Dear Pamela Monroe,

Please allow my voice to be heard and considered.....I adamantly am opposed to the np. Some things cannot be replaced, such as the pristine beauty of our state that would be forever marred with the towers.. It is too high a price to pay. Nature is a priceless fragile thing that once disrupted could be irreversibly ruined. I can picture money flowing thru the lines/towers to other states, not NH. The np is not progress for NH. It would be moving us backward.....indicate to us that our small voices are being heard.....Say No

I hope the committee will reject this project's certificate to prevent it from harming our state.

Thank you for listening!

Sincerely,  
stephen egounis
