Subject: Northern Pass Fate August 16, 2017 - Lois Debisz 1 Concord Coach Drive Salem, NH Member of the Society for the Protection of New Hampshire's Forest

Dear Pamela,

Yes, I am a Tree Hugger! My goal in life is to advocate for the Trees of our Great State of New Hampshire.

I have been a member of the Society for the Protection of New Hampshire Forests. Also a resident of the state of New Hampshire for 37 years.

Our great state is going through many changes to growth. Living in Salem, NH it has changed to handle growth.

The loss of Rockingham Park to build large movie theatre, condo housing, shopping, and gaming. Is very scary to southern New Hampshire.

Open space is just disappearing. Londonderry also has a 15 year plan to shopping housing, hospital etc. I just want to let you know once the trees are gone cut down. Our state is under great loss of the trees. Northern

pass should do its very best to protect the trees we have in our great state. It shouldn't be just about progress.

It should be about saving trees in our great state for the next generation. If the European can bury power line.

Why can't us as Americans be just as proud to protect our trees in our great state of New Hampshire.

Lois Debisz
