Subject: Northern Pass

There is no reason or need to destroy the state of New Hampshire for an energy project that benefits other states. Hydro-Quebec has no right to bring their unwanted, for-profit project through the mountains & towns of New Hampshire. Residents of New Hampshire DO have a right to keep the landscape, wilderness & wildlife of their state FREE from the blight of electrical towers & all the damage Northern Pass that would entail. New Hampshire says NO to Hydro-Qubec.
