Dear Pamela Monroe,

Northern Pass WILL take from New Hampshire and give little or nothing in return. The Linesmen will come from the union hall in Boston the same place the power is ALL going (homes dont use 480 plus voltage). The lines will destroy the land and even underground lines will have to have access points never mind the property that will be destroyed. There is no advantage for the people of New Hampshire only for some big business in another country and in Massachusetts not here in New Hampshire.

Sincerely,  
Richard Hinkson
