Dear Pamela Monroe,

I cannot imagine why anyone who lives in this great state would support this atrocity. The negative impact alone should be enough but apparently it's not. The citizens of NH do not have anything to benefit. Our electric bills will not go down, it will not create any long term new jobs but it WILL destroy our environment! It will negatively impact wildlife, it will go on privately owned lands and it is just plain ugly. I am sorry for the states that would benefit but as a tax paying citizen I am more concerned with my state! New Hampshire is recognized for its untouched majesty of our mountains, forests, rivers and lakes. It will certainly be horrible in Concord. I DO NOT WANT this visual atrocity that hurts our environment and benefits no one who lives here. PROTECT THE GRANITE STATE! No northern pass, not now, not ever.

Sincerely,
Patti Mullin
