The Honorable Christopher T. Sununu  
Office of the Governor  
State House  
107 North Main Street  
Concord, NH 03301

The Honorable Joseph D. Kenney  
New Hampshire Executive Council  
State House, Room 207  
107 North Main Street, Concord, NH 03301

Dear Ms. Monroe and the entire New Hampshire Site Evaluation Committee, Governor Sununu,  
Councilor Kenney,

Subject: Our Opposition to Northern Pass

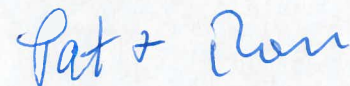

We are sitting here writing this letter and wondering why we even have to do this. We the people of northern New Hampshire have been against this project from the beginning. Hasn't anyone been listening? We don't want towers of up to 160 feet destroying our views and depreciating our property values. Put yourself in our shoes: If these towers were going up in your backyard how would you feel?

And the plan to bury transmission lines under Main Street in Plymouth is inappropriate, unnecessary, and ridiculous! This will affect downtown businesses drastically and the loss of revenue for some small businesses will even be fatal.

The SEC has the authority to say "no". Northern Pass is not wanted here. There is no benefit to New Hampshire residents and in some cases it is harmful, as stated above. WE, as citizens, do not have the resources to hire attorneys like Hydro-Quebec and Eversource, giving them an unfair advantage. PLEASE don't let them sway you! This is about New Hampshire. If southern New England wants electricity let them find another way. WE DON'T WANT IT!! How many times do all of you have to hear this before it sinks in?

Remember: once this happens we will not be able to reverse it and New Hampshire will never be the same.

Very Truly Yours,

Pat and Ron Robin  
PO Box 60  
Plymouth NH 03264
