Subject: The Northern Pass

Dear Pamela,,

Please do all you can to protect our people and beautiful woods from the Norther Pass. It will do us no lasting good at all! On my fridge door, I have an old card from the SFPNHF. It has an engraving of Mt. Monadnock and a Thoreau quotation: "A New Hampshire Everlasting and Unfallen." It's inspiring, even after many years.

Thank you,

Sincerely,

Ann Carman
