Subject: Northern Pass

Dear Pamela:

I would like to submit my opinion of Northern Pass coming through Concord, NH.

First, I would like to say that I am not for Northern Pass at all. They will do no good for the State. However they will create a terrible eyesore!

As far as passing through Concord, I believe that they should bury every foot of line coming through. This is the State capital and they want to make it look as bad as if there were oil rigs set up! It would look horrible and nobody would be proud to say that they live here because they were stupid enough to allow this to happen.
