Subject: Northern Pass

I could not be more SUPPORTIVE of the proposed N.P. Project! The ignorant propaganda dispensed by those who know absolutely nothing about Transmission Operations and Power Distribution, is absolutely STUNNING! Northern Pass could not be more beneficial in terms of its REGIONAL benefit, its efficiency, System reliability/reinforcement, infrastructure, attraction to industrial expansion, cost benefits and potential positive affects on rate structure.

As a retired utility associate with over 35 years of varied experience in Transmission operations, I remain in absolute disbelief on how much attention is being paid to a bunch of ignorant obstructionists! NORTHERN PASS>>>>>>>>>YES!!! and ASAP!!!!!!!!!!!!

Sincerely
