

## SEC COMMENTS COLLECTION

SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Barbara Silva
CommenterCity	Concord
DateReceived	08-06-2017

### CommenterWords

The lines should be buried where at all possible. NH is not going to benefit directly from this plan and should not have to live with the consequences of the gigantic towers proposed. The City of Concord, NH has always cooperated with reasonable requests in the past but the Northern Pass Towers are not reasonable. Please consider future generations living in NH before you make your decision.
