Dear Pamela Monroe,

This project is indefensibly shortsighted and represents a DREADFUL environmental threat to the precious and irreplaceable landscape of this state! New Hampshire does NOT need such a project; and as a tax-paying resident of this beautiful state, I do NOT accept this project as having ANY benefit whatsoever. It is all about GREED and RISK.

It is my rightful expectation that you ACKNOWLEDGE the TREMENDOUS level of citizen OBJECTIONS to the project----and that you act accordingly by REFUSING it.

NO NORTHERN PASS!

Sincerely,
Jayne Chase
