Ashland, NH 03217

October 6, 2017

Dear Pamela Monroe,

I oppose Northern Pass because the towers will cause visual blight at places of some of the most stunning natural resources in the nation. This project will negatively impact New Hampshire businesses with loss of tourism dollars and home values of residents near the towers will drop. This project provides no measurable benefit to the state & the huge ugly towers will be in place long after their productive time.

Please, please listen to the residents. No Northern Pass towers!

Sincerely,
Christina Weissbrod
