**Subject:** Do not support win-lose propositions... Northern Pass is horrible for New Hampshire

Northern Pass:

I will take your land and scourge it.

I will leave you with with a wound and profit from you.

I will get my way despite your cries of nay.

Governor Sununu:

I will give you land, I can go elsewhere.

I will get profit from you so the wound will not be to me.

I will give you your way as you have given me my pay.

Elizabeth Lachapelle:

No to the Northern Pass Project, to any other than sustainable business and projects in the state of New Hampshire
