My husband and I recently purchased a home and property in Easton, NH on the proposed route for the Northern Pass Project. We have strong ties to this land - my husband grew up on and around this property and we decided to purchase it, despite our concerns about the Northern Pass. We are absolutely terrified and horrified at the possibility of the Northern Pass not only permanently damaging and altering these beautiful woods and mountains. We are also scared for our 2-year-old daughter and our son who will be born in December. Please consider the children who play in and love this beautiful setting.
