Dear Pamela Monroe,

As a resident of New Hampshire I am Strongly opposed to the Northern pass and I hope the SEC will reject Northern Pass's certificate.

Eversource and Hydro Quebec have both said they aren't paying for the project which raises the question whether either of the companies have the financial capability to build and operate this \$1.6 billion project. The transmission towers and lines are going to have a horrible effect on the landscape, historic sites, and the environment in New Hampshire. The transmission line also will not serve our state, as it merely passes through New Hampshire, ruining it.

I hope the committee will reject this project's certificate to prevent it from harming our state.

Thank you.

Sincerely,  
mr chris murphy
