**Subject:** Letter to Governor

Bernadette Fraser  
29 Park St  
Woodsville, NH 03785

October 11, 2017

Dear Pamela Monroe,

I do not understand why Northern Pass is still on the table especially with massive opposition to the project. I'm certain you, Governor, are fully aware of the negative impact Northern Pass will have on our State from landscapes to jeopardized businesses and tourism to wildlife and nature. In this world of 'whoever has the most toys/money wins', wouldn't it be a comforting feeling knowing you were part of keeping the New Hampshire's way of life as is? Why do we have to compete with anyone and cower down to big business and money? They are simply not all they're cracked up to be. Please be NH's voice for the good of our people and for OUR State. Keep NH real and honest. Please do the right thing and send Northern Pass away. Thank you for your time.

Please pass on this letter to Gov. Sununu as none of his email addresses work properly. Thanks.

Sincerely,  
Bernadette Fraser
