Dear Pamela Monroe,

Dear Pamela,

As a resident of New Hampshire, I hope the SEC will reject Northern Pass's certificate.

I love the landscape of New Hampshire, love hiking around my home, and respect the wildlife all around. I've spent all the summers of my childhood in Thornton and have the deepest admiration for all that New Hampshire is. The transmission towers and lines from the Northern Pass are going to have a horrible effect on the landscape, historic sites, and the environment that I love so much. The transmission line also will not serve our state, as it merely passes through New Hampshire. I hope you'll reject this project also as a landmark example of protecting the environment over protecting corporate interests.

I hope you, and the committee will reject this project's certificate to prevent it from harming our state.

Thank you.

Sincerely,  
Sabrina Movitz
