

## SEC COMMENTS COLLECTION

SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Michael Bruno
CommenterCity	Bethlehem
DateReceived	07-24-2017

### CommenterWords

While I believe this message will fall on deaf ears, I must state my opposition to this unnecessary project. I request that the SEC listen to the citizens of NH, rather than the deep-pocket lobbyists who support this project.

While my town of Bethlehem is an intervenor community and there is a majority population opposing this project, as a citizen it is my civic duty to speak out on the record that the SEC must listen to the citizens of the State of NH.
