Subject: Say "NO" to Northern Pass
Date: Friday, July 21, 2017 9:35:22 AM

Dear Ms. Schuetz:

I'm writing to ask you to oppose the Northern Pass project. New Hampshire does not need nor benefit from the electricity, the project would cause lasting degradation to the natural beauty of our state, and it supports an environmentally and culturally destructive hydro-electric works in Northern Quebec. Please stand against it.

Thank you,
Mark Reynolds
