Dear Pamela Monroe,

As a resident of New Hampshire I hope the SEC will reject the Northern Pass proposal.

The northern half of New Hampshire is a BEAUTIFUL part of this country and should be preserved as such. Our main source of income is tourism and the disruption of Northern Pass will definitely disrupt that. Many thousand people come up here every year to enjoy the peace and beauty of the mountains. The Northern Pass will not benefit any of our New Hampshire citizens, just disrupt our gorgeous part of the country.

I hope the committee will prevent Northern Pass from destroying the beauty of our state.

Thank you.

Sincerely,
Jean Goehlen
