Dear Pamela Monroe,

As a resident of New Hampshire I hope the SEC will reject Northern Pass's certificate.

Eversource and Hydro Quebec have both said they aren't paying for the project which raises the question whether either of the companies have the financial capability to build and operate this \$1.6 billion project. The transmission towers and lines are going to have a horrible effect on the landscape, historic sites, and the environment in New Hampshire. The transmission line also will not serve our state, as it merely passes through New Hampshire.

I hope the committee will reject this project's certificate to prevent it from harming our state.

We DO NOT need anymore ugly giant windmills in our beautiful state. They are an eyesore, and it takes away the beauty of our nature scape.

2 huge companies are stating they will NOT fund the project, SO GIVE IT UP. PLEASE LEAVE NH ALONE.

NO NORTHERN PASS.

Thank you.

Sincerely,
Stephanie Chandler
