Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

* Business agreements between a Quebec-owned company and a Connecticut based mega-utility should determine what happens to NH communities.

* Hydro-Quebec will not pay to buy the line.

* Self-serving purchase power has been declared illegal. The attempt to have the NH legislature change the law failed to pass.

* Please do not allow corporate greed to ruin the most beautiful state in the nation!

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

In 1989 the HVDC St. Lawrence River Overhead Powerline crossing
was completed.*

It was removed in 1992 "due to negative visual impact on the local
populations of Grandine (2100) and Lotbiniere (887)", replaced by a tunnel.

The St. Lawrence River is both unique and majestic.

So is New Hampshire.

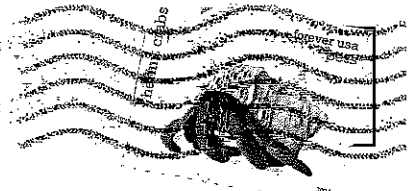

Let there be no permanent scar running any portion of
the full length of our State.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: 1) We should be creating our own power sources. 2) We should not be dependant on any foreign power. 3) It is a threat to our north country tourism. 4) It is an economic threat to the state of N.H. 5) Massachusetts & other states should be creating their own sources of power. 6) It has already dropped property values along its intended path. 7) It will allow Canada to control the costs of our power - we would have no control. 8) It will cause a lot of environmental harm to our state. 9) It will obviously ~~cost~~ cost us as ratepayers when we are already paying too much for power. 10) It will destroy the beauty of our state. 11) It will put farms out of business because it will be hazardous to livestock. 12) It will create economic loss for small businesses. 13) This is a ploy by big business to make millions at the expense of N.H. residents. 14) The promise of jobs is a joke - a few temporary ones but most workers will be brought in. 15) It will destroy all property in its path. 16) They refuse to bury it. 17) There are other plans that will bury it and do much less damage to our state. 18) Northern Pass is wrong for N.H.

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: It absolutely will
affect tourism which is the bread and butter of our Northern economy.
People vacation here for the natural beauty, to see something different than
their city landscapes, and to find refreshment for their busy lives. Northern N.H.
is a treasure of beauty and it would be a moral and environmental mistake
to think this blight on our state would not be harmful. There is no benefit
to NH and I find it shocking that we still have to fight against
this possibility when it has been made clear that the answer is
No. No to Northern Pass.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: A ride through Northern Vermont will give a sample of damage to views, that one is smaller towers than Northern Pass is aiming for. Every lost tourist costs the North Country, other than the scars to our land this means nothing for us. Property owners have said no, towns have voted no - what do our votes mean if this goes through? As a citizen of this state for 61 years of my 69 it tells me your vote means nothing, you have no rights as a property owner. Our new state motto can be "We can be bought by big business." Our politicians and committees need to remember who they are supposed to work for and it is not Northern Pass.

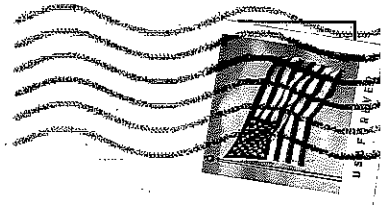

Why don't you listen to the Canadian Indians who lost their land, their homes. Listen to the environmentalists who get criticised how much damage did that cause in Canada. How much Mercury will fish contain because of this sledding. It may be two countries but it is one world, one ocean shared by all we are going to have the contamination of that ocean too. Wake up people its not about how much they can donate to buy support, its about our state, our country and our world. Its about our health, our businesses, our economy. Its about devaluing our property and taking away our rights as property owners and voters.

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

Please see attached

Name: Denise M. Fox Town/City: Concord Signature: Denise M. Fox

The beauty of New Hampshire with its forests, lakes, ponds and mountains is known to all of us who live here and to the thousands of tourists who visit this state for rest and recreation. The proposed erection of towers down through our state will forever damage our beautiful landscape; their visible presence like a huge laceration closed with metal sutures.

The visual assault these towers will have is beyond words. Think about it; would you want to look out of your home and see a huge tower/s? Would you want towers in your view while hiking, boating or while engaged in any outdoor activity? Would you want to spend time sitting outside at a restaurant along the newly renovated Main Street in downtown Concord and see towers looming above? No, I don't think so, because BEAUTY provides us with a sense of peace, and the proposed towers will rob us of that grace.

While the aesthetic beauty of our state will be devastated, I have other concerns regarding these towers as well:

- Health concerns: What impact will all that electricity coursing through our state have on us and our children. Are there prenatal risks?
- How will all this electricity affect wildlife?
- The effects on tourism: Will less people come to the Granite State for a weekend away, vacation, or leaf peeping? What impact will this have on the state as a whole, from the small business owner tax revenues from meals and lodging?
- STEWARDSHIP: As residents, we are called to responsibly protect and take care of our states natural beauty. The proposed Northern Pass project is a contradiction to this goal due to its physical and visual impact.
- 12 – 1, persons have written letters or spoken out at committee hearings AGAINST the Northern Pass project (I heard this from one of the Site Committee members). That seems clear to me that the majority of the people of this state DO NOT support a decision to approve the project as proposed.
- It is not New Hampshire's responsibility to be the conduit for importing electricity from Canada and destined for use in the Southern New England states.

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

We do not need this power. We export 40% of the energy generated in the state (source: Office of Energy & Planning). There are numerous other reasons as well including visual impacts, home owner's economic value impacts; loss of tourism dollars, hydroelectric energy is NOT clean energy, most people in this state do not want this, it is not certain this will lower power/electric costs, the "jobs created" are not permanent... Why run our state for one company's profits?

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: this is 2017. In
this day + age it is ridiculous to have huge, eyesore towers in our beautiful
state when the lines could be put underground. Other states are requiring
burial of lines - why shouldn't we? With other forms of energy such as solar +
wind becoming more prominent in the future, NH would be permanently
burdened with these eyesore towers. What kind of legacy is this for our children
+ grandchildren? We are sickened by the huge amount of money being
poured into the campaigns + events of our Governor, Senators + representatives
by the proponents of the Northern Pass.

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: most importantly,
the environmental damage it will cause - it is not green or clean!
It will destroy habitats and scenic landscapes that are vital to
the health of NH. One important economic implication ^{will be} is NH's
increased dependence on foreign energy - due to the first
140 miles of the line being high voltage direct current, residents,
businesses + power suppliers won't even be able to "plug into" it
to use the electric energy! Why are we allowing NH to be
an extension cord? Especially at the cost of our children's future
environment.

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

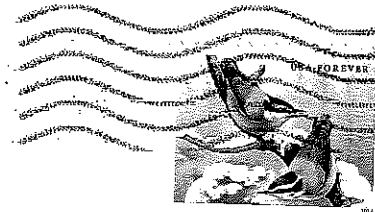

ALTHOUGH I FULLY REALIZE THAT GRANITE STATE POWER-
 LINES MAKES EVERY REASONABLE IMPACT, MAINLY BY
 PARALELLING EXISTING POWER LINES, IT WOULD STILL CREATE
 A DETRIMENT TO THE ENVIRONMENT. MY MAIN CONCERN IS
 THE IMPACT OF POWER STATIONS AND THE EFFECTS OF CHANGING
 20 SQUARE MILES OF WOODLANDS AND RIVER FLOWS IN CANADA.
 THE EMISSIONS OF THE ARTIFICIAL CREATED ENVIRONMENT
 WOULD BE EQUAL OF FOUR COAL FIRED ELECTRIC POWER PLANTS.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: ① It is a completely unnecessary project that will literally destroy large parts of our beautiful environment. ② This project is a straight forward money grab by several entities. It does NOT benefit ANY citizens of NH in any sustainable way. ③ The project would have a severe adverse effect on the tourism industry (N.H.'s 2nd largest income producer), and will actually cost jobs and dollars if allowed to go forward. ④ Northern Pass is based on old models for power - very outdated.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: of the ruin of
the landscape across the state that the towers will cause. Who wants
NH to resemble areas of Canada that have towers that cut
across the landscape for miles & detract from the beauty of the
natural setting of those areas? Not me; not members of my
family who are all NH natives! Bury the lines & that'd be OK.
Also, NH residents will receive minimal benefit from this
project in terms of a source of energy & more importantly as a
reduction in energy costs. We'll pay for this expensive project & reap
an infinitesimally small financial gain. Not a wise investment in my mind.

As a citizen of New Hampshire, I am opposing the Northern Pass project because: After vacationing in Quebec City and just getting back, my family and I saw first hand what these monstrous towers look like. These towers don't blend into their surroundings like our cell towers do. All you saw as far as the eye could see was these hideous metal/wire towers. They went through neighborhoods and farm land. You have to ask what has it done to the area landscape, housing prices and scenic view. We as a state, should be blocking this project for our generation and those to come. We don't know how this will affect our farming, wild life and not to mention humans: in the long run. My family is on it's fifth generation in this magnificent and breathtaking state of NH. We as a state of "Live Free or Die" must do all we can to keep this project out of NH for my family and all NH families

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: The project
needs to be buried underground 100%. The line should run from
Monroe, NH station to Londonderry. The cost needs to paid ~~for~~ by
Quebec Hydro and Eversource. There should not be any surcharge
attempt like PSNH tried with the Seabrook plant or tax in N.H.

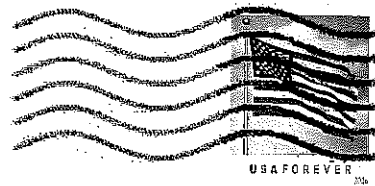

Burial of the power lines means greater security to the project.
This project is an investment by two firms that function to make
a profit. Thus, they need to take the risk. The route I selected should
make it possible to produce a safer and more environmentally ^{friendly} out come
for New Hampshire.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: ^{#1} There is absolutely NO

benefit to NH. For having an ^{#2} ugly scar with huge towers ripped across the state

whose prime industry is tourism! ^{#3} NO resident or tourist wants to have their view tarnished

- NO, make that RUINED by towers for transmission lines - we already have more than enough ugly poles

+ lines, etc. to supply our own residents w/ electricity. ^{#4} Can't count the times I've had a perfect photo

of ruined by electric or phone lines (or both). The proposed lines would possibly go over my land

of a family member's or a friend's + their property value would drive to zero. ^{#5} Plus

there are studies showing high voltage power lines endanger one's health. For 12 yrs. I had

high voltage power lines running through my back yard. I moved. I sure don't want a

worse line anywhere in my state. If anyone wants to run anything thru my state, let

it be underground + certified harmless with guaranteed reparations if leaks or

other damage is incurred. Preserve what beauty is left in N.H. No sensible person

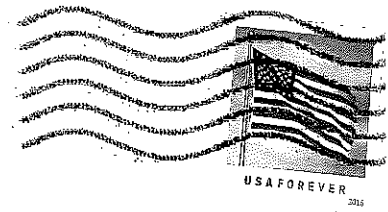

wants to have to pay for a product that is of no benefit + guarantees substantial

Northern Pass Citizens Petition - Opposing

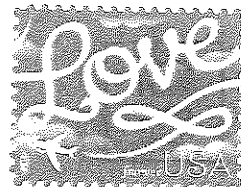

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

The majority of New Hampshire residents are opposed to the devastation of nearly 95,000 acres of beautiful landscape, including forest, farms, and private property, plus the erection of 155' steel towers every 800 feet over the 192-mile route. The notion of such an undesirable project, based on the devastation alone is reason enough to stop it in its tracks, but considering the benefit that New Hampshire residents would be getting, relative to the residents and industries in Massachusetts and Connecticut is absolutely minimal.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: There are few more pristine views in the country than driving North on Rt 93 from Plymouth through Littleton. The state symbol - the Old Man of the Mountain - is along that stretch, and even though he has fallen, the historic and scenic beauty endure. Also, the amount of power lost through transmission lines over long distances is so wasteful. Our scenery is permanently ruined through this loss.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: Northern Pass is unnecessary and will diminish NH's incentives to pursue renewable energy sources to power government, business + private buildings and residences. It is imprudent to build up non-renewable infrastructure in the face of clearly preferable + ^{economically} advantageous renewable energy infrastructure. The power lines will be a blight upon NH's pristine lands and forests and disrupt the lives of many citizens most cruelly. Northern Pass is a business venture that will fill the coffers of the wrong people who show no concern for the wellbeing of others + nature.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because:

It would be a major blight... an eye soar on our pristine & natural beauty. Ugly towers, dug up ground, displacing wildlife & tourists alike! Tourism is a major part of our income in N.H. Why would we rip up all - put in these major Towers, when all we reap from it is payroll for labor for a few short years? We get no power... Ma. & Conn. do... not N.H. The damage would be huge impact in a negative way to our economy in the long run. In closing this is a lose lose proposition!

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

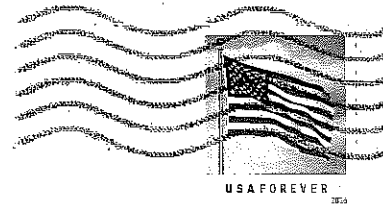

For generations the Harrington family ^{members} have been citizens of
Bethlehem, Littleton, Lisbon, & Landaff - we are related to the Morrills,
the Eastmans and the Cloughs. My grandfather Elmer
Harrington owned the Upland Terrace & later became a judge
for many years. His father JJ Harrington lived in Littleton & had a
country store on Maine Street, which is titled "Harrington Block" today.

The Northern Pass project would destroy the opportunity for our future
generations to enjoy & become stewards of our mountains, rivers,
and lakes. The Northern Pass would create environmental harm, economic
loss for small businesses & threaten tourism. Our state should not be
Name: Katherine Harrington Segal Town/City: Exeter & Lisbon Signature: Katherine Harrington Segal
responsible for powering Massachusetts & Connecticut & such devastating loss.

Opposing
 VT DEC 17

As a citizen of New Hampshire, I am opposing the Northern Pass project because:

Our areas in Northern NH depends on people who want to see the country the way it was years ago. We live without all the gadgets we had in Boston but we didn't need them or miss them. The upheaval these towers will bring to our state will devastate our tourism as well as its natural beauty. NH does not need or want huge towers to block our views or to kill off wildlife that we cherish. We chose to move here for its beauty & stress free life. All we gave up was high stress jobs & making more money than needed. Towers will devastate our tourism & natural beauty. We do not need or want huge towers to block views & kill wildlife. Power distributors & TPs with old fashion ways. We cannot sell out to a "for profit" organization who only cares about the bottom line and short term job creation.

Sugar Hill and appreciate what tourists value as our rustic, pristine
and natural attraction (mountains, streams, lakes, extended vistas),
I have travelled North to Montreal to see steel transmission
towers in view. What a scar to the open view! Whether
120' towers or under ground lines, all corridors from Stewartstown
to Deerfield are lush with forest, wildlife, waterways and should
remain untouched, unmoved, free as they are so beautiful
and key to the tourists attraction and spiritual well being of
the community supporting these lands. NO TOWERS!!

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

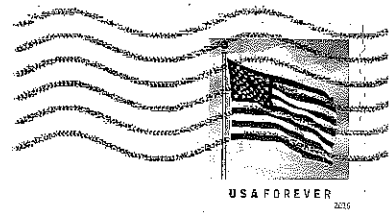

*it would really destroy our landscape, tourist industry,
 law for small business,
 it would be so ugly
 rates would go up - ask anyone living in Canada
 how they like their electric rates -
 I'm totally opposed to this bad idea
 I will not vote for Summers again if he
 allows this - and I'm sure a lot of people will too!*

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

- We do not need the power
- NEPOOL does not need the power
- Other new sources are better thought-out and supported
- Northern Pass is no more than an extension cord for southern NE markets
- NP is all about Hydro Quebec and Enbridge making money, period
- NP's main support comes from people who stand to make money from it
- NP's scars, whether overhead or buried, would mar New Hampshire's scenery
- NP is not needed, wanted, nor "green" - look at spoiled Canadian waterheds

Northern Pass Citizens Petition - Opposing ^(To the SEC) How can we

trust you to represent NH if you can't show up on time for a public site visit? Shame on you!

As a citizen of New Hampshire, I am opposing the Northern Pass project because:

This project is 100 percent ill-conceived and not needed!

For seven years (7!) Eversource, Hydro-Quebec and the SEC have been shown repeatedly why this Canadian project should not be permitted. NH does not need the electricity (we export excess). The design is destructive to our environment and property values, and placement in town ROWs is erroneous, as designed. No means "No"! NECPK exists now. Use that alignment or go away. NO to NPT!

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

The wilderness area it will impact is already shrinking - New Hampshire is being developed. We need to ensure that animals and birds have large areas of land to themselves. The pipeline will disturb their habitat, pollute it, and destroy the pristine landscape. New Hampshire residents pay for building and operation, but don't use the energy from it. Also the number of jobs created will not necessarily impact the area and long term job numbers have been exaggerated. Bad deal for NH!

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

Northern Pass would decrease the quality of life for me and my family. We enjoy the natural beauty of Coos County where we've lived for many generations. An ugly wound like Northern Pass is not acceptable and not necessary.

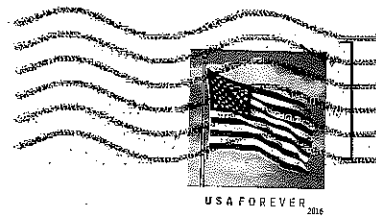

Northern Pass has been acting inappropriately from the get go. They have been on peoples private property illegally. They've spread false information. They have and continue to buy their way into this. Why would anyone do business with a company that is not trust worthy?

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

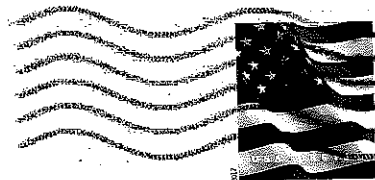

1. N.H. Citizens will NOT benefit from any electric power, it all goes SOUTH.
2. NORTHERN PASS TOWERS WILL BE A SCAR ON THE FACE & BEAUTY OF N. H.
3. N.H. PAYS THE HIGHEST ELECTRIC RATES NOW, WE WILL NOT GET DOWNTOWN.
4. LOOK AT THE TOWN OF GROTON. WHAT DID THE WINDMILLS DO FOR THEM. NOTHING!!
5. IT IS GOOD FOR MASSACHUSETTS, NEW YORK, CONN. NOT NEW HAMPSHIRE.
6. THE AVERAGE PERSON THINKS IT WILL BE GOOD FOR N.H. BUT THEY DON'T HAVE A CLUE.
STOP IT NOW BEFORE ITS TOO LATE. PROTECT NEW HAMPSHIRE.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: Besides spoiling
Rustic landscape, with towers, there is no need for this power.
I think greed fuels this drive. N.H. would get the
damage & other states would benefit. I am a land owner
on the Allentown-Deepfield line that they want to
further desecrate. Imagine what this greed drives,
look at the land they ruined by dams & such, in Canada.
Why is Canada letting this happen? AS EAR AS putting people
to work, once towers & lines are up (by their own crews) ^{its} see you ^{later} suckers

Northern Pass Citizens Petition

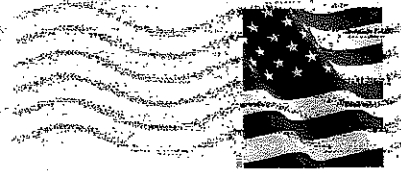

As a citizen of New Hampshire, I am opposing the Northern Pass project because: As a lifelong

resident of the North Country, it is dear to me that it would be unwise
to allow Enbridge to permanently sever our landscape so that their stock-
holders can profit from cheap energy from Canada. Why do we want to
ruin our land so that cheap energy can be sold to southern New
England for the profit of a private CT based corporation. If we allow
this project to move forward then I fear that we have lost our NH
way. If Enbridge really wants this project then tell them to
BURY THE LINES!!!

Northern Pass Citizens Petition – Opposing

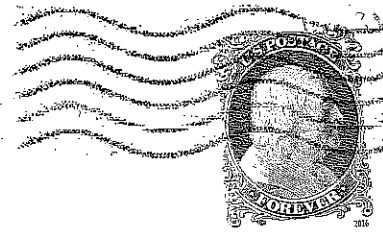

As a citizen of New Hampshire, I am opposing the Northern Pass project because: of the loss
of NH scenic beauty, economic effect on
tourism and negative financial effect
to the businesses in Plymouth, NH. I was
in Quebec last week and saw the towers they
are huge. NH doesn't need the power that
would be created but we would lose many of our
beautiful vistas and small business owners
would suffer unfairly. Hydro Quebec can bury the
lines if it's so important to them
^{existing right-of-way}

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: This project pays no regard to our local citizens & neighbors. This foolish proposal will run mega power lines within feet of our elementary school & childrens center, our elderly facility, our town where we all gather & right through our rivers and streams. No one can state with any certainty that there will not be any negative repercussions. This is a project that will literally and spiritually destroy Main street. This proposal will totally rip up our town for at least two consecutive tourist seasons. This assault on our local economy will far outweigh any short term employment that this project will support. IF the State of NH needs money, raise the tolls.
No Northern Pass

As a citizen of New Hampshire, I am opposing the Northern Pass project because: irrevocable scar
on the landscape of New Hampshire.

Most noticeably the impact that the towers and (buried line areas) would
have on the landscape.

The impact visually will then ripple down to our tourism industry:
folks travel to NH and spend time in NH because it is visually

"pristine" with no real reminders of urban sprawl and grid infrastructure

If we begin ~~infrastructure~~ infrastructure of this nature NH will lose visitors thus

reducing economic revenue from tourism and hobbling our state's economy.
Real estate price will go down in areas of the towers. ~~Adversely businesses~~ The residents
of NH will not receive any benefit - it will only be negative effects for our lovely
State.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, we are ~~I am~~ opposing the Northern Pass project because:

The line must
~~be~~ buried for its length through the state. A
buried high quality line will serve the shippers and the
people for generations. An above-ground line will
destroy the scenery and the environment and what makes
our state so special. Either bury the line or transport
the power to southern New England through some other state.

Northern Pass Citizens Petition - Opposing

As ~~a~~ citizen^{we are} of New Hampshire, ~~I am~~ opposing the Northern Pass project because: The best thing NH has is its
nature, beauty, peace & clean environment and the destructive construction and permanent obliteration
of gorgeous natural scenery would be a travesty - to the state, to its citizens, and to its visitors.
The "benefit", especially to NH, of this godawful proposed project is almost zero and any jobs
and marginal electrical provisions would be short-lived, while the VGH blight would be
permanent. The people most affected, us citizens & taxpayers, should have the largest say
in aboying any proposal to ruin our lives as we know them, not CEOs, well-paid
engineers & spokespersons, who care about the bottom line and their back yards, not ours.
No wonder they changed their name from PUBLIC-SERVICE-NH, because they obviously
could care less about us & our state. This project doesn't need to happen but they're
imposing it on us because it's the cheapest way to put it in their pockets. We saw the

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: I am a former resident

of the North Country and love the gentle hills & majestic mountains throughout the area. Constructing such an abomination as the proposed

Northern Pass will do nothing to enhance the North Country landscape, and in fact, will do inestimable damage to the towns, trees, animals and people who live along the proposed route. Once something like this is done, it can take decades, if ever, to restore what has been taken away and destroyed.

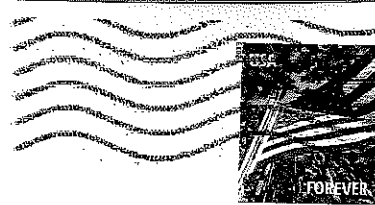

Our landscape is our inheritance, and the legacy we leave to those who come after us. Is the Northern Pass, the colossus marching across hills, rivers, roads, passing by farms and homes, truly the legacy we wish to leave our children, our grandchildren? And for what? The people of the North Country and all the others along the proposed route should not be sold down the river.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: Unnecessarily,
unnecessary. Better we go ahead with clean
energy like wind power and tides. Too much
of New Hampshire is suffering from uncontrolled
growth and pollution. The North is still
pristine and should stay that way!

Rushed Petition 03301-494990

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

It will be detriment to tourism which NH deserves much of its revenue. The towers & cables will intrude into the wildlife habitat and destroy scenic areas where they will exist.

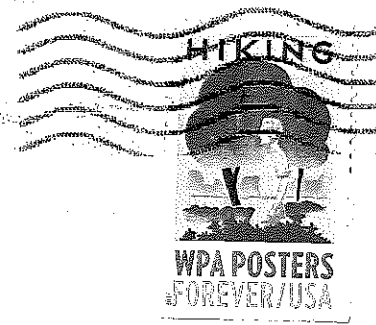

Why do NH residents have to experience this destruction of our wooded areas & render unsightly what is now scenic delight enjoyed by so many visitors & citizens. All of these plans will not benefit our state so is totally unnecessary for us to accomodate others.

65% of N.H. are out of stns. who came here for the natural beauty of the st. No sense staying, if its same as lower New England.
As a citizen of New Hampshire, I am opposing the Northern Pass project because:

- ① It destroys the environment
- ② It acts as a conduit to lower New England States
- ③ It will ruin property values.
- ④ It shouldn't be built in the 1st place "as a private entity" acting on town easements.
- ⑤ It will NOT save \$ on electric bills in N.H.
Its all hype! AND N.H doesn't NEED it!
- ⑥ Its turning NH into lower New England with grotesque eyesores.
- ⑦ Loss to Businesses.
- ⑧ Will hurt Tourism.
- ⑨ Doubt very much if well lower rates.

I feel this is a political quick-fix which is extremely short-sighted & det-
As a citizen of New Hampshire, I am opposing the Northern Pass project because: rimental to our economy.
The visual impact of the towers will negatively affect tourism,
land value, land owners appreciation of their own environment.
This line doesn't benefit NH citizens - why not put it underground?
if at all. Our biggest industry is tourism, based upon our beau-
tiful landscape - why ^{would} we knowingly jeopardize this asset?
I feel very strongly that if an effort & money is put to it,
NH can come up w/ clean, environmentally friendly sources of
energy which can help the local economy such as local solar.
This system may soon be outdated & thank of the mess it's created.

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

1. The power would come from Canada, and the money would flow back to Canada.
 We should not be dependant on another country for electricity.
2. It will have a negative impact on the environment.
3. It will benefit Mass but not N.H. Any jobs would be temporary and then the workers will be un-employed.
4. It is an antiquated system. Blown Box, graftline tech is far superior.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: ^{proposed} IT IS based
on old, out-dated technology, is non-scalable, controlled
by a Foreign Sovereignty and does NOT benefit NH
residents. NH residents bear the negative costs of
the proposed project. IT IS NOT A public utility
benefiting NH but is attempting to operate as such.
When Southern New England needs this power most
Hydro Quebec will provide power to Quebec residents FIRST
and then to Northern Pass. This proposed project has a net
Negative effect on NH and does NOTHING to reduce our power
demands or cost.

8/2/17

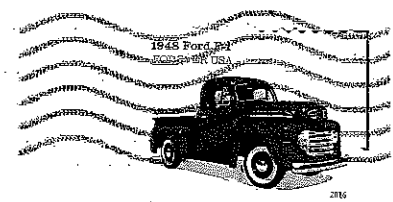

As a citizen of New Hampshire, I am opposing the Northern Pass project because: My family has
dealt with power line problems since the early
1950's, all amicably resolved before. Eversource became
involved, constantly breaking agreements about screening
(cutting down trees they had planted) and destroying the
privacy of a retirement cabin in the woods by a
frog pond. As a Selectman I was witness to their yearly
tax abatement requests, despite always claiming nothing
but benefits from their "improvements" but never following
through on noise abatement at the substation. Only benefits
are for Eversource, never the customer base or landowners,

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

ME, VT, & NY welcomes the megawatts, just bury the lines, so NH, a property tax state, becomes the easy pickings, again. Offer huge money for properties or leases and/or large reductions in your electric light bill. Oh yes, your electric bill will plummet. (Trick me once!) The minuscule wattage staying in NH will be negligible while the massive amount goes to the lower states. (Big money there).

- And furthermore, just drive around the state and view the miles and miles of power lines scaring our landscape already. They have been around for 50-75 years and counting. Now those are like a scar from a knife cut versus an open heart surgery scar for over 100 miles through the heart of NH. (Fool me twice!)

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: It will
detrimentally hurt my home value as well as the
pleasure I enjoy of my landscape - I don't believe
the project will provide real long term jobs. Instead,
it will overall harm our economy as tourism
depends on the beauty of an environment. Also it is
unproven whether this will have bad health impacts.
And finally, the technology will be outdated by the time it
could be implemented. No upside for NH residents!

Northern Pass Citizens Petition - DEPOSIT

As a citizen of New Hampshire, I am opposing the Northern Pass project because: I am the owner of a small family business in Coös County that relies on tourist dollars and our seasonal families. After losing our paper mill + Logging jobs here in Coös County all we have left is the natural, unspoiled scenic beauty. The towers will forever ruin our vistas and again another livelihood of the people here will be stripped away. We are the poorest county in NH. We have nothing else to fall back on. We, here in Coös County, will not benefit from these power lines at all.

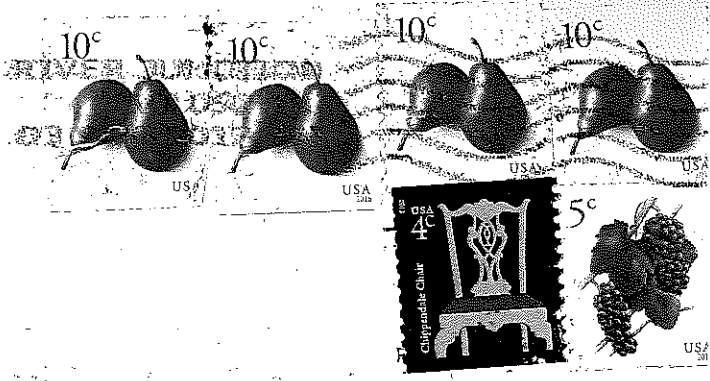

This is a clear case of greed and Big Business taking what they want with no regard to the people that will live with it day in + day out.

Shame on the state government for even considering that this is a good option for our state and its people!

I am totally against the Rape + Pillage of the most beautiful place on earth.

Northern Pass Citizens Petition – Opposing

Untitled

I am a legal immigrant and naturalized American. I care very much for this country, and feel strongly about preserving the environment and natural habitats for the wild life. I practice conservatism on a daily basis: I walk as much as possible instead of driving, therefore cutting back on pollution, gas, etc. I recycle as much as possible; am constantly aware of using as little water and electricity, etc. as possible. I take care of my country as much as possible, and I expect our Government to do the same for the country. I strongly believe that more education in the schools and social media, in the way of love for this country's environment, natural habitation, etc. is the best way of educating our future generation. This is just a few of the reasons why I am against the Northern Pass.

THE NORTHERN PASS PROJECT DOES NOT
GIVE FREE ELECTRICITY TO NH RESIDENTS
FOR THE "RIGHT" TO BUILD HUGE TOWERS ACROSS
THEIR PROPERTIES. IT HAS NOT BEGUN TO BUILD,
BUT, HAS ALREADY DESTROYED NUMEROUS NH
RESIDENTS, PUT THEM IN BANKRUPTCY AND
MADE THEIR LAND WORTHLESS. NORTHERN
PASS VERBIAGE IS ALL LIES AND NOT WORTHY OF NH LAND.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: Northern Pass is

utter destruction to our natural beauty, destruction to our homes, destruction
to our well water and destruction to wildlife.

These awful towers and electrical lines
to give Ma. and Connecticut electricity at our expense is ridiculous. To cut
this ugly swath through our state is inconceivable.

we will lose our tourism
industry. After travelling for hours and miles, nobody wants to see a "New Jersey
Turnpike" cut through our beautiful and small state. Please don't destroy N.H. and my hometown!

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: 1) NH does not need

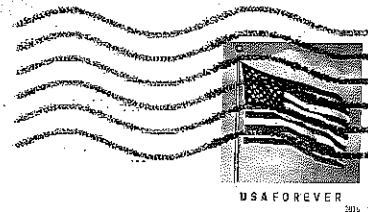

this project 2) Power is NOT green - methane produced by millions of acres flooded in Canada produces methane amounts similar to a coal fired plant 3) Tax benefits from project will be offset by diminished property values, and Eversource is currently fighting taxes it owes to towns. 4) Investment in locally produced green energy will likely be diminished by investing in NP foreign power. 5) Devalued property due to significant visual impacts as the right of way is effectively expanded, many trees removed, many poles relocated & unacceptably new NP towers added.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: I do not want more than 1,000 transmission and powerlines to drape across New Hampshire well above the natural tree line, 132 miles of overhead line, 40 miles of new ROW, towers up to 160 feet too near existing neighborhoods, or proposed burial along inappropriate roads. In 1999 I purchased a 40-acre farm in Hill, NH. I love New Hampshire. I went to UNH in Durham Class of 1974 and was an active member of the Outing Club. The main reason people live in NH and/or visit is because of the beauty and majesty of God's creation. I want to take a stand to conserve and protect NH's forests, communities, scenic beauty and way of life.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: ① it is not necessary for NH! ② it will leave a scar down NH + affect tourism north of the Notches ③ Really?! burying it down on little 2 lane state roads with trees, houses, fire departments, water lines very close to the road is STUPID. The only reason for the route is GREED + expected rental income of "rights of way" It is "old technology" other routes are being developed + under construction BURYING them all the way. Route 93 is the answer. Please, SEC, don't let this happen

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: I live in a senior
Mobil home park in Dalton. We are ± 300 yards from the current
power lines. The proposed Northern Pass will be on 2 sides of our
park. It would be dropping the value of our homes immensely.
Please don't do this to us.

There are many reasons to oppose the Northern Pass project: environmental harm, economic loss for small businesses, threats to tourism and New Hampshire's natural beauty, the cost to ratepayers, the huge towers, our state serving as an extension cord to power Massachusetts and Connecticut.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: the negative impact of towers, widened ROWs, potentially dangerous high voltage power lines (and their correlation to higher incidences of cancer), obliteration and/or obstruction of NH landscapes and lowered property values, loss of real estate revenues, etc., SEVERELY OUTWEIGHT the possible benefit of NP's proposed project. Don't even get me going on the problem of dams + re-routed rivers + displaced indigenous peoples all associated with HYDROPOWER from CANADA.

As a citizen of New Hampshire, I am opposing the Northern Pass project because: it will have
no benefit for New Hampshire. Any jobs created
will be temporary construction jobs. Hunters will
lose hundreds of acres of land to hunt on, wild life will
lose even more habitat to live in and the towers
are just plain ugly and will detract from our
beautiful North Country landscape. Say NO to
the Northern Pass!

Name: Carl Crowley Sr. Town/City: Berlin NH Signature: Carl Crowley Sr.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: the project

represents corporate profits ^{of \$1505} and negative long term impacts to NH

① overhead Electric Transmission lines reduce property values of those within eyesight.
this increases RE taxes for the rest of the properties

② Any taxes paid by the power lines are short lived - 20 year accelerated depreciation schedules.

③ A buried line down rte 3 and the interstate would avoid negative impacts to NH - yet they refuse

④ I have not heard a price of electricity they will charge to our southern neighbors.

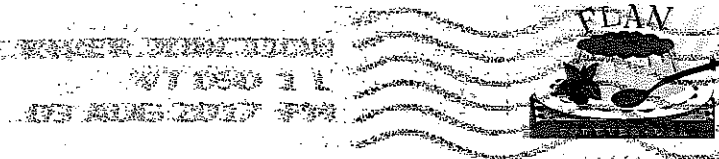

⑤ This represents a conduit for exporting American \$ to I would rather see renewable energy projects in NH that will provide economic benefit over the long term.

Northern Pass Citizens Petition - Opposing

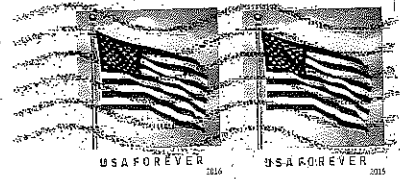

As a citizen of New Hampshire, I am opposing the Northern Pass project because: N.H will gain nothing
from it except scarred landscape, & huge ugly towers. The power
the northern pass moves isn't even for N.H use. Don't let
them shove this down our throats! We don't want the
Northern Pass! We are already MA & CT's playground, we don't
need to be a power source too. STOP the Northern Pass!

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because:

The unsightly towers that are proposed for the Northern Pass project will directly and adversely affect our small business. In 1968 we planted 4000 Christmas trees and now have 10,000 trees in the ground and the second generation is proudly taking over the management.

Our farm is just a stones throw from the huge proposed tower site. Families come from many states to enjoy nature at its finest and pick out their Christmas tree. Towers will destroy the natural beauty and hurt tourism.

~~OPPOSING~~
PROJECT

Northern NH lives and survives on it's beauty and wilderness and animals
NH lets other states shop & visit here, don't obstruct our beautiful state with your huge towers and wires

As a citizen of New Hampshire, I am opposing the Northern Pass project because: *There are many many*

reasons why I'm against the Northern Pass project.

Me and my husband were both born and have lived in

NH for over 60 years. We've had 6 children who

also live in NH. It has been a tradition to go

visit the "White Mountain" region every year! The

weather didn't stop us, if it was raining, snowing, or sunny!

It's always beautiful, wonderful people, welcome & help you if need

be. We now have 25 Grandchildren & 7 Great-Grandchildren and

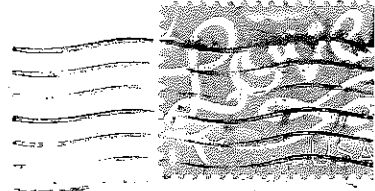

they should see how beautiful and prosperous our state is while

growing up. The old Man of the Mountain fell on my & 2 of my Grand-

Childrens Birthdays May 3, 2003. We Love NH - Like it is, Now! DON'T CHANGE IT! PLEASE!!

3. Will cause economic harm to tourism and property values.
4. Will result in a huge disruption to the town of Franconia and surrounding communities.
5. May permanently prevent Franconia from installing a municipal sewer system.
6. It is completely unnecessary - New England doesn't need this kind of energy.
7. If Quebec should not be rewarded for destroying a massive and pristine river to generate this electricity.
8. Permitting this project is civically irresponsible.
9. This project privatizes the profits and socializes the costs which is unacceptable in our democracy.

Northern Pass Citizens Petition - ~~Opposing~~

As a citizen of New Hampshire, I am opposing the Northern Pass project because: I am currently
an "almost" abutter to the previous DC line done by these folks in my town
It is unsightly and the negative ionization it emits is not good for living
things. It travels with the wind and gets worse as the weather
deteriorates the lines.* NH gains little and pays too big a price, especially
here in the north country.

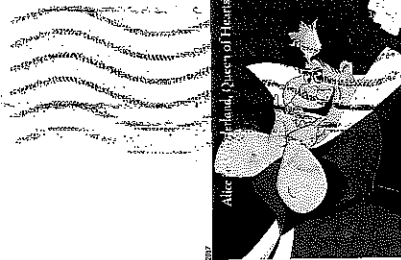

* "60 Minutes" did a piece some 30 years ago on a similar line in the
midwest and the effects on farm animals, You can look it up!!

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

The transmission lines should be buried for the entire length of their transition through the State of New Hampshire. It is too bad that profit and financial inconvenience to the power company is driving their push to keep the majority of the line above ground. If it were not going through the White Mountain National Forest, the company would be pushing to keep the entire line above ground. The new towers and lines will be an eyesore to the environment, and one only has to drive to Quebec near the St. Lawrence River to see how bad these transmission lines really look in a scenic setting.

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

Negative visual impacting on the natural beauty of forest, mountains, lakes

Negative impact on:

Tourism

Value of personal property

Environmental

HV direct current produces ozone which is toxic to humans, trees, plants, and animals. That is one reason the towers are so high and are getting higher than originally proposed.

Requires clear cutting of large tracts for a right-of-way for the towering towers; with all the well-known negative aspects/effects/impacts of clear cutting

A dangerous precedent to a basic freedom by taking private property/land by eminent domain for a commercial profit making enterprise without clear need or benefit to the public good.

WE NEW HAMPSHIRE RESIDENTS DON'T NEED IT!

Thank you for the opportunity to express my views.

As a citizen of New Hampshire, I am opposing the Northern Pass project because: AS A LIFE LONG
N.H. RESIDENT, I AM OPPOSED TO NORTHERN PASS AS
PROPOSED. NH NATURAL BEATY IS UNSURPASSED AND A
PRIMARY ECONOMIC ENGINE FOR OUR STATE. PLEASE DO
NOT JEOPARDIZE THIS MAGNIFICANT ASSET AND
REQUIRE NORTHERN PASS TO BURY THE ENTIRE LINE.
THIS WOULD AFFECT N.P. BOTTOM LINE BUT THEY STILL WILL
MAKE MONEY, SOUTHERN N.E. WILL GET ANOTHER DEPENDABLE
POWER SOURCE AND OUR BEAUTIFUL STATE WILL NOT BE
TRASHED. THANK YOU

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: I believe there are better energy options available than Northern Pass. Northern Pass appears to be costly in many ways - including financially and environmentally. It would also be a visual blight on the state of NH. Northern Pass is an ill-conceived ^{and poorly designed} project.

SINCERELY,

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: there are
better alternatives that will not mar the scenic
beauty of our state. New Hampshire should have a
comprehensive plan for new energy infrastructure
to make sure we protect our natural resources
and unique scenic attributes.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

1. The towers will be an eyesore and reduce the number of tourists in the north country
2. The electric rate for NH customers of Eversource will not be reduced.
3. Eversource has a bad track record of stupid projects, like the nuclear plant that ratepayers are still paying for.

Northern Pass Citizens Petition - Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: IT WILL MAR
THE BEAUTY OF OUR VERY SCENIC STATE.

I VENTURE TO SAY THAT ALL THE MONEY
SPENT BY THE PROPONANTS COULD HAVE BEEN
BETTER SPENT BURYING THE LINES.

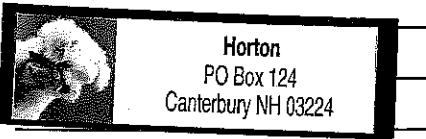

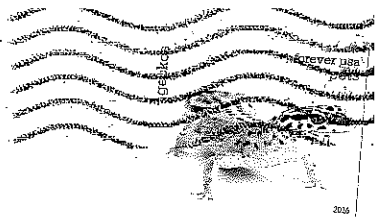

YOU COULD POSSIBLY HAVE A LITTLE LEFT
OVER. INSTEAD OF BUYING TRACTS OF LAND
MAYBE A CHEAPER WAY WAS TO PURCHASE
ONLY ENOUGH LAND AND RIGHT OF WAY TO BURY IT.

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

- it will provide little to no economic benefit in terms of lower electric rates
- the towers will spoil the natural beauty of NH, which is one of NH's biggest assets economically (tourism) and in terms of quality of life
- some of the tallest towers would be in my town - (Concord). UGH!

Northern Pass Citizens Petition – Opposing

As a citizen of New Hampshire, I am opposing the Northern Pass project because: _____

I have heard of No benefit to or for N.H.
 I don't believe that the results of more "pawes" will justify the scars left on the land.
 The white Mountains are already scarred with ski areas, trying to repurpose those areas by reseeding with grass only changes the color of the scar. Much like putting a tattoo over a scar on your body.
 That is a feeble attempt to justify any loss of our naturally beautiful habitat.

Put it all underground! It would be out of the elements... out of sight... easier to maintain.
 Initial costs would be high but in the long run, it could be used for other uses. Communications.
