for us however I do believe it will land up causing serious illness and destruction to the land, animals and people. Alice Stevens	Union, NH	2016-12-14	NO! No Northern pass!
Kellie Pinon	Warren, NH	2016-12-14	grow solar
Steven Nalbandian	Bangor, ME	2016-12-14	I care for my planet and it's inhabitants. New Hampshire is truly where man meets the wild and there's peace. We shall dig into their territories no longer.
Cynthia Rollins	Twin Mountain, NH	2016-12-14	So many reasons...beauty, wilderness to be maintained, fairness, etc.
Judith Sargent	Marshfield, VT	2016-12-14	I have always lived in New England and it is important to keep it clean and free of the destruction and pollution that would be caused by these high voltage lines. Southern New England needs to cut back its power usage and also increase very local sources of electrical generation.
Susan Meeker-Lowry	Fryeburg, ME	2016-12-14	I live here!
Susan Pomasko	Alstead, NH	2016-12-14	Use I93 or don't build it
Vincent Currier	Provincetown, MA	2016-12-14	I am a native of Berlin, N.H., and I oppose this application in support of the dozens of members of my family who still live in the region.
Lynne Brown	East Bridgewater, MA	2016-12-14	Please do not let Northern Pass happen to beautiful New Hampshire!!
Susan Grilli	Provincetown, MA	2016-12-14	My mother will not see this petition - She's been active all her life in environmental issues and lives in NH. Signing for her.
Patrick Vitrano	Nashua, NH	2016-12-14	I'm not a fan of ruining the beauty of this place so Eversource can make more money.
Priscilla Crowley	Littleton, NH	2016-12-14	We are still fighting! Won't stop until we win!
Erin Moran	Portsmouth, NH	2016-12-14	Protecting the views of the mountains
Michael Massagli	Hull, MA	2016-12-14	Time to stop the desecration of the landscape.

Susan O'Hearn	Lisbon, NH	2016-12-14	NH does not need this energy. The jobs are low wage and transient. This will kill our beautiful state and hurt tourism
Faith Cye	Keene, NH	2016-12-15	Because NH is beautiful and we want to keep it that way!!!
Karl Duffield	Thornton, NH	2016-12-15	I'm signing this petition because I have a conscience. Because I could not I sit idle and allow private interestes to make a quick profit at the expense of our states northern economy, pristine geography and our 'Granite State's ' very identity. Because I want my kids and their kids to be able to enjoy the beauty of our state the way I did and my parents did. Because it's our right as citizens to have a clean and safe environment. Because I want to be able to say I choose to fight for what I believe in. Because someone needs to stand up and advocate for the environment.
Pamela Beaupre	Green Bay, WI	2016-12-15	They are OUR mountains!
Mandy Schoff	Newburyport, MA	2016-12-15	I care about our earth!#
Debbie Liebler	Medina, OH	2016-12-15	I own a condo at The Owls Nest Golf community and the Northern Pass can not happen.
Darlene Roy	Alexandria, NH	2016-12-15	No, we do not want the Northern Pass in NH. Go away.....
Kara Santacroce	Boston, MA	2016-12-15	I believe in protecting our environment and coming up with better ways for energy. My husband and so have been looking at property in New Hampshire for its natural beauty. Don't ruin a good thing over power lines.
Emily Mascari	Hudson, NH	2016-12-15	I'm signing because I see this as a sustainability challenge. We should be back casting, not trying to build a better mouse trap.
Jason Turcotte	Nashua, NH	2016-12-15	Private companies (especially foreign ones) should never be allowed to take land through eminent domain.
Lindsey Wilson	Keene, NH	2016-12-15	As a proud native of the great, beautiful state of New Hampshire, I am deeply upset that the state's natural beauty that can never be replaced could be destroyed, erased, and turned into an ugly pathway for electricity lines and poles. These areas are a natural habitat for moose, bears, deer... say no!
Charles Meyer	BEDFORD, NH	2016-12-15	To be built in New Hampshire, it should be buried on interstates, like I-93, where it won't impact local property values, endanger our wells and waterways, or threaten the scenic vistas that are quintessentially New Hampshire! I-93 IS AN OPTION, so please STOP NORTHERN PASS!
Nicholas Schilling	Londonderry, NH	2016-12-15	I was born and raised in New Hampshire, and would hate to see the beautiful North destroyed by de-forestation and power lines.
Miranda Ovesen	Beverly, MA	2016-12-15	Nature = Beauty & is worthy of protection
Ruth Smith	Canterbury, NH	2016-12-15	I value NH landscape and know there are better ways to get energy than from flooded Canadian lands via giant power lines.

Leo Laroche	Berlin, NH	2016-12-15	I do not want power lines destroying the beauty of my state for the benefit of few.
Phyllis Yaffie	Deerfield, NH	2016-12-15	I live in beautiful, picturesque Deerfield, and I don't want these transmission lines ruining our town!
Ashley Toscano	Worcester, MA	2016-12-15	I am signing because I love New Hampshire!
Michael Hirschhorn	Berlin, NH	2016-12-15	I moved to the North Country to escape a industrialized environment in Pennsylvania many years ago. I enjoy nature and I do not support the Northern Pass.
Alfrieda Englund	Munsonville, NH	2016-12-15	Keep rural NH beautiful for its residents and visitors.
Jon Walmsley	Kittery Point, ME	2016-12-15	The environment, scenic and otherwise, is too important. Let's bury the power in the ground, like they do in Germany, and not ruin the view!
Lauren Bergeron	North Conway, NH	2016-12-15	We don't need a massive influx of infrastructure that is going extinct. We need to invest heavily in solar and other sustainable methods of getting energy.
Michele Deziel	Arlington, MA	2016-12-15	I enjoy the serene landscape so much I bought property there at above address. Tall towers would ruin the appeal, drop real estate prices even more than the depressed prices they are now and devastate tourism. Quebec Hydri is known for profits by raping the environment and can well afford to bury the lines. The energy is needed and so is s preserved environment. Bury the lines.
Paul Howard	Prides Crossing, MA	2016-12-15	I grew up in the heart of NH.
Janet Woodman	Rowley, MA	2016-12-15	I want to preserve our natural scenic views in new england and i think all powerlines should be underground due to weather issues in this area anyway
Stefanie Valar	Lancaster, PA	2016-12-15	I grew up in Franconia, NH and frequently visit our family home there. Please, NO powerlines in the North Country.
Robert Strauss	Bethlehem, NH	2016-12-15	I want to maintain the beautiful views of the mountains.
Suzette Nadeau	East Taunton, MA	2016-12-15	I am signing cause I want to protect the land n streams, n rivers as well as the wildlife. President Eishenhower warned us in his last speech of corporate control. And here we are today. His prediction s was correct. So remove the greedy n let's work and go solar to reverse the damages being created by large corporations! So we have a planet for our children's children. with breathable air! Land to farm n to save the extinction of spieces as well as man. For the people by the people. WE all unite! P.s remove the Old fuddy duddies in Congress n replace.!They have lost contact with the people
Jennifer Burt	Worcester, MA	2016-12-15	I grew up in Twin Mountain and Whitefield and still have family in the North Country. This is an unnecessary project that hurts the people, economy, and environment of Northern NH.

Marisa Wilich	Hampton, NH	2016-12-15	Will ruin our beautiful north country!
Max Ridley	Atkinson, NH	2016-12-15	Northern pass will ruin New Hampshire and everything it represents
David Chappell	Pittsburg, NH	2016-12-15	It will affect people in our town with tax values with the towers and our beautiful state . If it must go bury it all .np bought land in Clarksville and spent enough money on land they probably wont use to pay for burying the whole line in Clarksville
Janice Leahy	Chelmsford, MA	2016-12-15	I am opposed to ANOTHER high voltage line ruining the New Hampshire countryside when it can easily be buried.
Adam West	Salem, NH	2016-12-15	Trees not towers
Katherine Yakubowski	Greenville, ME	2016-12-15	Keep New Hampshire beautiful! Do not change the landscape but keep it historical and wild.
Brian Higgins	Cheshire, CT	2016-12-15	MOUNTAINS
mia corinha	Nahant, MA	2016-12-15	High tension wires should be buried for many reasons. This is a stupid plan with no regard for wildlife and the scenery that we treasure.
Douglas Wright	Easthampton, MA	2016-12-15	I was born in and lived most of my life in NH. I was married on top of the Bonds in the White Mountains. Northern NH is the most special place in the world to me. This project will erode much of what makes this area unique and powerful. Please do not let this happen.
James Hauschild	Concord, NH	2016-12-15	It's wrong for the natural beauty of the state. Bury it 100%
Colin Cummings	Plainfield, CT	2016-12-15	No Northern Pass.
Theresa Carter	Cary, NC	2016-12-15	We must protect the environment and keep our landscapes.
Donna Preve	Hopkinton, NH	2016-12-16	Our landscape will be ruined forever. NH is too small a state to be expected to absorb such a project without permanent damage to our State
Tina Dodge	Whitefield, NH	2016-12-16	I don't support the Northern Pass
Sandra Bergquist	Lancaster, NH	2016-12-16	We've been giving reasons why this "project" should not go ahead. First of all, it ruins our economy, secondly, we don't need the electricity in NH and recently MA stated it didn't want this, either RI has now erected alternate source of electricity off shore - wind ... I could go on and on. Please do NOT make NH a doormat for a Canadian company to walk over, making billions of dollars in profits as we lose our economy. They claim that putting it underground isn't feasible for them (IE, they wouldn't make quite the same profit - what greed). NO, NO, and NO. Thank you.

megan currier	Chicago, IL	2016-12-16	The Northern Pass would have a significant negative impact on the landscape, negatively impacting the tourism and revenue generated from tourism in the area.
Mandy Johnson	Green Bay, WI	2016-12-16	I care
Arielle Freedman	hampton, NH	2016-12-16	We don't need pipelines anymore. These are just to make money for big oil and ruin our earth. We have the technology for natural resources using wind, the ocean, and the sun. NO MORE PIPELINES!!!!
Melinda Dietrich	Cincinnati, OH	2016-12-17	I hike the White Mountain region of the proposal and believe it will degrade the eco environment and wilderness habitat.
Maryanne Adams	Concord, NH	2016-12-17	We must preserve new Hampshire's landscape and beauty. You would never do this to the grand Canyon, let's not destroy the very essence of what makes new Hampshire beautiful.
Christopher Ring	York, ME	2016-12-18	I know how valuable the NH landscape is to everyone in our region. When I leave the coast of Maine I got to the mountains of NH to experience their beauty.
Carolyn Miller	Boxford, MA	2016-12-18	I grew up in NH, my family still lives there and I vacation there frequently. Please put the lines in areas that would be less disruptive to NH's natural resources.
Adrian Tanner	Petty Harbour, Canada	2016-12-19	Do not ruin this pristine landscape that millions of people in the NE US and in Eastern Canada visit, love and cherish.

Deborah Lefavre	Lyndonville, VT	2016-12-21	Because it is ridiculous to destroy NH's natural resources & beauty for the sake of a dying technology. Monetary resources would be better spent supporting new & greener technology. There are better methods & they/you bloody well know it.
kelly leblanc	Woburn, MA	2016-12-21	My fiance and I hike regularly and don't want to see the beauty in NH ruined by this
Quinn Abrams	Exeter, NH	2016-12-22	The Northern Pass will destroy vast sums of beautiful New Hampshire forest!! New Hampshire's forest should be left alone, and it is smarter to employ residents by means of clean-energy sources that do not destroy our natural world... Clean energy is supposed to help the environment by being clean, and MOST OF ALL --> PRESERVE THE ENVIRONMENT. THE NORTHERN PASS LITERALLY DESTROYS THE ENVIRONMENT!!! There should be no argument for the Northern Pass, since it is not ethical to help create "renewable energy" by destroying the environment to do so... PRESERVING THE ENVIRONMENT AND THE NORTHERN PASS ARE OXYMORONS. New

David Kindstedt	Cranston, RI	2017-01-04	It will ruin the beauty of the landscape and only provide temporary jobs. We already have enough energy and we pay more for what we get so they all of these unnecessary projects like this one and windmills can get passed.
Kevin Duggan	North Dartmouth, MA	2017-01-07	I'm tired of nature being raped of its landscape and closed off to public access because of greedy energy companies
Ronnee Pedersen	Suwanee, GA	2017-01-08	I grew up in New England and still spend vacations in the White Mountains of New Hampshire. I have seen how these high tension wires destroy the habitat, beauty and timelessness in other parts of the country. NH is different and special. Keep it that way for future generations!
kendra bissonnette	Pittsfield, NH	2017-01-08	I say NO to the Northern Pass. This is unaccptable and we won't have the Northern Pass in our backyards.
janice dube	north haverhill, NH	2017-01-09	Our politicians are selling us out to big business. We have no industry left beside tourism in the northern part of the State & that tourism depends greatly on the beauty and scenic vistas we have. If Northern Pass is allowed to rape the State by our elected officials we will lose this scenic beauty forever. Backroom deals are being made. People are being bought off or belittled into approving this. Meetings are dubbed "work sessions" to quell peoples' right to speak and be heard.
Thaddeus Whithed	Dalton, NH	2017-01-09	A lot of voters voted for Sununu, even though they are against NP. Their fault yes, but his win should not indicate to anyone that NH wants this. Keep up the good fight.

Taylor Sanford	Sunapee, NH	2017-01-19	I'm signing because I am tired of seeing the destruction of New Hampshire's beautiful forests. Leave them alone!
Barbara Buckley	Littleton, NH	2017-01-19	This is going through areas that need preservation and through land occupied by folks who won't see a dime or any benefit from this project. No permanent jobs or cheap electricity, just scarred wilderness and potential illness from emissions. Another big, wealthy corporation wanting to maximize profits regardless of the environmental, human, or economic costs to the little guy.
Marcia Thomas	Woodstock, NH	2017-01-19	I drive through here and would hate to see the wildlife disappear and have nowhere to live- it is what makes our state so wonderful and wild. This area should be preserved for its animals!

Robert Cargill Cargill	Whitefield, NH	2017-01-19	These power lines will go through my neighborhood, please no.
Lisa Gemmer	Carroll, NH	2017-01-19	The White Mts. are a national treasure. Putting towers through would be a travesty and NOT beneficial to the state that would bear the brunt of the construction.
Michael Russo	Nottingham, NH	2017-01-19	Burying the lines is a reasonable compromise...
Joyce Bruce	Rumney, NH	2017-01-19	I do not want to see our beautiful white mountains ruined..once we start allowing major changes that affect the scenery, there is no going back. It will never be the same!

Lisa Doherty	Epsom, NH	2017-01-26	There is dwindling demand for this service with the increase in solar power. The expense far exceeds the return on investment. We must balance commerce with honoring nature. There is a concern an electrical fire could begin underground and not be detected until our White Mountains are destroyed. The greed on this project far exceeds the need.
Dan Molloy	Manchester, NH	2017-01-27	They should bury the line. Yes, that will cost more, that is ok, they will still be wildly profitable.
Sonya Brazell	Concord, NH	2017-01-30	I value the beauty of New Hampshire.
Fran Fulwiler	Portland, OR	2017-01-31	The beauty of New Hampshire's natural environment and cultural sites must not be wrecked by this high voltage transmission line. STOP NORTHERN PASS!
Brian Cash	South Burlington, VT	2017-01-31	This is not necessary

Virginia Bennett	Honolulu, HI	2017-01-31	A) Why should New Englanders have to buy electrical power from Canada?? B) Why are electrical companies not "moving with the times" and switching to more environmentally friendly sources of electrical power?States, which derive a great deal of their income from tourism must do everything they can to protect the scenic value of their territories.
Brenda Ouellette	Charlestown, NH	2017-01-31	This is just bad for NH, we do not need nor want this in our beautiful state. Bad, bad for the environment that we need to protect. This state depends on tourism to survive this would ruin the landscape.

Donna Mckee	Lederach, PA	2017-02-11	This is NOT the way to go! It is a bad idea in so many ways. It will do far more harm than good for New Hampshire, ito people, tourism, natural areas and wildlife.
Janice Bufford	Anniston, AL	2017-02-11	Is this project proposed in the name of progress? I live in Alabama, the heart of Dixie, and love living in Alabama. However, I love travelling and have never visited New Hampshire. If the Northern Pass goes through, there would be a greater chance I would shy away from touring New Hampshire and I would have to believe the same would be true of a multitude of others. Go figure---what would be more appealing to would-be tourists: power lines or the natural picturesque landscape? It wouldn't take a rocket scientist to decide the correct answer! Please scrap the Northern Pass project or put it where there is already a major highway! At this time, the petition is working toward 5,000 signatures. I think it should get 50,000 or 100,000. Please don't take away our access to viewing this great handiwork of our Creator!

Mitchell Lamarche	Hudson, NH	2017-02-23	I am signing here because I love and care for the environment and New Hampshire. I have lived in only 2 other states for less than a year each and always moved back to New Hampshire. New Hampshire is a gorgeous and has a lot of colonial culture that should stay how it is. Keep New Hampshire's beauty in pristine shape!
Timothy Emperor	Groveton, NH	2017-02-23	Given the sheer numbers of citizens, property owners, and actual residents against the project it is simply irresponsible to even consider the project at this point. Any NH State committee MUST stop and realize the PEOPLE have already spoken. To allow this will easily be won in Supreme court either State of Federal, how much more money shall we waste. Last to think 3000 jobs that Les Ottens stated will come, is even possible do the simple math. I guess we are thought of as stupid folk, not quite yet we are determined it shall never see footongs.
Alice McDonald	Dresden, ME	2017-02-27	I love New Hampshire. I don't ever want this to happen to any states. Love the earth, and the animals too. Screw the power lines, no one needs them that badly.
Matthew Bahr	Thornton, NH	2017-02-27	Growing up in the white mountains, and living the last several years in Wyoming, I have grown to truly appreciate the natural beauty of our country. If you want to stimulate the economy by letting these lines cross through our amazing state, BURY THEM.
Joseph Lewis	North Haven, CT	2017-02-27	I'm signing because I love new hampshires landscapes and beauty. I go to new hampshire almost every summer, I dont want this to happen to this beautiful state.
James Dammann	Hillsboro, NH	2017-02-28	Little to no \$ savings to NH and will hurt the State 's tourism and tax base irreparably.

Teresa Critzer	Severn, MD	2017-02-28	I was born in Manchester NH and have family in Northwood, Dover, and Rochester. I believe this project is a blight upon the stunning scenic beauty of NH and will negatively impact forests, wildlife habitats, tourism, and property values. It will also increase health risks caused by exposure to high tension power lines. I am not convinced this will benefit NH residents in terms of reduced electric rates; instead, it will caused irreparable damage to the landscape of my beautiful home state. Governor Sununu, please do not allow this controversial project to destroy the pristine environment of the Granite State!
Ryan Wood	Manchester, NH	2017-03-01	New Hampshire needs more ROOFTOP SOLAR and other truely green power, not to increase the profits and monopoly of Eversource at the cost of our wildlife and scenery!
Terry McLeod	Woodsville, NH	2017-03-04	This has been going on way too long. From the beginning the people of NH and beyond have stated that NP will be a bad thing for NH. People come from all over to see out beautiful trees and

NP will not benefit NH as the jobs will be temporary and the electric will be going to the south. The people in the north will have to look at those ugly towers and get absolutely no benefits from it. Our children and grand children will not enjoy the beauty of our mountains and forests as we have. We've been asking for years for someone to please listen to us as we shout as one voice that we don't want NP ruining our state. Please hear us and stop them before it's too late.

Matthew Johnson	Springwater, NY	2017-03-05	This project will not improve the local economies and is a detriment to the environment and wildlife habitats. There is already a balance between the local economy and their wild places, the northern pass, should not come to pass!
Spencer Grayson	Concord, NH	2017-03-06	I live in NH because I love the way it is, some things are meant to be left the way they were found.
Deb Bassett	Littleton, NH	2017-03-06	The Northern Pass will do much more to damage NH than to benefit it. New Hampshire will be forever scarred. There are other ways to provide power to southern New England without sacrificing New Hampshire's beautiful vistas, the environment, and property values.
Mick MacReynolds	Keene, NH	2017-03-07	Please don't let PSNH cram another environmental disaster down our throats. They already did with Seabrook. This transmission line will hurt the NH economy and forever blight our natural beauty—and the tourism industry that comes to see it.

Kelly Cornell	Newport, NH	2017-03-07	It will ruin our scenic state and we still will not see our electric costs go down. They always say they will but reality is quite different.
Christian Robinson	Concord, NH	2017-03-07	I'm signing because I absolutely love NH for the mountains. It is a majestic experience to be at the top of Washington and see nothing but mountains and wildlife. You can't destroy the forest because you think it's going to provide more power for New England but does absolutely nothing for NH besides leave a permanent scar in our forests.
AMY Passwater	Strafford, NH	2017-03-07	I'm signing this because I grew up in Indiana, a red state that didn't give two shits about the environment. Power lines everywhere. Landscapes ruined. I now live in NH and don't want our landscapes to be ruined.

Laura Monica	Bow, NH	2017-03-07	This project will severally - and irreversibly-damage the landscape in the North Country. It will be unsightly and it will be a permanent and ugly scar on the landscape. Tourists flock to our state all summer and winter long. They don't come to see the plight and damage that a major transmission line will do to our phenomenally scenic landscape in New Hampshire. If this has to be built at all, which is clearly up for debate, then they should bury the entire transmission line from Canada all the way to Southern New Hampshire.
Daniel Kennedy	Keene, NH	2017-03-07	I cherish the landscape of New Hampshire. As someone who grew up in Littleton I know the correlation between the natural beauty of the White Mountains and its tourist industry. Sacrificing long term beauty for temporary jobs is short sighted. We can find alternate responsible solutions to southern New England's energy crisis.
Brandon Mathis	Merrimack, NH	2017-03-07	I'm signing this to protect New Hampshire's wild places from this project that brings nothing to the state of New Hampshire.
Colleen Truland	Lisbon, NH	2017-03-07	I don't want out landscape ruined!
Constance Lacasse	Mason, NH	2017-03-07	I don't want to have the same ugly wires going thru our landscape and look like Canada. We've worked too long to keep our country free of those wires, why stop now?
Roland Lakin	Hooksett, NH	2017-03-07	We, The People, the one's who voted for you and pay your salary have said No To Northern Pass, That SHOULD be enough. If NOT,then maybe at mid term elections YOU will understand!! NO TO NORTHERN PASS, PERIOD!!
Stephanie Oleson	Thornton, NH	2017-03-07	This project does not create more than a handful of actual nh jobs as most construction crews will need to be brought in from out of state and there are only a few year round jobs created upon completion. NH is also a large tourist based industry, not only will construction in a lot of the areas create traffic hazards, in remote locations it will impact hiking, wildlife patterns and foliage viewing in some of our states towns who have struggled for years to become the tourist meccas they now are. It's a delicate balance. Losing the tourists in any amount has dire consequences, as nh fish and game found after a bad snow season decreased registrations so badly last year.. tourists are this states life blood. Most of the electrical rate decreases will not effect nh residents with the average savings of \$40 year, rather more ma CT and RI where the power is being diverted to. Nh already exports more electricity than we use. Granite is also one of the most unstable rock formations, constantly shifting. These I

isaac bernstein	Chichester, NH	2017-03-08	New hampshire backcountry is where I practiced how to become an avid outdoorsman, to see the land be destroyed by modern man brings shame upon us as humans who originate from this great land.
Wayne Garland	Plymouth, NH	2017-03-08	I see this as a senseless measure to control NH electric customers by an oversized corporate misleader. Their claims are false, inaccurate and overreaching. Katherine Stroup	Lee, NH	2017-03-08	Site Committee, please do your job and go through the fully intended process. The people of NH who depend on our environment and scenic beauty for livelihoods for generations to come are worth that much. How about this-- I believe the site committee should command the state to erect 4 large towers in the middle of Towne Square in Waterville Valley, and study the effect of that view on their tourist business. For the next 10 years. Then see what the next few governors think about these towers in NH. NH's scenery (NO TOWERS) is our entire tourist industry, from the Seacoast to the Canadian border. NH does NOT benefit from Northern Pass. While at it, NH House members should investigate the fear-mongering by Eversource.

Mary Lannon	hillsboro, NH	2017-03-09	I love nature and NH pure and simple.
Donna Eaton	Seabrook, NH	2017-03-09	I don't want to see NH ruined we are a beautiful state let's keep us that way DO NOT allow this to go through
Diana LAnkler	Stratham, NH	2017-03-09	Nature is everything!
Shannon Main	nelson, NH	2017-03-09	I'm signing because I love nature and do not want to see it spoiled by power lines. There are other less destructive means of supplying power to the region. I personally think windmills are beautiful. And I'd like to see further research on windstalks, something that can add beauty as well as generate power.
Tina Villnave	Danville, NH	2017-03-09	I'm opposed to the destruction of some of New Hampshire's most beautiful natural areas. Damage that would be done and not really benefit New Hampshire over the long haul. Tourism which is a big industry in our state would be impacted irreparably.
Carol Ross	Rindge, NH	2017-03-09	Destroying our earth for profit needs to stop.

Randal Armstrong	Barrington, NH	2017-03-09	No to Northern Pass! Keep NH beautiful and support renewable energy sources.
Janet Douglass	Concord, NH	2017-03-09	NO NO NO NO you don't
Britney Reardon	Suncook, NH	2017-03-09	My husband and I just purchased a brand new home in beautiful Allenstown, NH, only to learn that the NP Project is planning to come through only a few hundred yards away. We moved here for the scenery and way of life, both of which are threatened by the NP. It would destroy our view, our neighborhood, and our property value.
nancy parry	rochester, NH	2017-03-09	Your making our world ugly
Tracy Drew	Plymouth, NH	2017-03-09	The energy won't even benefit NH. Jobs? Unless you're a logger or other male related jobs....not benefiting anyone. Why destroy this beautiful landscape to send power to CT?
Rebecca Webbe	Nashua, NH	2017-03-09	I moved to my for the natural beauty and for the hiking.
Lindamae winkley Blair	Wakefield, NH	2017-03-09	I love my mountains and my state and this would not benefit the people in my area.
Christine St. George	Brookline, NH	2017-03-09	This project is not needed in New England. It is just a money maker for the rich who don't care about anyone but themselves.
Leslie Gray	Greenfield, NH	2017-03-09	I live in NH and highly value our land and environment.
Lia Rothstein	Hanover, NH	2017-03-09	This project will cause irrevocable harm to the environment and is not needed for NH's energy future.
Nicole Buttermore	Laconia, NH	2017-03-09	I am siting because it is criminal to let these corporations destroy our lands for profit. Be prepared to face resistance. We will not go quietly. No more!
theresa swanick	Effingham, NH	2017-03-09	Tourism is the enduring resource vital to the north country of NH and is not outweighed by private company development with its temporary jobs and lasting negative impact.
Angela Bain	Campton, NH	2017-03-09	Why is this still even an option? It's pretty obvious the people have spoken!
Angela Bain	Campton, NH	2017-03-09	I like New Hampshire just as it is....BEAUTIFUL!
Angela Jackson	Lowell, MA	2017-03-09	Save our beautiful natural landscape!! Don't ruin the White Mountains and NH!!!!
Sharon Lefebvre	Andover, NH	2017-03-09	The White Mountains of NH are my favorite place on earth. They MUST be protected!
Kathleen Levesque	Nashua, NH	2017-03-09	The trees need to be left alone
Richard Hanson	Concord, NH	2017-03-09	Please bury the northern pass

david roark	Suncook, NH	2017-03-09	it would be a travesty to new hampshire's beauty
Greg Allard	Londonderry, NH	2017-03-09	There is nothing in it for NH. We have the highest rates in country and a 5% decrease is nothing compared to the 50% more that we pay, rather keep the land as it is.
kimberly forni	Laconia, NH	2017-03-09	I live in New Hpshire and do not want our beautiful forests ruined.
Diana Gaudet	Nashua, NH	2017-03-09	It would be detrimental to tourism and the energy is not going to benefit new Hampshire
Debbie Redfield	Keene, NH	2017-03-09	I am against this project . I reject destroying the environment.
Carol Brooks	Concord, NH	2017-03-09	Deny NPass permission to destroy NH environment and communities.
Brooks Bartlett	Bethlehem, NH	2017-03-09	Ever spent anytime in Quebec? They ruined their own province, why would they care about NH
Rachel DeCicco	Thornton, NH	2017-03-09	I have lived in the area that this project is trying to use for 50 years. No one in New Hampshire will benefit in any way from this project and the project will destroy the natural beauty.
MV MacIntosh	Billerica, MA	2017-03-09	The environment must be protected.
Catherine Bushueff	Sunapee, NH	2017-03-09	No to Northern Pass. It is environmentally destructive and will not benefit NH and is wrong direction to go. We need to smarten up when it comes to energy production and adopt European style efficiencies
Katharine Didier	Woodstock, NH	2017-03-09	I do not want to see the Beauty of the NH landscape destroyed. That is why people visit NH. We depend upon tourism.
Donna Tremblay	Manchester, NH	2017-03-09	I care about conservation and protecting our forest from development
Marta Tomlinson	Frederick, MD	2017-03-09	Just stop vandalizing the country in the name of greed! Invest the extra cost and bury the damn lines!
Tammy Kidney	Campton, NH	2017-03-09	1. Northern Pass will hurt NH economy. 2. America should produce and supply it's own energy resources and not rely upon foreign governments. 3. Northern Pass will be detrimental to the
Rebecca Hunter	Salisbury, NH	2017-03-09	The Northern Pass is a bad idea.

Penelope Verville	Hopkinton, NH	2017-03-09	I love the northern counties of NH. The only wilderness left here don't destroy it.
Carol Bond	Pittsburg, NH	2017-03-09	I live in the potential affected area
Richard Gracie	Kingston, NH	2017-03-09	NH is worth saving.
Cindy Bogus	Tamworth, NH	2017-03-09	I love NH, and all the natural beauty. Those power lines will forever have a negative impact on our beautiful state!
Neiani Sawyer	Franconia, NH	2017-03-09	I don't want this in our state
Cynthia West	Nottingham, NH	2017-03-09	i oppose northern pass.
ann higgins-salo	hollis, NH	2017-03-09	NP will harm NH!
stephanie james	Derry, NH	2017-03-09	We don't need the Northern Pass - we need nature and wildlife. We need the money tourists bring when they come to see the beauty of our state. Preserve the beauty of NH say NO to the Northern Pass.
Chris Reagan	Straffordq, NH	2017-03-09	There are better ways to generate power and to keep jobs right here in NH.
Jonathan Moore	Windham, NH	2017-03-09	I want my state to stay beautiful!
Willett Malone	Naples FL, FL	2017-03-09	Our son, Jon Martin, is a forester in NHowns Martin Forestry Consultants in Bridgewater NH
Andrew Jeffrey	Hollis, NH	2017-03-09	Bury the lines or bury this plan.
John Hughes	Thornton, NH	2017-03-09	Do NOT ruin pristine Northern NH for pure greed and economic gain at the expense of the scenic and beautiful Great Woods-the only economy left in the North Country is tourism-why would ANYONE want to ruin that?
Randy Sawtelle	Chichester, NH	2017-03-09	This is another traversity against our small state.. and like Seabrook. Leave our Mountains alone!! once gone forever gone.
Tina Smith-Krause	Plymouth, NH	2017-03-09	I'm signing because I love the natural beauty of NH with all my heart. Too, I think this venture is exploitive.
Beth Page	Plymouth, NH	2017-03-09	I don't believe this agenda is good for the state of New Hampshire.
Jacqueline Hamilton	Concord, NH	2017-03-09	I care about the environment and we need to use solar and wind power not electrical power
Wilma Stackpole	Rochester, NH	2017-03-09	I love NH
Karyl Silva	Plymouth, MA	2017-03-09	Our state is far to beautiful to be sacrificed for this power line which doesn't even have benefit to us

Lisa Toole	S. Berwick, ME	2017-03-09	Land conservation should lead utility and economic development. Be kind to our disappearing natural environments!
Richard G Leone	Concord, NH	2017-03-09	i want it buried
Nancy West	Bow, NH	2017-03-09	Just take a good look at Old Quebec City with their 'hydro power transmission lines' and see if we want ones like them running and ruining our landscape. This is my state, the one I was born in, and I don't want to see it marred by Northern Pass.
Emily Lohmann	Brooklen, NY	2017-03-09	Don't ruin our state!
RaNae Newland	Fairview, UT	2017-03-09	I used to live in New Hampshire and the beautiful country should stay that way!!!
Dan Demers	Weare, NH	2017-03-09	This is an outrageous abuse of power that has absolutely no benefit to the state of NH
Leslie Thomas	Concord, NH	2017-03-09	I want to preserve the natural beauty we have remaining in this beautiful state! Energy lines that will be over our land and in our visual airways to send power made in Canada to another state south of NH is not in the best interest of our children inheriting this land and these views from us.
Carolyn Russell	Warner, NH	2017-03-09	I value the beauty of the NH landscape and want to preserve it for future generations by making smart choices now.
Colleen Steinbeiser	Pembroke, NH	2017-03-09	I've seen all the clearing Eversource is doing in preparation without legal permission to move forward on the northern pass project!!
George Sias	Littleton, NH	2017-03-09	I Don't Want Towers. And To protect Our Beautiful Land.
Lori Davis	Meredith, NH	2017-03-09	I'm signing because , I when my grandchildren, to always have the forest and steams. And I love my beautiful home state of NH.. Praying I ever see a pipe line though it.
Alison Vernon	New London, NH	2017-03-10	Although I am generally not very vocal about most issues, I am opposed to Northern Pass. I love our beautiful, wild NH lands. There must be an alternative to this huge and destructive proposal. Alison Vernon
tom holtey	Wonalancet, NH	2017-03-10	please keep nh wild, natural and free of blight
Christine White	Bristol, NH	2017-03-10	Keep new Hampshire beautiful please
Elizabeth Kelly	Holderness, NH	2017-03-10	I love our scenic state. This project does not benefit NH. I remember how Seabrook was going to beneither NH and that didn't happen.
Jonathan Parker	Manchester, NH	2017-03-10	Ever since I moved to this state I have enjoyed the scenic views it brings to offer. I'm an avid mountain biker, hiker, Hunter and overall outdoor enthusiast. I hate seeing beautiful environments get ruined by these eyesores. The last thing this state needs is a disruption in the harmony that New Hampshire's wilderness brings to its people.
KATHERINE corrigan	gorham, NH	2017-03-10	I want N.H TO STAY BEAUTIFUL.

Kathryn Badylak	Plymouth, NH	2017-03-10	I love to hike in the Beautiful White Mountains. Northern Pass will change that view forever.
Brenda Greene	Concord, NH	2017-03-10	Northern Pass is a scam for big corporation wealth! The promise of jobs...false they are bringing workers in from CANADA. The power is going right through our beautiful landscape to serve Connecticut! The power of big money and that is it.
N A	Milan, NH	2017-03-10	No one in New Hampshire needs this, it's bad enough with all the wind towers they put up, and now this.. It's destroying the beautiful landscape
Thomas Davies	Hollis, NH	2017-03-10	NH needs to protect the very special characteristics that define it.
Inoma Bushnell	Salem, NH	2017-03-10	I don't want all those trees cut down or to disturb mother nature. Some things are just better left alone.This is one of those things.
Sophie Bedard	Nashua, NH	2017-03-10	It won't benefit NH.. and don't ruin the landscape
Gail Emerson	Manchester, NH	2017-03-10	I want to preserve the beauty of my state! And keep us healthy with clean rivers and soil!
C. C. Quimby	Conway, NH	2017-03-10	The fight to prevent the Northern Pass will never stop.
PJ Jones	Tamworth, NH	2017-03-10	I love our "natural beauty"
Trixie Lefebvre	Londonderry, NH	2017-03-10	The North Country must be protected from the blight this project will cause. Our North Country needs tourism and Northern Pass as proposed will turn visitors away.
Dawn Marticio	Campton, NH	2017-03-10	Let's not ruin our BEAUTIFUL landscapes and scenic roads!!
Giovanna lepore	Canaan, NH	2017-03-10	This is the wrong choice for our state . We get none of the benefits but the aftermath will destroy the beauty of the north country and make pristine lands that attract many tourists into a wasteland we have seen in other states and countries.. this is a means to make power companies richer and dangle a carrot to say it makes jobs, temporary jobs , while these companies bring in their own crews from outside the state. Leave the natural legacy to our children and grandchildren. Don,t just think about money. In the end you will have created a blight for the lower new England states to benefit from.
Jennifer Ohler	Warner, NH	2017-03-10	By the time this monstrosity is built it will be outdated. We need more locally renewable, decentralized sources.
Barbara Card	Newton, NH	2017-03-10	I have always loved NH don't lessen it
Laurie A. Couture	Exeter, NH	2017-03-10	I am signing because I love New Hampshire's beautiful land and forests. Laurie Sanborn	Gilmanton, NH	2017-03-10	I love NH and don't want to see a high voltage transmission line go through the middle of our beautiful State.
Carrie Hudson	Maitland, FL	2017-03-10	I support this petition
Mary Sawyer	Laconia, NH	2017-03-10	Please please look at homes of many residents who have no voice. To build something that would make money You have never walked into the woods never reach a mountain top to see the views that surpasses any scene. Beyond this earth it's a bit of heaven. You need to go to this area I challenge you to go see the beauty bestow upon nh and maybe you will understand why so many wish for you to go away. Get rich somewhere else
Candace Wharton	Francestown, NH	2017-03-10	For the good of our future generations and the success of our tourism industry, we our state to remain its beautiful self.
Barbara Lucas	Plymouth, NH	2017-03-10	Lower rates - heard that before! Don't believe it. SIGNED IT.
Dorothy C	Dover, NH	2017-03-10	We do NOT NEED more electric transmission lines especially not at the cost of natural beauty!
Kathleen Turnbull	Suncook, NH	2017-03-10	Don't want this ruining my neighborhood for no good reason. Bury it!
Joseph Capozzi	Exeter, NH	2017-03-10	There is no dire need for this project. New England has enough electrical generating capacity and interconnections to more than fulfill its needs. Secondly there is no long term promise or guarantee of lowered electric rates for NH or New England it is a carrot dangling that the people of NH will never get. The project is a money grab for those proposing it at the expense of NH land and residents.
Kara Scheerhoorn	Nashua, NH	2017-03-10	I believe there are other means of powering our country without sacrificing our children's natural heritage. I want to see NH thrive and survive and maintain its natural beauty and resources. Let's

Stephanie N. Verdile	Gilmanton, NH	2017-03-10	This would permanently ruin NH landscape
Jen Sielicki	Lebanon, NH	2017-03-10	Renewable sources of energy are the future.
Kelly Wieser	Campton, NH	2017-03-10	I'm signing because my family lost our business four years after Northern Pass was proposed to run through our former real estate development/golf course property. We could not sell a single piece of real estate after the NP proposal was made and thus could not make the mortgage and many other payments. Six months after the foreclosure, NP shifted its proposed path away and underground. I have endured a lot of tragic events in my lifetime but those four years, and the two years since, have been, by far, the most excruciatingly painful. My personal battle with NP is nothing, however, in comparison to the suffering the First Nations people of Canada endure every day as a result of the resources destruction big hydro causes, especially for the Pessamit Innu in the case of NP. This project was proposed in such a faulty and outrageously irresponsible manner from day one and does not deserve to receive approval to be built. New Hampshire clearly deserves better!
Erin Standinger	Portsmouth, NH	2017-03-10	I'm signing this because I care about the wild life, trees, and plants within the surrounding areas. Just because it's open land doesn't mean you have to destroy it with power lines.
Diane Blake	Colebrook, NH	2017-03-10	I don't want these towering towers where I live. Their not healthy. No benefits for NH. If Mass and Conn need it let them bury the line right down the Connecticut river.

Amy Prince	Loudon, NH	2017-03-14	I'm signing this petition because the north country is beautiful. I love to go up there to enjoy nature. The northern pass will destroy the natural beauty. If the northern pass goes through, I won't go north anymore. I'd likely take vacations in other states.
Dan Bilodeau	Hadley, MA	2017-03-14	I have fond childhood memories of my aunt & uncle's camp in Clarksville, NH. This is going to destroy the beautiful, untouched landscape. We should preserve the little places of natural serenity left in this country.
Susan Schibanoff	Franconia, NH	2017-03-14	There is no need for this merchant project, which would scar New Hampshire's landscape, a highly treasured and valuable asset, with concomitant adverse impacts on tourism, including second homes and property devaluation. States like New Jersey have learned this lesson the hard way. Don't let the "Granite State" become the "Take It for Granted State" that loses its signature asset.

David Maher	Dover, NH	2017-03-14	I am an environmentalist
Eliza King	New Hampton, NH	2017-03-14	Mega corporations should not harm our state and ruin private land.
Martha Richards	Holderness, NH	2017-03-14	I'm signing because hundreds of us have been fighting this damnable unwanted, unneeded, greedy project for over 7 years.

			Unless it is buried TOTALLY under state-owned major car and rail corridors the orange opposition will stay strong for all 190 miles into perpetuity!
Joyce Coleman	New Hampton, NH	2017-03-14	In addition to the unacceptable environmental damage, Northern Pass will be highly detrimental to New Hampshire's tourism industry, which is largely driven by the scenic beauty of our state. Who will come to see the towers?
Kristen Patterson	Orange City, FL	2017-03-14	Nh mountains are my home.
Gail Laker-Phelps	Chichester, NH	2017-03-14	I'm signing because the people of this state want these lines to be buried the whole distance or cancel this project! Look at the winds and storms we are having, it makes sense to bury lines, but mostly we don't want to see the beauty of our state destroyed!
Gordon Rowley	Campton, NH	2017-03-14	Stop Northern Pass and giving control of our power to Quebec Canada. Not part of the United States!!!
Jane Ayers	Hot Springs, AR	2017-03-14	WE must find ways to take care of our needs, not wants, in a sustainable and respectful manner. The Northern Pass is not the way to accomplish this.
Emese Varga	Purling, NY	2017-03-14	As a longtime visitor and soon to be resident of New Hampshire I feel that this project will prove to be permanently damaging to the beauty and ecology of New Hampshire. It is unnecessary; does not benefit the state's residents and is just a greedy move for money. No care for the environment and it has to stop,
deborah richards	granger, IN	2017-03-14	We will not sacrifice the beauty of our state, nor our property values.. NO to northern pass!!!
Scott Davidson	Raymond, NH	2017-03-15	I strongly believe in protecting the beautiful land that is The White Mountains. In my opinion, the ecosystem and landscape of our home should not be compromised further for selfish gains.
Joanne clark	Fall River, MA	2017-03-15	I believe that the land sh be free of pollution , trash , ect. We need the trees for oxygen and a clean place for our children .
Kayleigh OConnor	Norwalk, CT	2017-03-15	My parents live in NH and I own land in NH. I'd hate to see the beautiful country side marred by the Northern Pass and ruined for future generations.
Laurie Legard	Nottingham, NH	2017-03-15	NH will not benefit from this and we do not want it here!
Beth Harwood	Franconia, NH	2017-03-15	Northern NH is a resource to be treasured and protected. As an area that relies on tourism to survive cutting a swath through it for the benefit of those who don't live here does not make sense.
Peter Moran	Colebrook, NH	2017-03-15	The beauty of NH is the natural views. Please do not allow a foreign power company ruin our natural resource and beauty.
Grant Ruggles	Sugar Hill, NH	2017-03-16	We are opposed to having this old school technology in our views shed.

April Downton	Plymouth, MA	2017-03-16	This is just WRONG. We cannot destroy anymore of what is left of the beautiful parts of the country that remain.
David White	Bristol, NH	2017-03-16	NH is beautiful and we have enough electric power if you want to send it to another state produce power there.
toni stewart	LANGHORNE, PA	2017-03-16	Please use I-93. Do not tear up our towns and routine our views
Gerald Beck	Holderness, NH	2017-03-17	NP is wrong on so many fronts. If it has to happen, it should run down I-93.
John Amey	Pittsburg, NH	2017-03-17	It is becoming increasingly obvious that the economics of this ill-founded project are as archaic as above-ground design itself. If the energy is truly needed in the southern New England marketplace, then it should be transmitted there through other competing projects that have been designed from the beginning, to be totally buried.
Michael Phillips	Groveton, NH	2017-03-17	Destroying our home for the benefit of the greedy fails.
Robert Fenton	Pittsfield, NH	2017-03-17	This will trash our state for no apparent benefit. It is not green energy when you flood an area the size of France to produce hydro power. We can do better. Tidal, solar, wind.
Laurence Rappaport	Colebrook, NH	2017-03-17	The Canadians are opposed as well they should be. They are putting pressure on Hydro Quebec. Why should we and they suffer because people in Mass. and Connecticut won't do what they have to?
Jamie Durand	Canterbury, NH	2017-03-17	Because these lines should be buried. The towers will run through my backyard and ruin my property and my property value.
John West	Colebrook, NH	2017-03-17	This project will drive up property taxes, harm the economy and bring no net benefit to the people of New Hampshire.
Heidi Walton	Gilmanton, NH	2017-03-17	It is the right thing to do for New Hampshire!
Linda Brownson	Wentworth, NH	2017-03-17	I am signing this petition because Northern Pass is not needed or wanted and would be devastating to our environment, the White Mountains, and our communities.
Daniel Adams	Woodstock, NH	2017-03-17	I oppose Northern Pass in its current form.
Michael Bettencourt	Lisbon, NH	2017-03-17	I do not want or need the Northern Pass. Protect our forests!
Thomas Vlark	Campton, NH	2017-03-17	It is the RIGHT thing to do!
Nicholas Alti	Kalamazoo, MI	2017-03-17	We as a community absolutely must stop losing nature to industry. We need the economic sustainability of natural, uncorrupted land now more than ever, as most of it has already been destroyed or privatized.
Adrienne Richardson	Hingham, MA	2017-03-17	I visit the area frequently and have relatives there in a beautiful pristine area of NH.

David Pickman	Bethlehem, NH	2017-03-17	Project would have Negative Impact on NH's wildlife and ecology...AND would definitely deter tourism...
chris haynes	Colebrook, NH	2017-03-17	Northern Pass will drastically change the landscape and have far-reaching impacts on our tourism-based economy. This project will dramatically alter precious landscapes, jeopardize recreational tourism, and disrupt waterways. The Northern Pass does not belong either above ground or on our scenic New Hampshire roads and forests.
Carol Corvi	Whitefield, NH	2017-03-17	Don't want the towers.
Patricia O'Brien	Franconia, NH	2017-03-17	Our landscapes are our livelihood. This is too important to our welfare to sign over our life to a utility who does not have our best interest in mind.
Sarah Cummings	Colebrook, NH	2017-03-17	It is not needed and not wanted!
Nan Welch	Concord, NH	2017-03-17	Protect our state from ugly towers. Respect the beauty of the state NOW!
Tammy Pelletier	Bath, ME	2017-03-18	It's the only voice as an American to loudly say NO!!!!!!!
Bill Duesing	Oxford, CT	2017-03-18	I'm signing because I love hiking and climbing in New Hampshire.
Jennifer Siskind	South Glastonbury, CT	2017-03-18	We need locally distributed energy and micro grids powered on renewables. It's our only hope
Diba Khan-Bureau	Salem, CT	2017-03-18	I've been visiting New Hampshire for 20+ years. I x-country ski, hike, and run the mountains. It's one of my favorite places to take my children. It's one of the most picturesque and biodiverse places in NE. It has a majestic beauty that's undeniable. Please protect the history, habitat, ecosystems, wetlands and forests. Protect New Hampshire's economy and those folks that live there from the wrath of Eversource and Energy companies that will destroy the natural beauty of New Hampshire.
Jens Peter Dybwad	Plymouth, NH	2017-03-18	we live next to the lines river crossing
Barbara Felling	Betterton, MD	2017-03-18	My family has had a home in NH since the 1880's. The quiet beauty of NH is in our heart and our home. We have been protecting the lands in the Great North Woods long before it had that designation. Please preserve its beauty. It is a heritage we owe our children and generations to come.
Tracey Watkins	Moodus, CT	2017-03-18	We visit NH every year. Don't ruin such a beautiful place.
Ariel Villarreal	Tucson, AZ	2017-03-18	save the lands!
Mary McKenney	Southbury, CT	2017-03-18	I am heartsick over what is happening in this country. My once rural downtown street is littered with useless buildings - and vacant signs.
Anne Hoyer	Holderness, NH	2017-03-18	A private company should not have the right to degrade NH views, property values, and tourism for its own benefit. Bury it - do it right or don't do it at all.

Leslie Searles	Dublin, NH	2017-03-18	I am totally against this operation! No Northern pass! We love NH the way it is!
Lisa Cutler	Franconia, NH	2017-03-18	I'm signing this petition because Northern Pass will ruin our beautiful landscape. Once it is gone we will never get it back.
Jessie McGinley	Silver Spring, MD	2017-03-19	I am signing, because I am a home owner in the area affected and I believe my basic rights are being infringed on by having a private entity invade!!!!
Laureen Lafond	Fitzwilliam, NH	2017-03-19	I visited Sedona, Az a few years ago and was sad to see power lines running through Native American ruins. Even the guide book used the power lines to orient hikers. It was at that moment I realized I opposed the Northern Pass. We should know by now not to mar our landscape, especially when there are alternatives. What excuse would we give to the next generation.
Zach Russo	Marshfield, MA	2017-03-19	I'm signing because I love New Hampshire. I've grown up taking trips up to Lake Winnepesaukee, and there's nothing like the natural beauty of the Northern woods. I however grew up off a set of high tension wires, and saw how they change the land. The beautiful northern states need to remain untouched, as to not sever our ties with our roots, our past, and our breathtaking landscape.
Ross Currier	North Sandwich, NH	2017-03-20	Don't allow them to put their extension cord across our iconic scenic countryside! There is nothing gained and much scenic and cultural beauty lost if NH allows them to do so. STOP NORTHERN PASS!!!
Cheryl Carlin	Colebrook, NH	2017-03-20	I was born and raised in NH and spent many summers enjoying the areas that NP threatens with its projected path of destruction. They are planning on raping the land for profit, and not even profit for the state of NH which doesn't need the energy but, to send it to states south who will not allow the very thing that NP is going to be allowed to do here. Use the corridors that are already in existence. There is no reason not to other than greed and bottom line profit!
Taras Kucman	Concord, NH	2017-03-20	Eversource competitors have adopted 21st century technology to deliver Canadian Hydro-Electric power and have received Presidential Approval. Eversource clings to 19th Century technology on high tension wires which scar landscapes. Eversource's value proposition is plummeting.
Brian Tilton	N. Sutton, NH	2017-03-20	Don't trash my state because others failed to plan for their own energy wants. Stop the self-dealing by investor-owned monopoly utilities.
Nancy Martland	Sugar Hill, NH	2017-03-20	I believe that Northern Pass will impose unnecessary damage to the historic and cultural landscape of New Hampshire. If it is built, ALL of it should be buried, as is being done in Vermont, NY and Maine by other transmission projects. This will eliminate much of the negative impact.

Chris Schadler	Webster, NH	2017-03-20	Northern Pass energy isn't "green" (look at the mess they've made in Canada) and the energy isn't needed here in NH. It's a travesty to the people and the land of NH.
Roo Marvel	Thornton, NH	2017-03-20	This is antiquated technology. Why should we accept a project based on greed??
Rebecca More	Providence, RI	2017-03-20	The destruction of NH's iconic historic, scenic and rural landscapes for a transmission line will cost NH ratepayers more than the alleged benefits will produce. Please deny or recommend burial of the entire Northern Pass project. Thank you.
Robert Bast	Lancaster, NH	2017-03-20	There is no need to run overhead lines for Northern Pass. A similar line is going UNDER Lake Champlain. The proposal before the Committee is destructive and short sighted. Please force the Northern Pass to bury the entire line. It is entirely feasible.
Patrick Attiya	Rochester, NH	2017-03-21	I would prefer to see an environments being preserved. Don't say Northern Pass has little to no effect on the environments. A major forest fragmentation is enough to make several species go extinct.
Mary Lee	Northfield, NH	2017-03-21	Unecessary project that will impact adversely the land & people of NH. Canada wants profits from a valuable asset: Private Property of NH used as conduit into deep pockets of investors of Hydro-Quebec.
Will Abbott	Holderness, NH	2017-03-21	We dont want the scars and dont want our land and landscapes to subsidize this power.
Hali Beckman	Jamestown, RI	2017-03-21	The notch is worth preserving and we need to find alternative sources of energy. Invest in alternatives.
Mike Cameron	Holland, MA	2017-03-21	I'm signing because NH's landscape is -- by far -- its most valuable asset and, although I think renewable energy is the way to go, I firmly believe its transmission to S-NE need not mar NH's best asset.
Trine Bech	Burlington, VT	2017-03-21	The power line will ruin the beauty of New Hampshire ali g the line. Bury it!!
Nick Fay	Newburyport, MA	2017-03-21	I am a student at UNH and greatly enjoy the rides through the hills of New Hampshire. Also if there is already space, like I-93, for these power lines to be placed then the destruction of the environment is not needed

Elizabeth Evelyn	Washington, DC	2017-03-22	It would be a disgrace to treat this beautiful land and habitat this way.
Stephen Weber	Campton, NH	2017-03-22	I believe in the natural beauty of our state as the big draw for tourists. In the winter I work at a Nordic ski center. Skiers from out of state visit NH for the pristine natural landscapes and the wildlife. Our most precious resources would be adversely affected by the Northern Pass project.
Marisa Beedle	Farmingdale, ME	2017-03-22	My father and I were forced to have lines similar to these placed through our fields when he built our house. There are so many everywhere in the lesser countryside area his home is and it truly destroys the beauty of nature. NO TO NORTHERN PASS
Mary Kae Eckert	Concord, NH	2017-03-23	New Hampshire's greatest asset is its natural beauty. Northern Pass would inflict irreversible harm on our environment. I oppose our dependence on fossil fuels and support alternative energy. Northern Pass misdirects limited money and resources away from alternative energy. I do not believe the limited and short term economic benefit of job creation for construction of Northern Pass outweighs the economic costs of undermining our tourism industry.
dennis capodestria	Plymouth, NH	2017-03-23	This project is not in anybody's interest except for the pockets of the transmission company.
Jennifer Highland	Plymouth, NH	2017-03-23	This project is not in the interest of NH's citizens and threatens our environment. Overland power lines are an antiquated and vulnerable approach to energy distribution.
Barbara Mathews	Deerfield, NH	2017-03-23	Northern Pass is a money making enterprise that would devalue private property, destroy the natural beauty of NH, threaten public health and deface historic lands and buildings. We do need Northern Pass - it is not a reliability project - and we do not want Northern Pass. It should not be built.
Mark Hilliard	Deerfield, NH	2017-03-23	1). NP will lower property values.2). NP will damage NH's scenic beauty and tourist trade.3). NP will be a potential terrorist/military target.Do Your Duty---Protect New Hampshire--Vote "No Northern Pass"!

Jocelyn Messier	Deerfield, NH	2017-03-24	I am opposed to the Northern Pass project because of its impact on our environment and the scenic value of our beautiful state

Denise Greig	Deerfield, NH	2017-03-25	Deerfield doesn't have a single stoplight but Northern Pass wants to scar our beautiful rural town with high voltage lines and over 80 industrial lattice structures, almost all towering above treeline. NP plans to build a massive second substation, destroying the habitat and neighbors' enjoyment of their homes! No To Northern Pass!!
Jo Anne Bradbury	Deerfield, NH	2017-03-25	No to Northern Pass. This project is a money maker for Hydro-Quebec and Eversource, and it will ruin our beautiful landscape. It is a bad deal for New Hampshire and its citizens. It is incomprehensible that the Governor is in favor of this blight on our landscape. The few jobs it will bring are only temporary. If this project is approved it will become known as the Sununu Scar.
Edgar Gonzalez	Peterborough, NH	2017-03-26	I love nh.
Serita Frey	Deerfield, NH	2017-03-27	Northern Pass will change the rural character of Deerfield and the project isn't what is needed for New England's energy future.

Justin Jolicoeur	Londonderry, NH	2017-03-27	I care for New Hampshire's environment and the beautiful scenery it has.
Melissa Zych	Deerfield, NH	2017-03-28	There is no benefit to NH. Hydropower is NOT clean power. They have devastated land in Canada to harness the water. Behind the hydro-dam is a build up of methane; a very powerful greenhouse gas. Ratepayers will end up paying for what Eversource alone will benefit from.
Christopher Leahy	Boston, MA	2017-03-28	There are other ways
Alexio Serrano	Northampton, MA	2017-03-28	Because i care about the wilderness of new England and New Hampshire. All of the northern states. This is another ploy to destroy more land and can cause fire. Its like when they first started with aqua electric vehicles and those costed more lives than one can count. Now they think that these lines will be better. They know it won't be better, every single day we lose more precious land

			to the rich. Everyday the world goes dimmer because of money and the elites making it more impossible for the average man or woman to live the way they want to. Which is up in the mountains without all that crap that the big cities have. People wonder why theres an increase of people moving to new England or to Vermont or maine or new Hampshire? Because they got so sick and tired of the congestion and noisy cities with their rude people out for themselves and only for them selves. This is the elites way to destroy our lands that we fought hard an long to keep away from big companies. I urge the people to sign this petition. B

For animals habitats, clean water, and yes people to experiance the wonders that unspoiled land provides. God damn it, when will humans stop. We live off the grid. It is very possible for many others to do the same. This is going in the complete opposite direction!

Jane Weber	Campton, NH	2017-03-30	I value our NH landscape and don't want it damaged. I also want to protect wildlife, tourism, and a competitive market for green energy development. Nadya Mahoney	Worcester, MA	2017-04-23	I am totally against this as there is an absolute need to preserve the visual open space vistas that New Hampshire as a state is one of the last bastions of this on the east coast. All of the ecology would be interrupted, and the serene waterways would be forever lost.
Zoe Morsette	Long Island City, NY	2017-04-24	As a native New Englander, I know how fragile our landscapes really are and how small towns and communities can be forever ruined visually and economically by ill-conceived plans like Northern Pass
Nancy E. Liberty: Individual ownership gets pushed aside for business...yet again. Happiness: look at the picture! No choice here. Build the damn thing alongside I 93.! What's the problem?
christina lunetta	derry, NH	2017-04-25	The pros do not outweigh the cons. In doing the Northern pass we are risking health problems as simple as headaches, to as serious as cancer. Not only will creating room for towers destroy land but the towers will cause plants to die, risk flooding, and deter animals away. NH is known for being a beautiful state with grandiose landscapes. Why destroy such a great state that is the "poster child" for mother nature? Why cause unnecessary risks to wildlife, people, and the environment. As a state we live by the motto "Live free or die", we should not be bullied by the big companies to comply simply for quick profit. This is not natural, sustainable energy. The northern pass does not represent what the NH people want, it does not represent what we need. All it represents is giving into greed and being selfish. It is important we continue to remember what this state is about, what the people want and how negatively this change will impact us. Let's deny this and stand our ground, being the proud, environmen
Donna Davey	Concord, NH	2017-04-26	I am opposed to the raping and pillaging of my State for the profit of a foreign Govt and benefit of another state that practices uncontrolled spending. NH does not need this and it will cost NH dearly in a number of ways, as well as endanger our tourism industry. Additionally, it is neither green nor clean. For unscrupulous politicians to support this in exchange for promised campaign funds is immoral and goes against what is best for the people of NH. We live here and outside influences need to have no relevance here.
William Lee	Manchester, CT	2017-04-26	I feel it is the right thing to do
Jessica Holland	Nashua, NH	2017-04-26	I love NH's natural beauty and mountains. We don't need the electricity and we definitely don't want our natural resources ruined to line the pockets of American/Canadian energy companies!

Steve Berry	Colebrook, NH	2017-04-26	I don't approve of the way NP has handled the whole process. Arrogance, lies, throwing money around like there's no tomorrow.
Amy Sullivan	Plymouth, NH	2017-04-26	I'm signing because this is the worst proposal for NH and for all of us.
Peggy Smith	Lancaster, NH	2017-04-26	This project will ruin our beautiful state!!! Those towers will be seen from Pittsburg to Deerfield on 93! How can we do this to our beautiful country side!!!How can we do this to our beautiful countryside?
Sarah Oxnard	Exeter, NH	2017-04-26	The new jobs are brief and the damage to our beautiful state is forever. And the energy goes to MA. NO to Northern Pass.
Rene Geiselman	Bedford, NH	2017-04-26	I'm signing because the New Hampshire north country is a beautiful and natural place and transmission towers have no place being there. This project will forever scar the landscape and ruin the natural beauty our state is known for.
Kimberly Smith	Frenchboro, ME	2017-04-26	It should follow major highways like I93
Joshua Harding	Eaton Center, NH	2017-04-26	Foreign power has NO place here, NH is not for sale & does not benefit from the raping of our ancient landscape.
Laura McGee	Colebrook, NH	2017-04-26	They were originally going across my property. We do not want the beauty of the North country destroyed.
Eleanor Nettleton	East Hampton, CT	2017-04-26	The grid needs to be localized .Renewables ought to be the rule.This type of transmission will become obsolete,and the land will suffer.
Janice French	Santa Monica, CA	2017-04-27	I was raised in NH for 28 years and continue to jointly own property that will be impacted by this line, while not receiving any benefits from the power. Bury the line
Paula Bedard	Goffstown, NH	2017-04-27	We must save and protect New Hampshires landscapes
Erin Paul	Thornton, NH	2017-04-27	Chris Sununu is a shifty creep trying to destroy the Grabtite state with power it will not benefit from. He will provide jobs for a summer, and the NH is ruined forever
Suzanne Madore	Pittsburg, NH	2017-04-27	Keep New Hampshire, God's country, intact and beautiful.
milan knowles	Seabrook, NH	2017-04-27	if they want their line bury the whole thing or nothing!
Laura Field	Concord, NH	2017-04-27	This has absolutely NO benefit to NH other than to destroy our ecosystem.

Joe Dumas	Sutton, MA	2017-04-27	I do not want my great state of new Hampshire to destroy the north country to benefit other states
J Martin	Lincoln, NH	2017-04-27	I do not want the beauty of NH compromised.
Lori Schroeder	Houston, TX	2017-04-27	I grew up in N.H. and we spent our summers in the beautiful Lakes Region and White Mtns. It would be a tragedy to destroy the utter beauty of this area, a place that has draws millions of visitors every year. Also consider how it would impact the huge revenues brought in by tourism. These power lines would be a blight to the land and to the economy.
kathy oliver	campton, NH	2017-04-27	Total opposition to this project
Adam Apt	Cambridge, MA	2017-04-27	I spend much of my leisure time in the White Mountains, and I study their history. They have not yet recovered from the devastation wrought by logging (which at least had the virtue of providing employment). The work of the WMNF and other governmental and private organizations in restoring and maintaining the beauty of this area for all to enjoy should not be reversed for the sake of saving a few dollars.
Ruby Duhamel Cook	Lowell, MA	2017-04-27	Wrong! Wrong! WRONG!!!Shame on you!!! WE do NOT need this!!
Maggie Lynch	Carmel, NY	2017-04-27	if we don't protect the environment now, what will be left for our kids?
Lisa Tringali	plainville, MA	2017-04-27	Its very simple, we have destroyed too much already.
Kelley Monahan	Orford, NH	2017-04-27	New Hampshire's unique scenic beauty and the property value of the landowners should be placed above any for profit scheme from a foreign country to provide power to wealthy states who need to solve their own energy challenges.
Rick Cote	Auburn, NH	2017-04-27	I am against all aspects of the northern pass and the little it will do to help NH.
Cynthia Piekos	Waterville Valley, NH	2017-04-27	Keep New Hampshire beautiful
Geraldine Delaney	Old Orchard Beach, ME	2017-04-27	I love the environment to keep its natural beauty. Please do not ruin it for all of us who enjoy visiting. Leave this beautiful area for the next generation and everyone who come after.
Rita Hunt	Manchester, NH	2017-04-27	There are better ways to accomplish this especially with the advances in renewable energy production. NH needs to embrace and support renewable energy projects in NH.
Sabine Duran	Harrisville, NH	2017-04-27	We cannot defragment our forests more than what we already have done. Promote local energy sources and reduce energy consumption by subsidizing energy efficient homes, products, vehicles etc
Alex Baker	Littleton, MA	2017-04-27	I'm from NH. The white mountains serve as a major revenue source from tourism and with this northern pass, it will devastate NH

karla kirk	Allen, TX	2017-04-27	Stop the greed! Please do it for the future generations.
Kristal Coulter	Laconia, NH	2017-04-27	I thinking will hurt instead of help. It's not directly benefiting the people it's effecting.
Erma Sheley	Littleton, NH	2017-04-27	This will be a disaster for NH quality of life and what we have to share with the rest of the country.

Rachael Caron	Nashua, NH	2017-04-27	I love hiking in our mountains. I want my grandchildren to see the same beauty that I do.
Rev Christie Bliss Ley	Shaftsbury, VT	2017-04-27	From the early 1920's my family has owned houses in New Hampshire. My grandfather was involved with New Hampshire beautification. Nothing like these power lines have ever scared the scenery.
Caroline Trooboff	Vero Beach, FL	2017-04-27	I have been in the white mountains for over 55 years. Do not destroy this beautiful, prestine place!
Tina Yourison	Monroe, NH	2017-04-27	We live there...we are tired of big corporations ruining the earth for profit. It's greed, pure and simple.
Laura Neff	Houston, TX	2017-04-27	I love my home in NH
Helen Downing	Wentworth, NH	2017-04-28	This will make a huge scar on our beautiful forest, ruin lives of wild animals AND humans, and not make that much of a contribution to the electric grid. It is not true progress when you decimate the wilderness. A lesson we need to learn before it is too late. Put your money into new technologies, provide tax breaks for those who invest and use. Move on to the future! The Northern Pass is not good for NH!
Rachel Olson	Laconia, NH	2017-04-28	I love NH and do not believe it should be ruined for southern New England's sake. They obviously don't care one bit about us!
Charles Joy	New Hampton, NH	2017-04-28	Burying the entire line is beautiful
Sean Brungot	Berlin, NH	2017-04-28	This project would create a scar across our scenic landscape. No to NP unless they bury all of the line!!!

Nancy Greenlee	Jefferson, NH	2017-04-28	Don't ruin our beautiful state to transport electricity to southern N.E. Bury the lines!!!!
Joshua Jones	Plaistow, NH	2017-04-28	Our great resource in NH is the beauty of our land. Northern Pass does not benefit those who live here.
Shawn Lettre	Claremont, NH	2017-04-28	I don't want it to ruin our woods. If Massachusetts needs that much power. Let them find another way of getting it.
Carol Bond	Pittsburg, NH	2017-04-28	I still live here
Tara Scullin	Bedford, NH	2017-04-29	I don't want to ruin this state with ugly power lines and towers! When will it stop? We have said no! I have lived here 27 years and just bought 24 acres to build a home here. I want to preserve our beautiful state and not turn it into a construction mess. There are so many alternatives to this energy. I am going 100% solar this fall and saying goodbye to Eversource forever. All Eversource is doing is putting a horrible taste in many people's mouths with their forceful demeanor and lack of regard for what the people of NH want. I will move to Vermont or Canada if NH becomes a super highway of power lines. NH will begin to lose the people who care about it for its natural untouched beauty. There are many people who feel this act is completely out of touch with what NHites want.
Kathryn Nickerson	Pelham, NH	2017-04-30	New Hampshire is my home.
Elaine Kellerman	Concord, NH	2017-04-30	People need to stand up and protect the beauty of this state from entities like Eversource.
Danielle Danley	Salem, NH	2017-05-01	I don't want to see our beautiful land destroyed and animals displaced from their home
Christina Petrovits	Falmouth, MA	2017-05-01	I'm signing because I love the raw beauty of New Hampshire and hope that we can maintain its natural appeal for generations to come.
Susan Orłowski	Bristol, NH	2017-05-02	As a resident of one of many towns that would be directly affected by the proposed Northern Pass, I stand in opposition to its construction. These lands are ours. These roads belong to us, the taxpayers. This is our clean air, our skyline, our trails. We chose to reside in this region of the Granite State for its natural, unadulterated beauty and bountiful resources. I am opposed to feeding our pristine beauty, our clear drinking-water spring sources and lakes, our beautiful and protected flora and fauna to the megacorp wolves at our expense. I am opposed to selling out on the pretext of better energy savings when, in fact, Northern Pass will drive up our costs, not reduce them. I'm opposed to forever marring our landscape, opposed to the noise and pollution of our clean environment, and opposed to the destruction of a great swath of New Hampshire's finest natural environment in a tradeoff for ugly towers and heavy lines. Finally, there are many citizens who will be directly, personally affected by this through

David Stickney	Dorchester, MA	2017-05-03	The Northern pass is great countryside. Don't ruin it
Kelsey Frey	Fairhaven, MA	2017-05-04	I'm a hiker from Mass who fell in love with New Hampshire's mountains. Please don't take this planet for granted.
Kevin McNamara	Lincoln, NH	2017-05-05	Keep NH beautiful , Corporate profits are all they want. Stuff it. It is simple as that; make your money somewhere else .
Caleb O'Connor	Lincoln, NH	2017-05-06	I want our natural lands to remain untouched and pristine...as they should be.
Jeremy Benson	Franklin, NH	2017-05-06	I believe that if had any clue about this project when I bought my home, I would have never done I so and I am concerned about the environment and my health. This project is taking away my right to the common wealth by cutting down trees and destroying the habitat of many animals.
Stephanie Mills	Concord, NH	2017-05-07	New hampshire is beautiful and there is no reason to cut down trees and deatroy it.
Michelle Strong	Campton, NH	2017-05-09	I'm signing this because it impacts my town, my family and my life.
Keri Burto	Northwood, NH	2017-05-09	They've already started destroying the economy with views of the wind turbines, I don't want our economy shut down by adding towering power lines.
Casey Hart	Campton, NH	2017-05-09	My home state needs not to be tampered with on a magnatude of that level for electricity that can be sorced elsewhere
Anne Burnett	Deerfield, NH	2017-05-09	NH doesn't need or want Northern Pass.
Lana Brooks	Contoocook, NH	2017-05-10	I don't want to see that hunk of junk in on our beautiful land!!
Beth Maury	Belmont, MA	2017-05-11	I have hiked these lands for years and consider them a national treasure. There is always some short sighted reason to destroy or alter nature instead of protecting it. We have to be disciplined or there won't be any left! Please don't do this, NH.
Monica Anderson	New Berlin, WI	2017-05-12	The scenic value needs to be saved
Christopher Bartley	Deerfield, NH	2017-05-13	I am a homeowner who's property value will decrease due to Northern Pass (tower will come within 125' of home).
Nichole Oliver	Acushnet, MA	2017-05-13	I'm signing because New Hampshire is one of my favorite states to get away to. It's an escape from reality. The scenic views are beyond amazing. I'm sick of companies trying to destroy our forest and national landmarks to put up ugly transmitters and pipes. I hope we all win this fight. If we all stick together we can help save our beautiful earth.
Levi Desjardins	Derry, NH	2017-05-13	I love hiking all over new Hampshire and this will ruin the beauty of this state that also many other people come to new Hampshire for.

Peyton Kocur	Derry, NH	2017-05-13	New Hampshire is the most beautiful state in the country and the trees deserve to stay.
PATRICIA SCHMADEL	New Alexandria, PA	2017-05-13	I value our rich landscape and access to our wonderful parks.
Mike Vogel	Wolfeboro, NH	2017-05-15	Besides the "Tree Cutting" NP will be an ugly eye sore, a burden on residents during long construction, and they simply won't acknowledge why their project would not be cost effective with total burial even though two competitors are proposing it in Maine and Vermont for the same end users!
Elizabeth Robison	Sheridan, WY	2017-05-15	I grew up in NH and have lived in 8 other states and visited all 50; nothing compares to New England! If there is a way of preserving all that we enjoy for future generations then that is what we must do.
Leah Horan	Savannah, GA	2017-05-16	I live nature and we need to stop polluting our planet before we all die
Deborah Stohn	Campton, NH	2017-05-17	It will destroy the most beautiful part of New Hampshire and the economy built upon it.
Patricia Nevers	Concord, NH	2017-05-18	I oppose this project. Not a benefit to NH
Mary Ann Murphy	Concord, NH	2017-05-19	The proposed path in East Concord goes right through a conservation zone and by a beaver lodge.
Kathleen Gallagher	Concord, NH	2017-05-19	I don't want it to effect our values in our neighborhood and ruin the landscapes nor want the high voltage transmission not to mention the other areas where were have our pristine mountains, wetlands, streams and rivers which will affect the landscape and how it might affect wildlife. Thank you.
Ryan Sahr	Concord, NH	2017-05-19	There is a better option. This is a terrible plan.
Ella Wood	New Haven, CT	2017-05-19	As an alumna of Yale, I'm disappointed that my university is providing one of the last remaining paths forward for this power line! Shame on Yale.
Tyler Card	Manchester, NH	2017-05-23	I enjoy hiking. The mountains and landscapes throughout NH are beautiful and this is going to destroy them. It's completely ridiculous that this is even on the table.
Anthony Decristoforo	Gloucester, MA	2017-05-24	Our earth, our land, our right to nature is more important an sacred then any corporation looking to turn a buck on something that is useless an unneeded, this is not the 1900s we dont "need" this, people just want more money an our planet ia not a prostitute so stop the corporate pimping of the planet, sincerely someone who gives a shit. P.s if it was 100% clean energy that was renewable i might have a differnt statement, stop building generic fruitloop cheap versions of something, Germany is projected to have 80% renewable clean energy by 2045 get ur shit together America, get it all together all in one place, pack it up an get ur shit together

			our natural resources and environment, our home. I urge you to consider the sole significant benefit of Northern Pass, corporate profits. Nothing about Northern Pass benefits the people of New Hampshire, the majority of whom do not support this extreme development project which would disturb thousands of acres of valuable wildlife habitat, scenic tourist destinations, and private residences, all while having little to no impact on the economics of our state. Let's consider more "green" energy development projects at home, such as solar installations and small-scale, at-home biomass energy. *Please* do not let corporate money destroy one of the most valued and beloved qualities of this great state! We are depending on you. Thank you.
Karl Grupe	Concord, NH	2017-05-24	I am opposed to the building of the Northern Pass due to its question health issues, reduction of property values, and inadequate reasons for needing such a project.
Rosemary Perry	Meredith, NH	2017-05-24	I am most definitely against denying permission to build the Northern Pass
joanne carey	Franconia, NH	2017-05-24	This travesty cannot happen to our beautiful mountains.
Robin Bruedle	Rochester, NH	2017-05-24	This isn't for the benefit of NH, this is going to destroy our ecosystems. Stripping New Hampshire's beautiful landscape to add huge steel towers. Absolutely not, They have been deceptive from the beginning. The Canadian hydroelectric power is going to MA and CT, stop lying to the residence of NH we aren't benefiting
Brenda Lapointe	Newport, NH	2017-05-24	NP will have no benefits to NH, Only destruction! I say NO even if it's buried. No one in their right mind would be ok with this! The U.S. can generate their own power. Stop the dependence on foreign energy! Green energy isn't green if you have to destroy forest lands to achieve it!
Sheryl castles	sandown, NH	2017-05-24	start using renewable energygy...quit destroying the planet to make money and get richer
Deborah Dunford	Hampstead, NH	2017-05-24	I say no to northern pass
Jim Fleming	Newmarket, NH	2017-05-24	We don't need it. It will destroy our beautiful state
Laurel Moody	Westmorealnd, NH	2017-05-24	I'm signing because I want to protect our beautiful state from ruination by profiteers
Marilyn Cormier	Sandown, NH	2017-05-24	Our environment is more important than just about anything.
Janet Montecalvo	Keene, NH	2017-05-24	This "green energy " no longer becomes green when you're destroying the environment.
Jane Snell	Sandown, NH	2017-05-24	Keep our landscape as it is
Keith Falman	Campton, NH	2017-05-24	Full burial or nothing. I don't think most people realize the size of these towers

Averill Tinker	Lebanon, NH	2017-05-24	We can't ruin our country. We can use alternative ways to get electricity.
Ronald perry	Claremont, NH	2017-05-24	We already have excessive power, we are overpaying because of these fraudsters as it is.
Patricia Fickett	Brookline, NH	2017-05-24	Northern Pass will destroy New Hampshire's beauty and its tourist industry. We should be investing in clean energy technologies, not a project destructive to our forests, wildlife habitats and the natural beauty that fuels tourist economy.
Lisa Merriman	Manchester, NH	2017-05-24	As I understand, this will not actually save us any real money! Just scar our beautiful state so a few will get rich. I am sick of this scenario, greed rules. If you haven't seen the news lately, we the people are sick of this and will make our voices be heard. Please deny the Northern Pass application!!!
Christina Perri	Portsmouth, NH	2017-05-24	We need to protect our green space for future generations and the health of the environment.
Tom Burke	Ashland, NH	2017-05-25	I do not want to see our beautiful state destroyed to supply electricity to Mass and CT. and Long Island. New Hampshire already produces more electricity than we consume. We do not need Northern Pass.
John Martin	Antrim, NH	2017-05-25	Nother Pass is only slightly beneficial to the energy needs of NH, and only for the vry immediate future, as more solar and wind comes on line the need will be even smaller.
Xavier Lund	Nashua, NH	2017-05-25	The NH landscape is beautiful and the wildlife sould be protected from the deforestation and clear cutting
LORI ABRAMS	Amherst, NH	2017-05-25	I love the beautiful state we live in, and want to preserve that beauty. We have something rare here.
Gail Hilliard	Plainville, CT	2017-05-25	Northern Pass offers nothing for the people of N.H. and takes away from our Beautiful Scenery, which is our Tourist Industry. We need the Dollars brought into our State by our Tourists, from all over the World. Only the Politicians gain, from Northern Pass.
Les Dyer	Jaffrey, NH	2017-05-25	What their doing is wrong
Bernadette Fraser	Woodsville, NH	2017-05-25	I will never support Northern Pass. Big money trying to walk all over the little guy. This shit needs to stop. Time to pack your bags and leave NH - Northern Pass - NOW
Gayle Williams	Raymond, NH	2017-05-25	We need to protect our scenic envionmentIf it must be built let it follow our highways. easier to place the pipe less expensive and easier to see leaks.

Jane Byrne	Exeter, NH	2017-05-25	We should be committed to supporting solar.
Erica Fairweather	Manchester, NH	2017-05-25	No. What uncultivated land we have left must be protected and continue to be valued not for its resources but for its gift of just being. Stop destroying beautiful lands for a quick buck. Stop invading serene landscapes for "energy". There are better, cleaner ways to do it that leave far, far less of an impact. Stop telling the people who care for the land that their opinions don't matter - because they do. Stop destroying the land...and doing nothing to replace what has been lost. Nature, in all its spectacular and terrifying glory, reminds us how small we are, humbles us, makes us more grounded and connected to what goes on around us. Another set of ugly wires piercing the skyline is just another sharp stab in the eye. We need our lands beautiful and free! I say No! Do not hurt the land and its people for a jumbled mess of metal and wires that won't get the upkeep it will eventually need, as it is so evident from crumbling infrastructure around us that long-term maintenance doesn't seem to be a priority. No
Tracey Hayes	North Woodstock, NH	2017-05-25	Our views are what bring the tourists to our state. Ruin the view, loose the tourists. There is nothing in it for the people of New Hampshire. Our electric bills will not go down because of this.

Joyce Arivella	New Boston, NH	2017-05-25	In spite of what they say this will not bring jobs or lower NH electric rates. What it will do is ruin some of the most beautiful parts of NH.
Kit Lord	Northwood, NH	2017-05-25	The beauty of my neighboring town's back roads and stunning vistas will be permanently slashed through so that corporate coffers instead of local tax values are high.

BOB ROCHELLE	Ellsworth, ME	2017-05-25	as well as blighting a beyond-beautiful landscape, actual financial benefits appear inflated. from any perspective beyond profits for out-of-state corporate interests, such a project offers no positive benefit to new hampshire, its residents or its tourism.
Sue Ellen Dunn	Littleton, NH	2017-05-25	This would adversely affect our tourism and harm our environment all to send electricity from Canada to states that prohibit towers.
Maureen Gillum	Hudson, NH	2017-05-25	We can do better for our children & our environment.
Madelyn Foulkes	Deerfield, NH	2017-05-25	NP is NOT good for NH and will have a forever negative impact on New Hampshire's tourism and inhabitants. It is just a private company's push to run power to markets in southern New England at our expense in hopes of making more money at the expense of NH towns and private homeowners
Fran Pelkey	Berlin, NH	2017-05-25	I'm signing because I don't want to see NH destroyed by greed
Nicole Folopoulos	Sandown, NH	2017-05-25	Enough already. You're destroying our environment for wealth that you already have.
Gail Lauermann	Rochester, NH	2017-05-25	This project is just wrong, wrong, wrong for NH. Build a generating facility in MA or RI if they need the power so badly! Leave NH's wild beauty alone!

John Balch	Wilton, NH	2017-05-25	I'm opposed to this desecration of our wilderness.
Lois Scribner	Canterbury, NH	2017-05-25	It is not in the interests of the majority of New Hampshire residents, certainly not in the interests of the environment, and should never have been conceptualized as an over land project.
Nancy Dahood	Auburn, NH	2017-05-25	This is so wrong for NH - I can't even believe anyone would ruin the mountains in NH - Northern Pass sucks - the electricity isn't even for NH
Jill Douglas	Virginia Beach, VA	2017-05-25	I have two sisters who live in NH and I don't want any of our beautiful country destroyed for things like this! Enough already! Leave the beauty of New Hampshire alone!

Deb Schillbach	Londonderry, NH	2017-05-25	I don't want it!!!
Dennis Brock	Franklin, PA	2017-05-25	I lived in New hampshire for 26 years. I would hate to see the natural wonders of the state, a big tourist draw, destroyed by a pipeline. These pipelines have a long history of leaks and damage to water systems. Stop using these destrustive systems.
Kris Maki	Claremont, NH	2017-05-25	We have a beautiful state, let's not ruin it like so many others have. Burying it under or along a highway sounds better idea, if there is no better solution.
Shelley Stoddard	Marlborough, NH	2017-05-25	I believe in protecting the Earth and all the inhabitants that live on it...
Sara Stacy	Manchester, NH	2017-05-25	Preserving our wildlife and earth is more important then a 180 mile powerline to Canada. We lived without it till now we don't need it. What we need is our animals that are going extinct. What we need is trees to make sure that we can live and breathe with oxygen and nitrogen. There's only so much that we can build before we destroy the earth.

They'll go to Vermont or Maine. We are trying to attract business for our economy not chase it away. I know that they are going to do it anyway...no matter how many people say no. Danielle Carr	Prince Frederick, MD	2017-05-25	Our family was never a "beach" family. Growing up, I was so jealous of my friends who always went to the beach with their families during school vacation and summer breaks. Instead of sun and sand, my parents chose the quiet scenery of the mountains. Every single year, we would spend a week camping in the White Mountains. We'd take small hikes here and there, but our favorite part was still the smores. As we grew older, we were able to appreciate everything nature had to offer. We loved to explore, especially the trails along the rivers and creeks, where the rock formations were so smooth that they made perfect waterslides and splash pools. We loved to search for hidden waterfalls, and we even are to love the drive up there. Which is saying something! It was 1.5 - 2 hours from our house to Exit 32 (we usually stayed in Lincoln). Eventually my brothers were old enough for overnight trips. Each kid would invite a friend for the week: My friend, my mother and I would "hold down the fort" at the condo for the wee

Jared Lao	Concord, NH	2017-05-26	I'm signing because I believe that Northern Pass will only serve to drive power costs UP, and to transfer capital from within the United States to an entity that resides outside of it. It does not appear to benefit the general people of New England in any way; in fact, it seems like it will place new obstacles in the way of making electricity more affordable, and do other things to detract from our quality of life.

Bonnie Vendig	Alstead, NH	2017-05-26	This is not the way to prepare for the future. We should not have to sacrifice our environment to the greedy electrical consumption of more southern areas. Instead, more power should be produced locally from solar and wind.

Geoff Daly	NASHUA NH USA, NH	2017-05-26	This proposed project is an environmental disaster and was never carefully thought out with Alternatives. The destruction of such iconic forestry areas, wild life habitat and farm lands is a grab by a greedy group of profiteering companies, who will not listen to any alternative ideas. Such as using a Tunnel Boring Machine [TBM] to burrow around 30 to 50 feet below the surface and in a straight line from the border to southern NH near the Sea Coast around 98 miles - use two TBMs (the European and Japanese do it so can the US) keeps the whole system safe from Ice Storms

Randy Otte	North Reading, NH	2017-05-26	There is no need for the Northern Pass lines, and running them has no benefit for New Hampshire tax payers, or for tourists who visit our state.
Gerald R Bogle	Merrimack, NH	2017-05-26	I see little or no benefit for New Hampshire in Northern Pass.
Melodie LaPlante	East Hampstead, NH	2017-05-26	We do not benefit in NH it is a Canadian company and they are using our beautiful state to get to MA our border state. Our electric rates are the highest in the country and this does nothing to reduce that.
Robin Howard	Nashua, NH	2017-05-26	See those power towers???? Yeah, that's what I played around growing up in Manchester, near Goffstown(New Hampshire). Those towers were in our YARD. Those power towers fed the electricity for Manchester. I have a "rare" form of blood and bone cancer, caused from high amounts of radiation. My childhood friend that lived up the hill, has developed a debiliatating disease and my sister is ill.
Mary Moore	Pelham, NH	2017-05-26	Please do not allow this capitalistic venture to destroy our beautiful Great North Woods!!
Jean Caird	Colebrook, NH	2017-05-26	I do not want the scenery of our Great North Woods destroyed nor do I want the hum of those wires anywhere near us!
Mary Brzezenski	Derry, NH	2017-05-26	Tourism is an essential source of income for northern New Hampshire. If the planned power to be supplied by Northern Pass can genuinely add enough economic value, then rework the plan to find an all-underground solution that does not ruin private property or value in the process.
Dawnlouise Lanctot	Manchester, NH	2017-05-26	No Northern Pass! stop destroying our earth we only have one!
Anne-Berit Sheppard	Deerfield, NH	2017-05-26	It's going to cut right through my town, and I think Eversource could come up with a better plan. Or stay out.
Carmel Fogarty	Pittsfield, NH	2017-05-26	I believe there is a better alternative, such as burying it or running it through Maine or Vermont.

james pringle	Derry, NH	2017-05-26	of the environmental impact!
Ron Reilly	Dover, NH	2017-05-26	I believe it should be underground
Nancy Jolin	Tyngsborough, MA	2017-05-26	We have very little wild life lands and to many greedy condo builders are taking over our beauty and safe havens for the lords creatures STOP IT NOW and save our land save our WILD LIFE
Elizabeth Dickinson	Sandown, NH	2017-05-26	We don't need it and there are other options for NH and other states can follow suit in the sme way.Turbines don't look any worse then cell towers,Can burn manure and carbadge to creat a gas that can be used towards power and last but not least solar panels will work!!The other states can do these ideas, WHY does New Hampshire have to take the beating!!!
Marion Alby	Fryeburg, ME	2017-05-26	Our state belongs to its people and its people don't want the Northern Pass!
Ellen Lonergan	Thornton, NH	2017-05-26	NP us not needed by NH and would result in untold losses for our state in tourism revenue and property values.
george kutzelman	Lynn, MA	2017-05-26	Protect our State and it's natural beauty.
Ricky Brown	Franklin, NH	2017-05-26	This project benefits southern new england. Only a small percentage will be used in New Hampshire.
larry quinn	Hampton, NH	2017-05-26	I feel the benefits of the project are dwarfed by the damage done to the New Hampshire environment.
Thomas Stankosky	Laconia, NH	2017-05-26	Protect the beauty of our state. Do not let private interesr
Loretta Galuszka	Milan, NH	2017-05-26	I want to protect our environment and scenic NH that this Northern Pass project will change our landscape forever and at what cost to the natural beauty of our wonderful and treasured forests and views of our woodlands and mountains!!!
Karen Merriam	Exeter, NH	2017-05-27	This can't be undone. It is critical that we preserve NH's pristine, healthy environment instead of squander it for short term, questionable "gains".
Barbara Hale	Rochester, NH	2017-05-27	not fair to disturb these families that have worked hard to keep their homes and surroundings.....
Kyle Bartz	Bethlehem, NH	2017-05-27	I love it here. Live free or die
Linda Bohrer	Grantham, NH	2017-05-27	We rely on tourism, northern pass is ugly and it benefits Canada and Massachusetts not NH.
colleen carter	Somersworth, NH	2017-05-27	I love NH because there are lots of woods to go hike through
Daniel Ball	Dover, NH	2017-05-27	I am opposed to the northern pass BY is a very beautiful state we don't want it ruined by tall ugly towers that will ruin the landscape.

sarah Williams	Manchester, NH	2017-05-27	Don't want to see power lines throughout our beautiful state. Power lines also cause health threats to this that live nearby.
Marion Reid	Whitefield, NH	2017-05-27	Going over my driveway
Chris Reagan	Straffordq, NH	2017-05-27	NH needs renewable local solutions. Not imported power
Karen F Langlois	Milton, NH	2017-05-27	We need to preserve our lands for our descendants! The cost of Northern Pass to our very special State is far too high!
Cindy Raspiller	Mont Vernon, NH	2017-05-27	I'm signing because I love the scenic beauty of NH and understand how important it is to our economic wellbeing as well. Why would we bite the hand that feeds us?
Jean Buck	Contoocook, NH	2017-05-27	There are some things that money cannot buy. I'm hoping that the beauty of New Hampshire is one of them. We are learning of less costly and less destructive ways to bring electricity to our world. Oh, but those ways might not bring the rich as much money as as the destruction of our planet.
William Thomas	Auburn, NH	2017-05-27	It is so important for NH's scenic beauty!
Clara Osorio	Milan, NH	2017-05-27	I am signing this because enough is enough with the big corporations that go around destroying nature without caring and only are working on their own interests (multimillionaire, money)
John Rhodes	Mount Kisco, NY	2017-05-27	We need to preserve our environment for the health and wellbeing of all.
Samantha O'Leary	Laconia, NH	2017-05-27	I don't want to ruin our beautiful state and harm our wildlife.
Anne Simard	Concord, NH	2017-05-27	NH is not a right of way! I don't want to look at towers
Sherwood Fogg	Amherst, NH	2017-05-27	We need save nuclear reactors. Technology at home .
Cheryl Leone	Hopkinton, NH	2017-05-27	I love the beauty in our state.
Marie Hodgdon	Merrimack, NH	2017-05-27	I have seen too much of this beautiful state ravaged in the name of Progress! Our environment is our greatest and most finite commodity.
Diana Beam	bennington, NH	2017-05-27	I am signing this petition, because I do not agree with putting in the northern pass.
Olga MCBride	South Acworth, NH	2017-05-27	This is absurd, ugly and will de-value our state. There is no need for this here.
Melanie Rhoades	Dover, NH	2017-05-27	We need to protect the natural environment and beauty in this precious state.
Stephen Boule	Goffstown, NH	2017-05-27	Trees not towers
Carl Coulombe	Groveton, NH	2017-05-27	This is bad for NH!! they can bury this all the way

JOHN ORANCZAK	Hampton, NH	2017-05-27	Keep the north country as natural as possible !!!!!!!
Rebecca Underwood	Norton, VT	2017-05-27	We don't want or need the northern pass!!!!
Stephen Brown	Bow, NH	2017-05-27	We do not need these large towers ruining New Hampshire's landscape
Aimee Landry	Sanbornton, NH	2017-05-27	I'm not in support of the northern pass project - the displacement of our wildlife will be disruptive in many ways
Xavier Cintron	Manchester, NH	2017-05-27	Northern pass has no place in New Hampshire they should take their plans elsewhere
Margaret Salt	Plymouth, NH	2017-05-27	This plan provides electricity NH doesn't need, with disruption to towns and our tourist industry, and without our consent.
Emily Stearns	Loudon, NH	2017-05-27	The environment has been destroyed enough. We need to focus on protecting and rebuilding it!
JoAnne Schaefer	Bristol, NH	2017-05-27	It's the right thing to do! NO NORTHERN PASS!!!!
Carol Fontaine	Dubuque, IA	2017-05-27	I am so tired of corporate interests taking precedent over citizens concerns. Keep our wild places safe from exploitation!
Alice Umlah	Pittsburg, NH	2017-05-27	Don't destroy our state. There are better options for renewable energy, perhaps no one will become rich from them but this is about our Earth not our pockets.
Debbie Mailman	Manchester, NH	2017-05-27	I want to keep the beauty of our state in tact for future generations to enjoy.
Betsy Booth	Wolfboro, NH	2017-05-27	Put it underground or don't let it destroy farms and scenic vistas.
Linda Houde	Madbury, NH	2017-05-27	I will not support Northern Pass!
Laurie Taylor	Danville, NH	2017-05-27	We need to protect our wildlife. We need to preserve the unique beauty of NH. Lastly, tourism brings in money for our state. They come for the natural beauty of NH.
Allison LeSage	Nashua, NH	2017-05-27	I want the North Country protected. I live in Pembroke and the transmission lines would come within a mile of my property. I am opposed to the Northern Pass project.
Thomas Walsh	Manchester, NH	2017-05-27	It's not right for NH! It would ruin the beautiful mountain views! And it's unnecessary!
Patricia Sewell	Merrimack, NH	2017-05-27	Planet over profit
Linda Boucher	Laconia, NH	2017-05-27	I value the beauty of our state.
Cherri Pellenz	Dunbarton, NH	2017-05-27	I want to keep our scenic views pristine.
Mary Ellen Dutton	Laconia, NH	2017-05-27	The Northern Pass does not benefit my State in any way and in fact has more potential for harm. It is sad that we who wish to protect

Dion Scott	Manchester, NH	2017-05-27	Because FUCK corporate greed! Leave our state alone.
elizabeth d	Derry, NH	2017-05-27	I love my home and to hike the whites. I hope we preserve them for as long as we live.
Christine Hodsdon	Exeter, NH	2017-05-27	I am signing this petition as I want to protect our animals and precious undeveloped lands from being developed. That's why we moved to New Hampshire!
Victoria Abbott	Sanbornton, NH	2017-05-27	I do not want Northern Pass to ruin the beautiful NH landscape.
Cecile Brown	Hillsboro, NH	2017-05-27	I don't want this happening.
Elizabeth Walker	Chesterfield, NH	2017-05-27	There are other alternatives.
Patti Cox	Canaan, NH	2017-05-27	We need to disrupting nature for profit.
Anthony Ferrara	Manchester, NH	2017-05-27	New Hampshire is not an extension cord. No temporary jobs or potential cost reductions are worth the consequences to our natural resources and tourism.
Kare Dumais	Schenectady, NY	2017-05-27	Karen Dumais (Zemken)
Erik Mead	Wilton, NH	2017-05-27	I don't want to see unnecessary and damaging industrialization happen in NH.
Judith Letourneau	Barrington, NH	2017-05-27	We need to save our beautiful land!
Bridget Detollenaere	Derry, NH	2017-05-27	I am deeply opposed to the desecration of my state and the negative impact on NH's tourism industry. New Hampshire relies heavily on revenue from tourists
roy clites	Amherst, NH	2017-05-27	There are other alternatives to the northpass that does NOT do the damage to our land.
Sue Manah Buteau	Lancaster, NH	2017-05-27	I love NH. I've been here years because it's such a beautiful state. Don't take away the beauty of the North Country. It's the only hope we have for our economy. Maybe there will be an opportunity for a few jobs, but they are only short term.
Amanda Langer	Litchfield, NH	2017-05-27	This is not right. Save our beautiful state and country.
Rhoda Staff	Newport, NH	2017-05-27	This project does nothing for NH that is not overbalanced by the detriment, NH does not benefit from the electricity, and there are so many off grid applications coming to fruition that it is not even economically helpful.
Matthew LaPlante	Peterborough, NH	2017-05-27	We need nature
Simone farland	Manchester, NH	2017-05-27	I love NH and its beauty that is everywhere!

suzanne steele	Deerfield, NH	2017-05-27	It is not beneficial for our state, it is beneficial for Eversource and HQ.
Robyn Lindquist	Whitefield, NH	2017-05-27	No Northern Pass!
Kathleen Peterson	Derry, NH	2017-05-27	I love the north country the way it is. Jobs created by it are temporary and we don't get the benefits of the power as it doesn't stay here in this state.
Marty Davis	Claremont, NH	2017-05-28	It's greed vs. our quality of life.
Dasy Gonzalez	Haines City, FL	2017-05-28	The Universe has created a masterpiece, why would u ruin it to serve the convenience of human??
Sharon Allen	Derry, NH	2017-05-28	I want to preserve the beauty of NH and the ecosystems and habitats that exist here. I moved away from urban industrial landscape decades ago and don't want it here!
Alicia Drakiotes	Marlborough, NH	2017-05-28	I care deeply about our states natural beauty and do not want it disfigured.
Kerry Mysiak	Brooklyn, NY	2017-05-28	I live in Pittsburg NH and it is a beautiful, unspoiled landscape. CT and MA need cheaper power? Not! Not at our expense now or in the future. Who benefits? Not NH. Quebec power and pols.
Robert Beale	York, NH	2017-05-28	Why should New Hampshire be the stooge in project that mars the landscape; we won't even get any electricity out of this!
Hafina Allen	Brooklyn, NY	2017-05-28	New Hampshire is beautiful and should remain that way. The Northern Pass will cost the state much needed tourist income when it spoils the views and natural wonders of the state.
Hector Hamel	Newmarket, NH	2017-05-28	I am 100% against this project!
Tony Sader	Windham, NH	2017-05-28	They already put ten's of the big giant wind fans all over the mountain tanks for the previous president , enough is enough

Robin Anderson	Nashua, NH	2017-05-28	Leave the land, the animals, and the people of New Hampshire ALONE!!ENOUGH IS ENOUGH!!!!
Sharron Raymond	Loudon, NH	2017-05-28	I am opposed to Northern Pass. It will not serve this state well in any form. It will destroy our beautiful mountains. We live here for our states' beauty NOT for big business!
Deborah Blanchet	Concord, NH	2017-05-28	I'm signing because our state is beautiful. It has wonderful vistas that can't be ruined by extremely tall, unsightly towers. What happened to trying for other types of energy solutions such as solar or wind?
Jean Barbato	Londonderry, NH	2017-05-28	I love New Hampshire! I appreciate it's pristine beauty. We can find a better way to meet our energy needs.
Robert Baker	Ashland, NH	2017-05-28	Stop the Northern Pass It's bad for Nh
Jill Kwitkiwski	Nashua, NH	2017-05-28	I'm signing this petition because I believe it's important to preserve the beauty of our state and the health of our environment. We do not need more towers, we need more love and respect for our planet!
James Dillon	Hebron, NH	2017-05-28	I'm signing because I love this beautiful state. To see more huge power lines put up would absolutely destroys the views. Same goes with the windmills.
Richard Reda	Nashua, NH	2017-05-28	sign this this is a beautiful state lets keep it that way
Niamh Parker	Manchester, NH	2017-05-28	New hamothusre is knows for its forests and nature life
Barbara DeMark	Bedford, NH	2017-05-28	I'm signing this petition because; I want to look at the natural beauty of New Hampshire,. Not scarred mountains, clear cut trees, and habitat lost to greedy corporations.
Suzette Trinidad	Manchester, NH	2017-05-28	I live here and want to keep it's scenic beauty. We don't need that in NH. Need to protect what we have left of our tree's and animals that live here. The more you take the less we have. This needs to stop.
Barbara Apprille	Nashua, NH	2017-05-28	I totally agree with protecting our beautiful landscape here in NH!
Judi Fillis	Auburn, NH	2017-05-28	No to ruining our lovely state !

My taxes won't be reduced after my view is..
Rose Vallee	Chester, NH	2017-05-29	I am sick and tired of seeing the land destroyed and taken away from the animals that need to live on it, then humans want to kill the animals when they have no where else to go! It is a viscous circle that never ends until humans drive all species into extinction.
Lloyd LeBlanc	Fitzwilliam, NH	2017-05-29	This is just wrong, there are limited amount of natural areas, there is another way. However, they will never find another way if they don't start looking! Opportunities always present themselves to those whom seek them.

Barbara Howard	Hillsboro, NH	2017-05-30	I spoke to a woman when Northern Pass was first being forced on the NH people. Hydro-Quebec has a hydro damn from displacing the Inuit Indians when they flooded thousands of acres in Canada and I think it's awful. They told me they could bury all the lines, "But it would cost a lot more"! They also stated they would not stop until they won - regardless of what the NH residents want or don't want. This is wrong - just wrong!
Evleta Gruber	Las Vegas, NV	2017-05-30	I moved here 2 years ago from the west coast to live in, and enjoy this pristine environment that does not have high power transmission lines that do effect my health.
Jessica Biron	Goffstown, NH	2017-05-30	We can put a man on the moon, so why can't we find an environmentally friendly way to live? These mountains have shaped granite states. They are our heritage. We must protect them.
Deborah Bruss	Concord, NH	2017-05-30	Bringing electricity from Canada is not the best long term solution. Solar creates more jobs and has less environmental impact on our state.
Lucile Purnell	Conway, NH	2017-05-30	I love and am a resident of New Hampshire and don't want to see the beauty of its forests destroyed.
Hashir Abdi	Bedford, NH	2017-05-30	I am signing this because keeping the Northern part of our State's unrivaled beauty unmolested by such drastic proposed measures is not a smart nor a sustainable measure for our power needs, which should be addressed instead by conservation measures both in terms of renewable solar power generation and in terms of preserving the unrivaled natural beauty of the Granite State from such intrusive and harmful powerful infrastructure...Who will speak for nature and its innumerable facets of wildlife and natural resources in the face of such corporate onslaught that puts this precious balance at peril ... and who else shall ensure that our generations to come can marvel and behold that which is so rightfully theirs to sustain and enjoy responsibly as well !

Of course any one with a valid gun carry permit and hinters could come and hunt around the new US territory and there will be no need for any of the Passport BS since the land is a US Free zone.We don't need any stinking permits :)

If the Europeans and Japanese can do it so can WE. They are too behoven to the Wall St Mavens and Bankers who want a quick Profit at any costs - shear Greed and has to stop before we end up letting everything be destroyed and the countryside for ever changed; just so someone can build it inexpensively. Then when an Ice Storm or storm destroys the lines/towers all the costs are passed onto the rate payers, because they cannot think outside the BOX because there positions and salaries revolve around Wall St Mavens and Bankers. Florence Webb	Landaff, NH	2017-06-03	When we are on the brink of having practical technologies to decentralize electricity production, it would be foolish in the extreme to accept an old-style electrical transmission project which degrades the visual environment of a region whose economic fabric is built on natural beauty. The Canadian company behind this has already despoiled vast tracts of their own North Country by damming ALL the natural rivers, and now wants to start on ours to get back their destructive investment. And don't believe for a minute that they plan to stop with one line; look at the area driving towards Montreal for a sample of their usual style. Once they get a right of way to exploit, expect additional lines along it. Their history of environmental destruction and habit of lying about their intentions (anybody out there buying the claim that NP will lower electric rates in NH? James Bailey	Naugatuck, CT	2017-06-08	I am not a resident of NH, but my family has come to love the state. For several generations my family has camped, hiked, swam, and fished in the great state of New Hampshire. It may not be my current home, but in many ways it is where my heart resides. Cutting a swath of destruction through the heart of the NH wilderness, and causing immense damage to not only the states natural resources, but it's economy, and history is not an option. More than that, it is unnecessary. There are better ways to achieve what Eversource wants to accomplish, if in fact it needs to be accomplished at all. Don't let this happen. Don't let them destroy what makes New Hampshire great, and unique. Don't let them make permanent decisions for everyone based on a short term view of profits based on outdated ideas and laziness. Stand for your principals. Stand for your citizens, and for the many of us who love your state and all it's many treasures.

R Cecchetti	barrington, NH	2017-06-16	Eversource failed on the scrubber is installation at the Bow facility, I no confidence in this company. Those to south of us will get the power those to the north will make money and we in NH will get the ugliness. As one commenter said, 100% underground on the existing RT 93 ROW, otherwise, no thanks.
Geoff Daly	NASHUA NH USA, NH	2017-06-16	Yesterday the SEC board received many written comments including the need to Bury the project in Tunnels or along Rte 93 or just use a 15 ft diameter Tunnel Boring Machine (TBM) all the way 30 to 50 ft below the ground. Will still end up cheaper as it will be secure from Weather problems and fully accessible for inspections, repairs or other cables leased in the roof of the tunnel for communication, fiber optics or any other telecom cables- it's called Additional Income.The burying Eversource Quebec Hydro want to do is so out dated and is BURIED and not accessible without digging up the ground, A proper Tunnel is the best Technology at the end of the day and environmentally much more friendly and will develop more long term jobs for NH without destroying the scenery and tourism

The Pessamit Tribe are testifying on July 20th to the SEC committee in Concord (49 Donovan St- just off exit 12 N -take Joffre St then right onto Donovan) on the damage to their Tribal Lands with more Dams planned- come and listen (sponsored by the NH Sierra Club)They are making a presentation at Nashua Library July 19th at 7:00 PM with film and photos showing what will occur if Northern Pass is allowed- please attend as well.
Geoff Daly	NASHUA NH USA, NH	2017-07-09	It's called CLOSED DOOR gatherings and LOBBYISTS greasing the states elected officials campaign funds and other greedy things which we know they do!! "We the People" have NO RIGHTS to OBJECT or the State of NH be include in Public Debate. Put the whole system if they want in a buried TUNNEL like the Europeans and Japanese do 30 to 50 feet below the surface using a Tunnel Boring Machine (TBM), so it takes several years to bore from the Canadian Border to Deerfield, would be a straight line around 86 miles long in a 10 to 15 foot diameter TUNNEL. All the infrastructure is safe in a tunnel and can be serviced, maintained and repair in safety and a more comfortable environment [especially in winter time or serve weather and at minimal costs being incurred to the rate payers; who always bear the costs of damage or accidents/incidents due to weather] Would be cheaper in the long run and a safer infrastructure.
Omer Ahern	Greenville, NH	2017-07-10	The Northern Pass Project as proposed is not good for New Hampshire. The lines should all be buried down the I-93 corridor to protect the beauty of our New Hampshire landscape and to protect the property rights of the people who live along the proposed unacceptable "as proposed" route.

Heather Meeks	Cornish, NH	2017-07-15	I don't want the scenic beauty of NH's natural landscape destroyed. Property values will decrease, scenic views lost forever, tourism will be negatively impacted, small businesses will suffer, and habitats and ecosystems will be adversely affected. All in the interest of corporate profit by a Crown company and PUC that don't have NH interests in mind. NH ratepayers will not benefit and projected savings are insignificant in comparison to what is at stake. NH residents will bear the burden of paying for Northern Pass as history has proven. I implore the members of the SEC to deny the Northern Pass application. NH does not need this project. We need to be smarter about clean energy alternatives that carry less environmental and socio-economic adversity.
Rosalie King	Pitsburg, NH	2017-07-15	Don't need it
Katherine Stroup	Lee, NH	2017-07-15	The NH scenery is of foremost importance for our tourist industry, from the Great North Woods south. There is no benefit for the NH people to have Northern Pass towers come through NH. If the power is needed in CT, by all means run it through established Vt or Maine corridors to get there, but not down or across NH. Eversource is even planning to run the buried line option through downtown Franconia and Plymouth, disrupting Main Street business, when the 93 Corridor is within paces. Burying along back road pathways through NH requires personal property usage near the roadside against property owner will (for instance Church St Franconia) because many of the roads are not wide enough for the required burial width. The recent and recurring flooding on smaller "main" roads such as 116 or 18 should preclude this option and demand usage of the 93 Corridor. There is nothing about this project that puts our state and our people first. Why is a private for profit company allowed to proceed without full application a
