

## SEC COMMENTS COLLECTION

SECDocket	2015-06 Northern Pass Transmission - Eversource
CommenterName	Virginia Joslyn
CommenterCity	Concord
DateReceived	10-05-2017

### CommenterWords

The Northern Pass project benefits only private interests and is not in the interests of the people of NH or Concord. We should be putting all our resources into developing renewable energy sources. The towers of the Northern Pass will damage the environment, affect wildlife habitats and destroy the beauty of our state.
