Subject: Northern Pass - Emotions at work.
Date: Thursday, August 10, 2017 6:22:48 PM

It is self evident that clean renewable energy would be in everyone's best interest. Why is emotion getting in the way of reason? It would be an interesting study in human herd mentality and the power of propaganda.

To make it clear, I believe the Northern Pass is in the best interest of the people of New Hampshire and New England.
