

## SEC COMMENTS COLLECTION

SEC Docket	2015-06 Northern Pass Transmission - Eversource
Commenter Name	Christopher Schul
Commenter City	Ashland
Date Received	10-26-2017

### Commenter Words

Please stop the Northern Pass. It will affect the livelihood of my love ones and friends. We can't afford to have downtown Plymouth shut down for any period of time. This isn't good for business. Please listen to the people who actually live in NH. MA can find their own green energy source. They could have already had it if they didn't shut down their off shore wind project which the rich blocked.
