It's beyond my comprehension why SEC or any State of NH agency would allow 'experts' who are not from NH , to even be heard at any hearings or meetings regarding proposed changes to OUR State!! As a lifelong residen of New Hampshire, I foresee numerous lawsuits against Northern Pass, Eversource, SEC and Gov. Sununu (who should be kicked out office for even entertaining the thought of NP).

NP will never have my support and now neither will Chris Sununu, whom I have made a terrible mistake in supporting. Gov. Sununu will not win a second term as Governor or if he runs for Senate. New Hampshire considers Sununu a traitor to her people.
