**Subject:** Northern Pass

I am a resident of Canterbury, NH and have lived in the state since 1974. I am very strongly opposed to the Northern Pass plan. My hope is that it never happen. If approved, I would insist it be fully buried.

NH has attracted visitors because of its scenic beauty which would suffer irreparable harm if the extremely high unsightly towers were permitted. Tourism provides much needed income to so many residents. People visit here looking for our iconic mountains, lakes, unspoiled spaces.

Permitting Northern Pass will only provide limited short term employment , will not offer this state energy and will leave us with a severe blight.

Tourists are likely to prefer to go elsewhere. The state currently has a problem attracting, keeping talented young people. We lack enough jobs in many lucrative fields. Our state population is growing older. By maintaining our scenic beauty, we can help attract people to visit and move here; people who love to hike in our unspoiled mountains, fish in our rivers,etc. We should do all we can to maintain our states natural beauty.

Please reject Northern Pass!

Thank you,

Olivia Henry
