Dear Pamela Monroe,

I have heard some in MA think there is no reistance to this project. That is lie I drive those woods when I visit my family & there is no way they could do this without destroying God's woods & the animals as well as the towns in the Norths it that part or the state. It would add extra scaring from the power lines cut into the hillsides so the it will not be good for the state. No on Norhern Pass. Please do not approve this

Sincerely,
