Dear Pamela Monroe,

As a resident of Deerfield New Hampshire I sincerely request that thee SEC reject Northern Pass's certificate.

The transmission towers and SUBSTATION is going to have a devistating effect on the property values and rural vista in our lovely Town of Derrfield New Hampshire. The transmission will scar our landscape as it passes through New Hampshire to neighboring states.

I ask that the committee reject this project's certificate in order to prevent from savaging our neighborhoods. Some of my neighbors will be extremely harmed, if you do not put a stop to this.

Thank you for your consideration of this serious matter.

Sincerely,
Linda McNair-Perry
