As a citizen of New Hampshire, I am opposing the Northern Pass project because it will greatly affect the economic loss for small businesses that are doing so much better now that we have all the ATV ride the wilds trails. I also see signs on some of the trails that will go away because of the Northern Pass. This will take away trails for us to lose that over the years have been so much fun.

The Great North Woods has such beautiful scenery that will get destroyed by this project. Let along that the construction company is trying to take over some land to park construction vehicles right at the entrance of our camp ground, Rudy's Cabins and Camp ground.

I am greatly opposed of this... it will destroy our beautiful north country that is already suffering from economic losses over the recent years and Ride the Wilds as helped them a lot and now you want to take that away too.
