Subject: Northern Pass High Wires. . . say it ain't so
Date: Friday, July 21, 2017 8:47:50 AM

I moved to Concord, NH about two years ago and have enjoyed the city's beauty and small-town charm.

The proposed Northern Pass above ground wires will ruin its skyline, wires that will be higher than the capitol dome itself.

Please encourage those whose decision it is, to bury the lines and preserve Concord's look.

Anything worth doing (Northern Pass) is worth doing well (burying the lines).

Steve Del Giudice
